2. Missing User Manuals for Marcel Vogel's Omega 1, 2, 3, 4, and 5 Instruments

In the 1980's and early 1990's, Marcel Vogel produced a series of radionics devices with the name "Omega". There were at least five models of Omega devices, beginning with Omega-1 in 1987. Each of these devices had a user's manual or instruction sheets, but the USPA Library does not have copies of any of these.

Does anyone have a copy of a user manual or user instruction sheets for any of the Omega models, especially #4 or # 5, or know someone who might have a copy? If so, please write to the USPA Librarian and Archivist, John Reed at: joreed43@gmail.com.

If you have one of the manuals or instruction sheets, but wish to keep it, please make a xerox copy, scan, and send it to John at the above email address. If you wish to have the physical copy preserved in the USPA Library, please let John know, so that shipping arrangements can be made. All shipping costs will be paid for by the USPA Librarian.

3. Missing Newsletters of USPA Chapters. This is a tough one.

The USPA national organization started in the late 1970's, and over the years, at least 25 local chapters were formed. Some, but not all, of these chapters published newsletter telling about the activities of the local chapter.

The USPA Library is attempting to identify all of the chapters that published newsletters, and to obtain copies of all issues of the chapter newsletters that were ever published. We only have a few issues of such newsletters in the USPA Library, from such chapters as the Eugene Chapter in Eugene, Oregon; the Phoenix

Chapter in Yellow Springs, Ohio; the Zenith Chapter in Cleveland, Ohio; the Northern California chapter in Yuba City, CA, and the New York City Chapter.

If you have copies of any USPA chapter newsletters, please write to the USPA Librarian and Archivist, John Reed at: joreed43@gmail.com. If you have issues of chapter newsletters, but wish to keep them, please make a xerox copy, scan, and send it to John at the above email address. If you wish to have the physical copies preserved in the USPA Library, please let John know, so that shipping arrangements can be made. All shipping costs will be paid for by the USPA Librarian.
