Tips and Techniques for the

Radionic Gardener

Why use Radionics on my Garden?

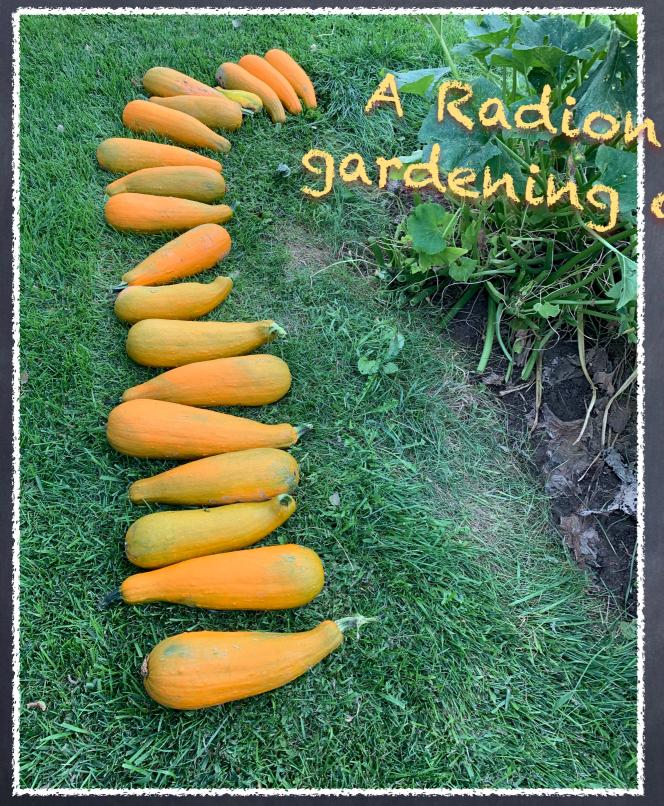

It has helped me

- o Develop a sense of "natural law"
- Know where (and what) my food began (\$\pm\$ contains).
- o Increases my health and vitality
- o Gives me Self reliance
- o Respect and appreciation
- o Gratitude

If you want the very best nutrition, for yourself and your family use your knowledge of radionics to tune the subtle fields of your soil and plants.

The taste is amazing!
The experience brings JOY!

How do I (you) Start? working on your Garden?

with your soil?

with your seeds?

Notes from class

- o Focus on the positive
- a Honor the Life-form
- o Develop observation skills
- o Practice Watch-care (stewardship)
- Keep things moving
 (by nudging them radionically)

Notes from class Soil Techniques

- o Vital, balanced soil is alive
- e Living soil grows livingificodmost important
- @ Microbes work 24/7 (to keep your soil active)
- o Balance is most important
- Remember the microydahnates tune.

 It's ionic gases feed the plants

Learn to observe the thelmsalpport them cycles ... radionically

Notes from class Seed Techniques
