

Masterclass #25 Chat with Dan Winter – First Names

0:33:06	AK:	Please put that in the chat!
0:28:34	Andrew V	thanks Dan!
2:13:27	Andrew V	much gratitude! thanks all!
1:10:42	Brent R.:	Thank you for having me! Dan is brilliant!
1:55:50	Brent R.:	Question: Within the Montauk Project a gradient field was used to create time slip experiments. what are your thoughts on this subject? Also, Dr .Bearden speaks about using scalar energy to time reverse the HIV virus. Being that Covid has four HIV inserts, healing with this type energy may necessary aside from the therapeutics. Your feedback is most appreciated. Brent
2:09:49	Brent R.:	When I used to speak to the late Dr.Patrick Flanagan, he had spoke about you highly. Him and I used debate about many things including the Schumann resonance. I believe the this resonance is being blanketed by all the fields being created.
2:09:58	Brent R.:	do you have solution?
2:13:09	Brent R.:	Thank you!
1:33:32	Chris P	Where could we find more information about the physics and mathematical derivation of these conclusions and wide range of subjects?
1:43:17	Chris P	Do you have to be on a node point for the effects you are describing to occur? or can the node point be designed and constructed?
2:00:31	Chris P	where can we get the flame and sound bnaural?
2:08:42	Chris P	Can antigravity effects also be created?
0:52:57	Chris P	Many links are mentioned in the lecture and i'm not able to write them all down. Could we get a list of these after the lecture?
2:11:54	Clinton L	Dan Winter and Glenn Rein on the same zoomcast. 😊👍 ROCK STARS!

1:33:38	Darren S.	Thank you for this brilliant work
0:46:48	Ed K, Ph.D.:	Theraphi catalyzing Lucid dreaming? Any research on this effect - or just anecdotal?
1:57:41	Ed K, Ph.D.:	In your talk your mentioned that both his Theraphi device and a Flame-In-Mind hemi-sync audio program can greatly facilitate lucid dreaming.First, do you have any research on this, or does this basically seem based on an anecdotal reports?
1:58:00	Ed K, Ph.D.:	Second with to the hemi-sync programs, which ones have had these effects?
1:59:38	Ed K, Ph.D.:	P.S. This may interest some of you: <a href="https://www.academia.edu/45417890/Beyond_the_Matrix_A_Lucid_Dreaming_Workshop">https://www.academia.edu/45417890/Beyond_the_Matrix_A_Lucid_Dreaming_Workshop</a>

0:49:07	Eileen B	Schaubergers structured water ...
1:29:35	Eileen B	omg.
1:38:30	Eileen B	QUESTION: Dan, what does the Egyptian DJED represent? (re: stability)
1:46:49	Eileen B	QUESTION: Dan, what is the shape of DNA? I heard yesterday, DNA is NOT a spiral.
1:50:13	Eileen B	QUESTION: How do nano particles via injection, influence fields?
1:53:46	Eileen B	QUESTION: Fullerenes. Does SHUNGITE facilitate ... um, intelligence?
1:54:50	Eileen B	QUESTION: Please speak to quorum sensing or ImmUNITY?
2:01:36	Eileen B	QUESTION: How do psychedelics play into plasma physics?
2:03:22	Eileen B	QUESTION: Eileen McKusic uses tuning forks to balance the biofield. Any comments?
2:03:53	Eileen B	QUESTION: Please speak to quorum sensing or ImmUNITY?
2:13:22	Eileen B	Thank you!
2:11:48	James S	Holograms (thoughts) are interference patterns.
2:08:22	Jaya F	Thank you very much for this! Extremely interesting and extremely hopeful for our future, especially the part about reversing GMOs. Intuitively felt this was going to be something I should listen to today and I learned a lot (simply as a layperson with an interest). I liked hearing the explanation for remote viewing (and much, much more of course) which made a lot of sense to me. Greatest respect for your work. Fascinating. Thank you very much again!! God bless.
1:06:15	Joanie S	Please mute microphoes
1:50:56	Libby R	Eileen, I see that DNA in a test tube (the only way the shape can be studied) is a static image, but the reality in a cell is that it is always very dynamic, moving and changing shape constantly.
2:08:36	Richard S	Most wonderful Daniel. Much gratitude, blessings & blissings.
1:32:18	Sami C	Thanks Dan 🙌🙌 hello every one. Sami
