| 14:14:38 | Penney M | Speakers are hard to hear because of echo and reverberation. |
| 14:14:36 | USPA | Welcome everyone, thank you for coming today!! Please support USPA and our |

| 14:43:23 | Nora R: | Can chat be turned on so, we can chat with individuals rather than everyone? |
| 14:45:25 | USPA | where chat says everyoneclick and scroll to who you wish to greet |
| 14:47:13 | Nora R: | Thank you - |
| 14:47:13 | Christopher | What is the title of the paper that you recently found showing the mind affecting the |
| 14.31.41 | P | "clocks" of dna that you referred to? |
| 14:53:44 | USPA | Please write questions for Glen and Annaliese here in the Chat box. Dan Taylor will |
| 14.33.44 | USFA | read and ask the speakers, after they have finished!!! |
| 14:57:33 | Mirto F | Dear Glen, did you use any scalar device to help Annaliese? |
| 15:01:22 | | |
| 13:01:22 | Christopher P | More generally, could you provide a list of the important scientific papers that have |
| 15:17:07 | USPA | been pivotoal for this lecture? Please enjoy all Mastersclasses in the Members Only area at psychotronics.org |

| 15:24:59 | Anna B | Is this possible to reprogram our morphogenic field by the quantum devices such as |
| 15:27:39 | USPA | AO scan? It's a question to everyone;)your opinion. Q when you talk about healing with LOVE, what are some other terms |
| 13.27.39 | USPA | |
| 15:30:24 | Kathryn H | researchers use or people may use rather than LOVE Given the extreme sensitivity of DNA to external energy, is it possible to heal when |
| 13.30.24 | Kaun yn 11 | living in an environment with high levels of 5G wireless radiation which is known to |
| | | damage DNA? |
| 15:30:29 | USPA | Other Questions? Let us thanks our wonderful speakers!!!! |
| 15:31:59 | Beatrice : | Thank you both! Is there any research done on Macular Degeneration? |
| 15:32:06 | | Wonderful |
| 15:32:08 | Mirto F | Dear Glen, did you use any scalar device to help Annaliese? |
| 15:32:41 | MH: | The website doesn't appear to work for me |
| 15:35:53 | Mirto F | Thank you for the answer |
| 15:36:15 | Rena G | `Thank you to everyone involved in creating this webinar, especially the speakers. |
| 15:39:25 | Jill v | A most fascinating study and background by Annaliese. Greatly appreciated. Thanks |
| 13.37.43 | J111 V | to all involved in organising this. I'm doing DNA research on a spiritual level and |
| | | this all resonates completely Thanks from South Africa |
| 15:40:27 | Leonard K: | GlenI believe that one's brain or consciousness generates scalar energy. Have |
| 13.70.27 | Leonard IX. | you studied this concept? |
| 15:42:50 | Carlos P | Can you define more precisely what is meant by imagery? What is the difference |
| 13.72.30 | Carios i | with Visualization? |
| 15:42:52 | Leonard K: | Negative energy causes rouleaux formation in one's body. With the laser that I have |
| 13.72.32 | Leonard IX. | developed, the rouleaux formation can be reversed in seconds. |
| 15:43:24 | Beverly | Please provide a reference to your work Leonard Knell |
| 13.73.27 | Rubik: | Thease provide a reference to your work Leonard Knell |
| | KUUIK. | |

| 15:43:55 | Anna B | Is morphogenic field the same as scaler energy? Can we measure and influence on it |
|----------|------------|--|
| | | by device? |
| 15:43:58 | Leonard K: | www.lifeshieldlaser.com |
| 15:45:11 | Carlos P | The idea of thinking that the body has a mind of its own. Even that each part (organ |
| | | or system) also has its own mind, even each cell. If we "accept" this idea, can't we |
| | | address these minds to heal ourselves? |
| 15:46:03 | Mirto F | Are visions associated to the holonomic brain theory of Pribram? What do you |
| | | think? |
| 15:47:51 | AK: | WHO is Rupert? |
| 15:47:58 | Nora R: | Is any known research being done on what may be blocking humans from healing |
| | | themselves besides the 'not knowing' if the mind is the antenna? |
| 15:48:37 | Julian N | @AK, https://www.sheldrake.org/ |
| 15:50:02 | Leonard K: | Check out the blood study on the websitelifeshieldlaser.com. Negative energy |
| | | directed from a microwave to water caused rouleaux formation ins subject's body |
| | | which was immediately reversed by shining the laser into the remaining water which |
| | | he then drank. |
| 15:52:54 | Leonard K: | Wound healing is dramatically increased. Plant growth is also dramatically affected. |
| 15:55:30 | Mirto F | Thank you very much for the answer, very appreciated! |
| 15:56:16 | Beverly C | Master Yoga teachers teach each organ/gland as its own consciousness that we can |
| | | speak to. |
| 15:56:36 | Mirto F | ALBERT ABRAMS |
| 15:57:03 | Mirto F | GALEN HYERONIMUS |
| 15:57:30 | Beverly C | Thank you both for your presentations |
| 15:57:43 | Beverly | Great work, Glen! |

| 15:59:57 | Jed S | Thank you! |
| 16:00:03 | Becky D | Thanks to you both, awesome presentations! |
