

# Welcome to Reverse Speech

**ReverseSpeech**<sup>TM</sup>  
VOICES FROM THE UNCONSCIOUS

The Voice of the Spirit

If human speech is recorded and played backwards, extra messages can be heard amongst the gibberish.

These messages are unconscious in nature and reveal deeper parts of the psyche.

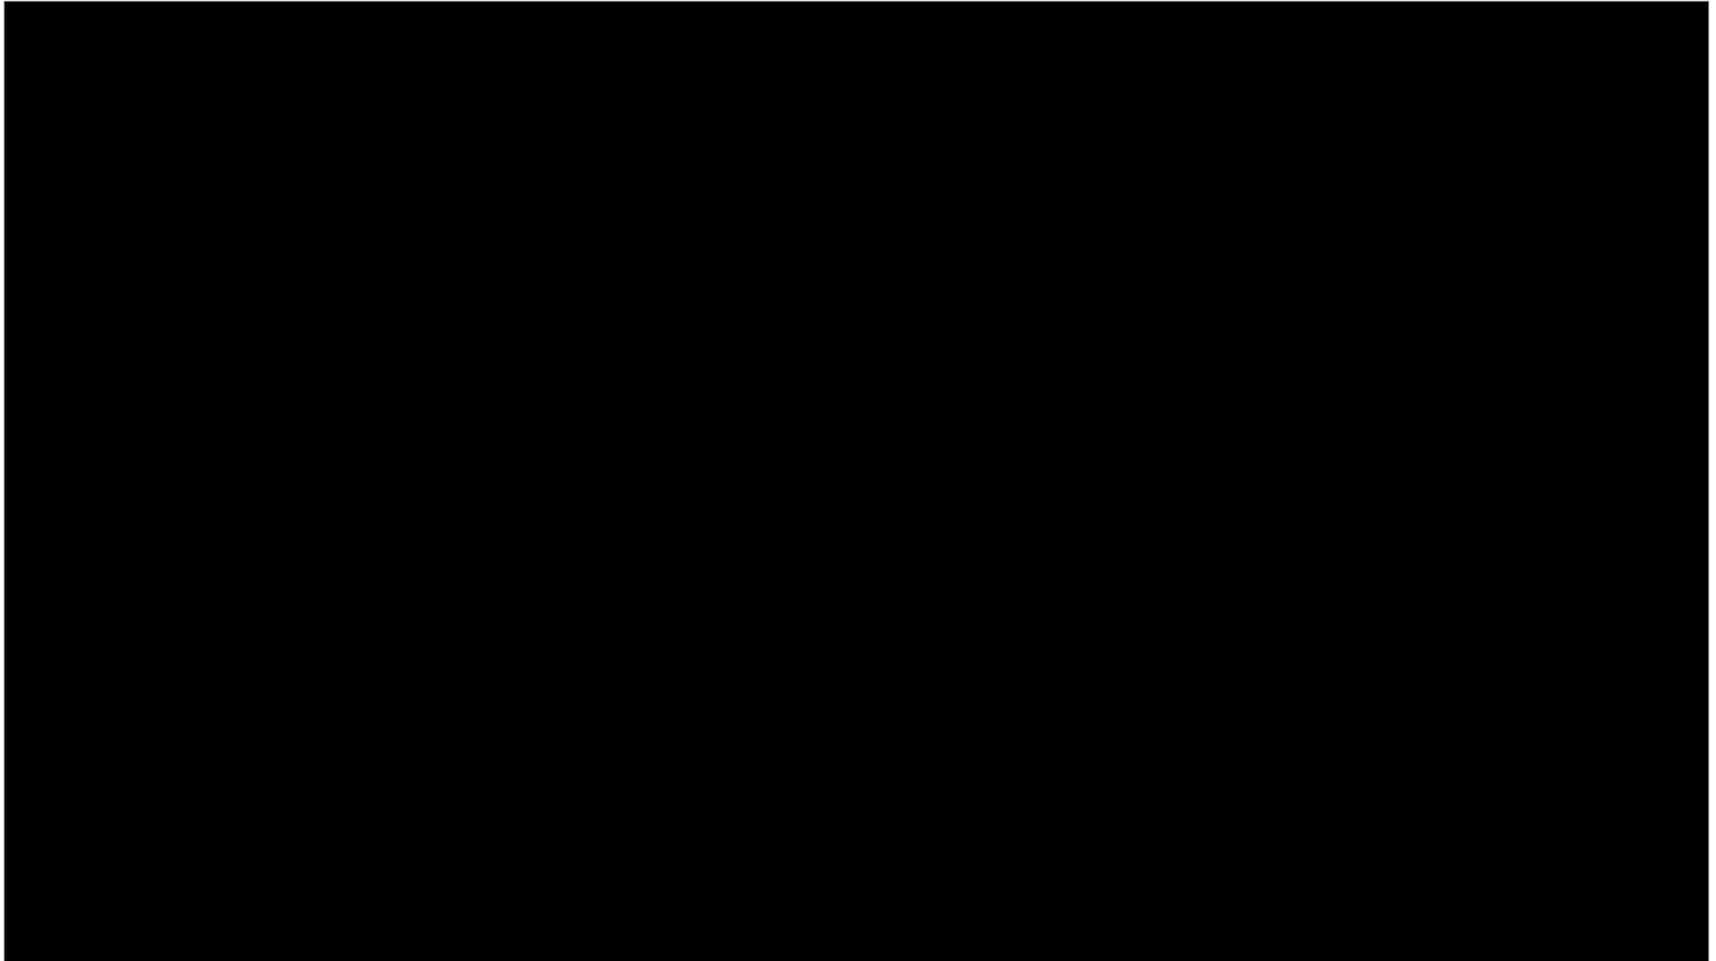

I propose these messages are indicative of another human sense, previously undiscovered.

I propose that language is bi-level, forwards and backwards.

What is heard in reverse is the other 95% of the psyche that is not conscious.

I call this phenomenon Reverse Speech.

Here is an example - Joe Biden July 2021

“You're not safe, Armageddon”

Joe Biden made this statement in July 2021

In October 2022 he stated it publicly warning America of a Nuclear  
Armageddon

This is an example of a Premonition reversal

Here is another Premonition reversal

# JFK's Inaugural address

“Head is hit in the car.”

# Here is a reversal that predicts the future Rudy Giuliani 2021

“Civil will fuck my ass soon.”

A month later, in a civil lawsuit,  
Rudy Giuliani's license to practice law  
in the state of New York was revoked.

We call this a future tense reversal.

Here we see Reverse Speech give a confession to a crime

“Jeff had to get murdered.”

This reversal shows knowledge that Jeffery Epstein was murdered, not suicide.

It also suggests Prince Andrew was involved in this plot.

Here is another confession to a crime  
Scott Peterson 2001

“Neck, I hit hard.”
