## New Year's Greetings from USPA President, Jon Klimo

Dear USPA members and friends,

It has been very difficult the past almost 3 years getting used to what's left of me after three successive strokes. Right now, I'm trying to orally dictate what I'm saying to you. I wrote a few books that way a few years ago, so I should be able to get back in the hang of this as I progress.

Luckily, I have incurred no cognitive deficits from these strokes. I feel clear as ever. And with the dictation aspect, I should be able to get around my deficit with regard to speaking and writing. I am still wheelchair-bound, still being largely dysfunctional with the right side of my body. Though I know it's not very funny, but I find myself telling people, "don't ever have a stroke." Of course one never wants to have one and its repercussions, but I say it nonetheless, because I really mean it. Don't ever have your own stroke, based on the way I have had to experience mine.

I'm trying to figure out how I can forward a book I wrote to Gail to publish parts of it in the newsletter. Between us so far, we are pretty klutzy at trying to figure it out. But who knows, maybe with the dictation system built into my iPad, I'll be able to say a lot to you overtime without having to type out every letter of every word, as I've been reduced to doing for the past three years.

Gee, because of the nature of dictation, I really feel like I'm talking to you all right now, so I really look forward to talking with you all a lot more in the near future as your USPA president. As long as I can continue to leave the month-to-month, nitty-gritty, USPA labors to Scott Beutlich and others, I can limit myself to these sporadic episodes of talking to you. Some of this can be very thoughtful and even, heaven forbid, intellectual. I look forward to all of it.

I am going to want to hear from you about your thoughts and experiences, with psychotronics and Radionics especially.

I am forever indebted to Scott for all he does for the USPA. He really holds things together and deserves all our thanks for this. I am also beholden to Dan Taylor for his fine mind and all he does to be part of the glue that holds Things together. Gail you deserve our special thanks also, the secret sauce that holds this place together as well. So, thank you thank you thank you, Scott, Daniel, and Gail!

For the rest of you, I look forward to being more interactive with you as your president.

Happy New Year,  
Jon Klimo

Jerry's Presentation:**

Embark on an exhilarating journey into the heart of radionics, where the ultimate instrument of influence is unveiled as the human body itself. This groundbreaking exploration, steeped in the wisdom of pioneers like Jerry Wills, challenges long-standing beliefs and reveals a radical yet compelling perspective: the true power of radionics emanates not from complex devices, but from the dynamic energy within us.

#### About Jerry

**From Jerry:** For as long as I remember I've seen and felt what I call life force essence around living things. During my early years I had no idea others were unaware of this. After many scoldings, I learned to keep my intuitive flashes and comments to myself.

Growing up on a remote farm in Kentucky provided many years of isolation from the rest of the world. During my teen years I started to better understand how energy moves through all living things – plant, animal, and human. Eventually, my abilities progressed to where I was able to help myself and others if they allowed it.

### Section III CURRENT EVENTS

**Saturday, January 13, 2024, 2:00 pm CT** Jerry Wills will present USPA Masterclass #50, “The Human Body: The Quintessential Radionics Conductor”

**Click this Link** to attend the Masterclass; Share the link with friends!

**Please Note: this starts 1 hour later than we normally do, 2:00 pm central time.**

#### About this Masterclass

“The Human Body: The Quintessential Radionics Conductor” repositions the human body as a sophisticated, unparalleled radionics instrument – a tool exquisitely fine-tuned by nature, capable of extraordinary feats when aligned with the power of focused intent. Here, the enigma of radionics is unraveled, revealing that the true efficacy of this practice lies within the innate capabilities of the practitioner.

This exploration is more than theoretical; it’s a practical guide to unlocking and harnessing the incredible power that resides within each of us. Through Jerry Wills’ groundbreaking demonstration and the insights it provided, combined with the understanding that radionics devices are but a means to an end, we embark on a journey of self-evolution. It’s a testament to the immense potential we hold and the remarkable achievements possible through the art of focused awareness and energy manipulation, where we evolve to become the ultimate radionics conductors ourselves.

#### About Jerry Wills

From Jerry’s Website:

“For as long as I remember I’ve seen and felt what I call life force essence around living things. During my early years I had no idea others were unaware of this. After many scoldings, I learned to keep my intuitive flashes and comments to myself.

Growing up on a remote farm in Kentucky provided many years of isolation from the rest of the world. During my teen years I started to better understand how energy moves through all living things – plant, animal, and human. Eventually, my abilities progressed to where I was able to help myself, and others if they allowed it.

Like many young people I eventually wandered into organized religion right after high school. During the spring of 1973 found myself fully engaged in exploring my belief system as compared to those of others. It was quickly evident to those I connected with that I had a gift for healing. Within a short time I found myself providing this as a “ministry” within a group of spiritualist evangelicals who recognized my gift as welcome evidence of God’s presence. During the following year I learned valuable lessons about myself, God, and my connection to the Divine. My gift only asks me to love, and be true to myself. However, the church demanded more than I was willing to sacrifice (a haircut, stop smoking, drinking beer, listening to rock & roll). It was about a year later I decided their demands were too narrow for my views on life. My gift worked just fine before their rules were given, and no better because of them. Much to their dismay I walked away never to return.

Nearly ten years later I had moved to Phoenix from central Kentucky. I worked as an electronics design and installation engineer for a local company. It wasn’t a great job, but it was employment. My last job assignment was to install a communications system control center I designed and built. It was to be securely placed at the top of an airplane hangar. Things were about to go very badly for me.

Within the last few minutes of this installation, the platform buckled under the weight of the equipment. I fell a very long distance down to the cement floor. The date was November 11th at 11 am 1981. It was sometime during the fall, or perhaps just after I hit the floor that I experienced a near-death episode that seemed to last for several minutes. During the experience, I was shown how I had wasted my life with useless time spent on selfish endeavors. Afterward I heard a voice I cannot forget. This “person” told me I had a second chance and must return. It was at that point I was shown what my potential role in helping others would be if I allowed my gift to fully mature. Thanks to another healer

blessed with a similar gift I was encouraged to open up to those who needed help. I was for perhaps the first time upon my path to help others. At the time I didn't realize it would be nearly 20 years more before my abilities would be accepted and recognized.

You never know when you might be called upon to help someone and the event changes your life as well as theirs. This was the case in early 1998.

A friend called me to help a severely injured man who lay hopelessly in a coma following an industrial accident. The medical community had completely exhausted their attempts to help Steve.

According to hospital records, there was no hope he would ever regain consciousness. To complicate matters, there were serious infections which had further deteriorated his condition. His medical benefits exhausted, it was suggested his life support be terminated.

Desperate for a miracle, his wife contacted me through a mutual friend. Until this time it was the only way I could be contacted – referrals from those who knew me. When I arrived to the hospice I found this man lying on his back, tubes and monitors attached to various areas of the body and head. Entering my state (that's what I called it...) I looked into the spiritual; realm. There, I found him asleep deep within his body. Tired and afraid, he had gone deeply into a coma not wanting to be aware of the activity around him.

Placing my hands upon him I saw the problems and how to repair them – this is always how the process occurs. Everyone was shocked when he slowly awoke from this terminal coma within moments of working on him. Looking around the room I saw nurses and doctors rushing in, a wife sobbing with relief, and a good friend with tears in his eyes as he gazed once again into the face of a friend he thought was lost. I silently turned away and left this behind. My work was finished; another life – another person – helped.

Another year goes by, and many more people come and go. One day I received a call about this healing. The person at the other end of the line was Rod Haberer who would eventually become a close friend. Rod asked me if I would object to a news story done about myself and the healing that had occurred. Of course, I felt it would be fine, not thinking much of the incident. I had seen so many miracles before. To me this was just another instance of God's presence. Within a week the story was brought to public attention after FOX TV aired the segment. The near death man spoke to the camera with determined conviction of his experience. The news was out, and the requests for help started pouring in from locations worldwide. During the last 12 years FOX News has continued to cover my work and those I have helped. Visit the Video Testimonial page to watch.

I enjoy this work. My greatest rewards come from seeing the faces of clients and their families once they realize the problem (or symptoms) have vanished. To date I have assisted in what many consider miracles. The blind have been brought from darkness, the near dead have returned to health, and those thought to be terminally ill have recovered their lives. I have seen so many folks with cancer, AID's and long confusing lists of medical conditions described in eloquent terms only doctors understand. These to me are miracles, a validation God exists....

Yes, there are those who simply do not believe this is possible. There is no way to really explain how this works when using conventional terms. How is it possible that cancer, a broken limb, or chronic condition goes from distress to normal in an instant? How is it possible that such an unlikely person as myself seems to be the one manifesting these seemingly miraculous events? I am not a saint, or even religious. I have made many mistakes, have many regrets and though I strive to do good; I sometimes falter at the worst times. In a nutshell, I'm not much different than you reading this. Yet something seems to have been provided me that few, if any, have ever experienced. I can't explain it any more than most can understand it. Yet, I and others have seen these events thousands of times. Each time I am as astonished as those present, whether they are the attending doctors, the family or friends, or my client. I can't "prove" what I do works, nor am I interested to try. I simply do my best and leave the details to a higher power I have come to call God." <https://jerrywills.com/>

## Section IV - In Case You Missed This:

On December 9, 2023, Marty Lucas presented the 49<sup>th</sup> free USPA Masterclass on Zoom; "Balancing the Elementary Particles; an experiment in Radionics."

### About this Masterclass:

Marty told us, "We routinely balance all sorts of things in standard radionic work; everything from vitamins and minerals to emotions and Chakras. But we rarely go deeper than the atoms themselves. So, what happens when we balance the very building blocks of matter?"

In radionics we don't need particle accelerators. We have rates. Then when we balance, we can see what else changes.

Follow one of my recent experiments doing just that. Learn what readings change and explore what that may mean is happening. I will be the first to admit that my work is still in its infancy. But I will also admit that results speak for themselves."

### About Marty Lucas

Marty Lucas is a long-time radionic practitioner, teacher and consultant. He continues to be on the cutting edge of practical radionic research. His reagents are used around the world by his students, clients, and colleagues. His free weekly radionic Zoom classes draw international attendance.

He is a former USPA Board Member and a former president of the American Society of Dowsters. He owns a small organic farm in SE Iowa and is a retired Army Officer.

From time to time I am sent, or come across interesting articles or videos that I believe might interest readers of the USPA Newsletter. Rather than spend the rest of my life contacting people and asking if I might republish their article, I will simply post the links and a few words (mine) to share these things.

IF YOU found an interesting article or video, PLEASE send it to me and I will post it in this section with your name as contributor.

**Dan Taylor offered this article: "Beyond Healing: Dr. Darren Starwynn's Vision for Collective Transformation"**

Darren is one of our past Master Class presenters, and sponsors, and we're pleased to direct you to this article: <https://thelosangelestribune.com/2023/12/31/beyond-healing-dr-darren-starwynns-vision-for-collective-transformation/>

Known as a healer of healers and teacher of teachers, Dr. Darren Starwynn, OMD, followed a fascinating path to his present-day spiritual healing ministry. Dr. Starwynn traveled to India after high school to study under a spiritual master. Upon his return to the US in 1982, he began acupuncture training in Florida. A professor introduced him to microcurrent technology; he quickly recognized its potential for pain relief. Starwynn began collaborating with engineers, eventually developing the Acutron in 1988, which is still used for pain relief today.

**Dan Taylor also offered this video. “Preparing for Disclosure: Live Stream Event with Daniel Sheehan”**

[It is unknown how long this video will be available. From Jeffrey Mishlove’s YouTube channel New Thinking Allowed with Jeffrey Mishlove.] <https://www.youtube.com/watch?v=5vtAk8WVhHM>

Daniel Sheehan is author of The People's Advocate: The Life and Legal History of America's Most Fearless Public Interest Lawyer. For the last half century he has been involved in some of the most famous public legal cases (such as the New York Times publication of the Pentagon Papers). During the period, he has also been active in the community seeking public disclosure of government secrets regarding UFOs – and has also provided legal representation for public figures in the UFO field, such as Dr. John Mack at Harvard University. He is founder of the New Paradigm Institute. His website is <https://newparadigmproject.org>. Those in the video are Jeffrey Mishlove, Emmy Vadnais, Daniel Sheehan and Christopher Naughton.

**PMH Atwater is “At it Again.” She is Writing a New Book!**

She is an example for us all; she is 87 and just sold her next book, a work in progress. She is asking for help from folks who might email her about specific unique experiences.

PMH said: “We know there are a number of you, who may know somebody who can help in this research. I just sold my next book to Inner Traditions. Still doing research for it. Must be done by May 1. Title at this point is ALIENS AND THE NEAR-DEATH EXPERIENCE. I am looking for anyone who, during their near-death experience or within the first year afterward, had an alien experience of some type. Spread the word! “ Many thanks PMH. [pmh@pmhatwater.com](mailto:pmh@pmhatwater.com)”

**An Unusual Site of Hope and Insight-**

**There is a small, unusual website that we featured last year. It is called WINN, the acronym for “What Is Needed Now.” It is a statement, rather than a question. <https://winnpost.org/winn/>**

Celia Coates, the site manager says this.

“What is most needed now is to understand that reality is multidimensional. Understanding that changes our view of ourselves and the world around us. In our troubled times a new perspective on what is true and important will allow us to explore human potential and the good possibilities for life on Earth in a very necessary new way. WINN will expand your understanding with articles on what’s been discovered about the dimensions of both inner and outer reality through scientific experiments and personal explorations.”

One of the latest stories presented was by Carolyn Scripps, who worked as Elmer Green’s personal assistant during the last three years of his life (<https://www.elmergreenfoundation.org/>) and she helped process his rare transpersonal library and archives. Carolyn was with Elmer when he transitioned to the other side when he was almost 100 years old in 2017. It is a story of growing spiritually and conservation of knowledge and wisdom.

Maybe this should have been in the “list of links” above! I found it truly fascinating and the commentary by the video is food for thought. Anyway, here is the link to the video:

## Our Library is Your Library! Here is the ‘gps’ for the USPA [Library](#)

**Our Library Lion, John Reed now has his own room in the library.**

Click: [The John Reed Room](#)

As we have shared in previous newsletters, John has been collecting, hoarding, and preserving everything he can get his hands on relating to USPA, psychotronics and radionics since – well, since I don’t know when. As the collection grows, so does John’s frustration at not being able to “complete sets.”

He is hoping a “Publications Packrat” like him will have some of the things he is missing. He is creating a digital library by scanning every out of print book, series of newsletters and magazine articles that he can lay his hands on relevant to psychotronics, radionics and sister fields. As his database grows, he will share updates via this newsletter and our website.

**SPECIAL:** In the John Reed Room, you will find the first **twenty** Original USPA Newsletters.

**Please visit The John Reed Room** on line and see if you can help fill a void in John’s collections.

If you contribute an item to the USPA Library, you may choose a video of your choice from our shop.

## Section VII - USPA Publications: Proceedings and Journals are Digitized and available for purchase [in USPA Shop!!](#)

This month’s Featured Proceedings: 2011 (available for 19.99 [Click Here](#))

A number of months ago we featured the 1996 Table of Contents out of sequence because we had just recovered it and added it to our library. NOW the set is complete!

We present these tables of contents to give you an idea of the wide scope of topics covered in each volume. When they were originally sold at the conferences, they were big, bulky GBC bound tomes that probably caused some people’s luggage to be overweight! Now they are available in space saving pdf format, easy to download, store, peruse and to use for reference.

Here is this month’s feature Proceedings Table of Contents:

### What is USPA?

The United States Psychotronics Association (USPA) is a federally recognized, nonprofit 501(c)(3) organization founded in 1975 to serve as a focal point for scientific and technical exploration of the universe of esoteric, spiritual, and psychic arts in the United States of America.

The USPA has been hosting annual conferences for its membership since its formation and has featured countless individuals with cutting-edge viewpoints, research, or theories to share, allowing any interested persons to openly discuss their work.

### What is Psychotronics?

USPA defines psychotronics as the science of mind-body-environment relationships, an interdisciplinary science concerned with the interactions of matter, energy, and consciousness.

Psychotronics involves the study, research, and applications of the physics and technology of the mind, brain, spirit, consciousness, and the underlying forces of life and nature – hence the term “psychotronics.” A true understanding of the universe must include the spiritual as well as the technical. USPA provides an opportunity for amateur researchers to present their findings along with the professionals. USPA stresses research, with documentation of results, and practical applications, rather than personal experience and unsupported hypotheses

## **Section X - USPA Donors Recognition Page**

The USPA would like to give special recognition on a continuing basis to people who have made generous donations to the United States Psychotronics Association in past years.

This special “USPA Generous Donors Recognition Page” will be carried in each issue of the USPA Journal & Newsletter, and new names will be added as donations are received.

In addition, a number of radionics devices are discussed, such as the De La Warr Diagnostic Instrument. And very helpfully, the rates are provided for substances, body organs, and medical diseases and disorders. I very interesting interview of Christopher Bird, conducted by J.G. Gallimore is provided, as well as a discussion of Walter Russell and his research

|------------------------------------------------------------------|----------------------------|-----------------------------------------|-----------|

This book describes in depth the research and theories of J.G. Gallimore into the question of "parapsychology transmission" -the question of how such things as telepathy, remote viewing, ESP, and similar phenomena can physically occur.

He discusses the various emanations, radiations, and energy fields of all matter and life including the ancient Chinese energy called "chi" (qi), the ancient Indian's prana energy, Reichenbach's "odic force," Gurwitsch's "mitogenic radiation," Wilhelm Reich's orgone energy, and other subtle energies. He shows how all of these energies are similar, how they interact, and how they are related to gravity.

He also discusses crystals as transducers of these energies, and provides diagrams of devices that could potentially be used to harness or control these energies.

This book covers the visionary research and theories developed by J.G. Gallimore about anti-gravity, space, time, and biophysics. He discusses in depth the dimensions of space, time, and gravity, and new discoveries in each of these areas. In addition, he covers research being done on anti-gravity and then discusses anti-gravity patents that have been obtained.

He also discusses the intriguing concept of aura energy fields surrounding humans and other living things, and how extra-sensory perception (ESP) might be explained through biophysical principles.

This book is about psychotronics, radionics, electromagnetic fields and waves, psi-plasma, plasma fields, subtle energies, bio-electromagnetic energy, and other unusual energies emitted by living and non-living things. It also is about how living things interact with and are affected by these energies, which may enhance health or harm health.

The book covers the research of Wilhelm Reich on Orgone energy, of Baron Reichenback on the odic forces, as well as research done by Cazzamalli on brain radiations and Lakhovsky on using high frequency radiations to successfully treat cancer in humans. In addition, Lakhovsky used similar methods to enhance the growth of plants. Gallimore shows how these energies, forces, and fields are all inter-related and provides hypotheses and ideas on their possible unification.
