1:04:41	USPA	Question go here in the Chat!
1:04:43	Libby R:	The videos and remote viewing sessions that have been published are mostly about negative beings. Are you seeing any positive beings, and what are they doing? They must be doing something to help and assist humans, but what is that?

1:21:55	Libby R:	I have seen that “flash fossilization” (fossilization that happens in seconds) has happened about 7 times in Earth’s history. Have you seen anything like this in your sessions? Also see MontanaMegaliths.com for this, too.

1:33:59	Michael S:	Was an attack from space the cause of the “Great Flood”?
1:35:46	Evan P.	How do you make sure These are not insects or plant material you are recording?
1:36:04	Savannah G:	There can be unidentified flying objects without extraterrestrials though. Like the just CIA or something with tech they haven’t told us about
1:36:32	LeRoy B:	Courtney, thank you very much for a fantastic presentation! I appreciate your history of Farsight, again very interesting.
1:36:45	Gayle N:	😊
1:41:29	Charlie B:	Please tell us about what they’ve learned about the ET agenda.
1:42:10	Charlie B:	Are ET’s preparing for some kind of global disclosure?
1:42:32	Charlie B:	Are ET’s willing to share some of their energy propulsion technology with us?
1:44:05	Theresa V:	Awesome information! Thank you
1:44:06	Kathleen D:	I was legally blind and as a 50 year old had cataract surgery and lenses put in my eyes and able to see better than most. I never forget when I got my eyes fixed that I could see for the first time in my life.

1:53:50	Carlos P:	The Panasonic GH6 offers 75 fps but the Sony RX 100 Mark V offers 960 fps for half the price...
1:55:39	Jimmer P:	Sorry, I have to leave the room. Great information. Thanks

1:56:36	Evan P.	How do you know "Harvey" belongs to the "good ETs"?

1:57:22	Ermion P:	Do you still train people on remote viewing?
1:58:27	Carlos P:	I was not expecting this kind of information, really surprising... a lot. If they do such a study on the history of mankind, it would be nice if they would try to provide not only a retelling of the facts but also, as far as possible, evidence of it
2:00:14	Evan P.	How do you know "Harvey" belongs to the "good ETs"? Channeling is not Remote viewing. RV is supposed to be blind. How do you know who "Harvey" really is?

2:04:06	Evan P.	How do the "good ETs" help the general public?

2:05:23	Charlie B:	Might the "good ETs" be willing to share advanced energy-related technology to help us combat climate change?
2:05:24	Gene G:	Wasn't there a release of UFO info under the freedom of information act, a few months ago?
2:09:57	Michael S:	have you remote viewed Skin Walker Ranch?
2:10:35	Kathleen D:	I also know what you said about Atlantas to be true!
2:13:27	Michael T:	Im shadow banned for my psychokinetic weather modification work lol it sucks
2:15:55	Janet L.M:	In my meditation the other day, I asked if there was any Being who would like to join me and I was surprised a male ET clad in a tight-fitting sapphire blue suit with an insignia on his uniform that looked like 2 lotus petals opposite each other with an intense blue lighted gem in the middle. Wow! Is this a way these positive ETs get permission to help us? Courtney - thanks for an amazing presentation.
2:17:35	Charlie B:	Would the good ET's be willing to share advanced energy info to help slow climate change?
