1:32:36	Karl K:	Jerry, what do you make of astral projection? I met an old lady in Brazil who until the age of 16 did not even realize that other people do not astral project. She gave up this "sport" after a spiritual master told her this is not the purpose of her incarnation. So she only did charity, though she remained otherwise intriguingly gifted. She even noticed the presence of ETs when sitting in a beam I used to treat her for her serious lung condition.
