# WHAT IS PSYCHOTRONICS?

**Beverly Rubik, Ph.D.**  
**President, USPA**

Psychotronics originally referred to the mind (*psycho*) operating devices (*tron*) with thought. This term came out of parapsychology in the 1960s in Czechoslovakia. The early psychotronics researchers conceived of and built psychotronic generators—sacred geometrical forms composed of pyramids and cones along with crystals, copper coils, and other materials. Unlike most machines, these devices were “operator dependent”—having various effects depending upon the operator and the directed intention—and demonstrated positive effects on people, animals, plants, and processes.

Today our interests are more broadly based. The US Psychotronics Association (USPA) investigates and applies science and technology to interactions of mind, matter, spirit, consciousness, and the underlying forces of life and nature. Psychotronics challenges the dominant scientific worldview because it deals with the power of consciousness to interact directly with the physical world, which is not considered in mainstream science. However, numerous lines of scientific and other evidence point to severe limitations of the dominant paradigm, which holds that consciousness is only a passive observer. We are among those mavericks shaping the new worldview in which consciousness plays an active role in generating physical reality.

Our membership is quite diverse and fascinating. Some USPA members are frontier scientists conducting research on the effects of intention and subtle energy healing on systems such as structured water and its memory, plant growth, and the integrity of DNA. We are also concerned about the impact of electromagnetic pollution from the proliferation of wireless devices in our environment and how to protect ourselves. Other members are practitioners and teachers of radionics, using directed intention to assess and improve the well-being of living systems through the use of radionics devices, pendulums, and dowsing rods. Still others practice energy therapies ranging from hands-on healing to use of sound and light therapies, homeopathy, Oriental medicine, and other complementary modalities. Some members are skilled intuitives who can assess the biofield and subtle energy directly, without any tools. Still others are exploring psychotronics for personal growth and evolution. Despite our differences, we have much in common as we are all open-minded persons focused on expanding our understanding of nature, consciousness, and the full human potential. We enjoy camaraderie and sharing our new learning with one another.

One main focus of the USPA is the existence of a cosmic energy or bioenergy, also called *qi* in Oriental medicine and *prana* in Ayurveda—associated with the biofield

or life force. Energy may be mobilized with directed intention, which corresponds to the principle of ancient Eastern philosophy—“where mind goes, the *qi* flows.” Psychotronics devices may serve as resonators or conduits of a cosmic energy affecting living systems at a physical level. The biofield, the energy field of each organism, is also fundamental.

Is this cosmic energy an aspect of science that has somehow been overlooked, or a new form of energy? We are taking a deeper look at the science of Nikola Tesla, among other pioneering scientists, who have been largely ignored. We are also revisiting the “aether” in physics that was displaced by a materialistic worldview, but may actually be the quintessence underlying physical reality, and the etheric body in radionics, to expand the scientific perspective.

The theme of our 40<sup>th</sup> annual US Psychotronics Association conference is, “Mind, Matter, and Aether: Applications to Radionics.” Recently I had a conversation with Dr. Jeffrey Mishlove about the event, which he produced into a short video: <https://youtu.be/hR8APqBbgCg> Dr. Mishlove, a parapsychologist, who is also an invited speaker at our event, spoke with me about his upcoming presentation in another short video: <https://youtu.be/iWkRElpYTml> Our 2018 conference features 20 speakers, with more invited speakers than ever before and promises to be one of our best. All are welcome to attend. We look forward to seeing you there!

# Pioneer Researcher Dr. Gaston Naessens Passes at Age 94 – A Great Loss to Humanity

by Daniel Taylor and John H. Reed, M.D.

It is with great sadness that we report that Dr. Gaston Naessens passed away at the age of 94 on February 16, 2018. Dr. Naessens did pioneering biomedical research beginning in the 1940's in France, where he was born, and continued his research throughout his life, never really retiring.

His many achievements include, but are not limited to, the development of his somatid theory to explain the origin of many diseases not currently well understood; his research on pleomorphism; the development of a new, high powered light microscope, called the somatoscope, which could detect microscopic objects not visible to the highest powered conventional light microscopes; and perhaps most famously, the development of an inexpensive compound called 714-X, which has been used to treat cancer, AIDS, and other diseases, and is presently used in more than 50 countries, although it is banned for use in the United States by the FDA.

Because Dr. Naessens' research and developments went against the grain of conventional, mainstream medicine, he was persecuted beginning in France, his native country, and later in Quebec, Canada, where he had moved in the 1960's, ironically in hopes of finding more freedom to do his research. And this continued throughout his life. This persecution is detailed in Christopher Bird's best selling 1991 book: **The Persecution and Trial of Gaston Naessens: The True Story of the Efforts to Suppress an Alternative Treatment for Cancer, AIDS, and Other Immunologically Based Diseases.**

Also, ironically, although not well known, is that despite the opposition to and banning of 714-X by the FDA, it was Dr. Naessens' research on and development of this compound that led to the creation of the Office of Alternative Medicine (OAM) in US National Institutes of Health (NIH) in the early 1990's. The OAM has grown greatly since then, and is now known as the National Center for Complementary and Integrative Health (NCCIH) within NIH. The NIH is a branch of the US Department of Health and Human Services (DHHS) of which the FDA is also a branch.

What happened was this: According to several sources, US Iowa Congressman Berkley Bedell, who had access to the best care the United States could offer, was having no success with conventional cancer treatments in the US. So he sought treatment outside the US and was apparently treated successfully with 714-X. He was so upset that he did not have access to this and other alternative forms of treatment in the US, that he and colleague Senator Tom Harkin sponsored a bill which passed both houses of Congress and officially created the Office of Alternative Medicine within NIH, where research on alternative medicine of all kinds could be performed in the US.

Dr. Naessens' research also became relevant to psychotronics and the USPA, when the late Peter Kelly, of Interdimensional Sciences, and founding member of the USPA, travelled from his Dome laboratory in Lakemont, Georgia, to the Naessens Laboratory in Sherbrooke, Quebec. Peter and Marianne Keeler-Kelly were able to view all of the pleomorphic Somatid forms, using Dr. Naessens' specially designed microscope, and scan for the radionic rates for each one! Thankfully, these rates have been preserved by Kelly Research Technologies ( <http://kellyresearchtech.com/> ) and appear at the end of this article, courtesy of KRT. As a reminder, Somatid Forms 1, 2, and 3 should all read high (GV), and the remaining Forms 4-16 should all read low (Zero). These rates are appropriate for analysis as well as balancing, as indicated. This author has personally seen how relevant the Somatid forms are in cases of "sepsis," and can attest to the efficacy of these rates.

**We all owe Dr. Naessens a great debt of gratitude for his many contributions and unending struggles against the greatest of opposition, to provide mankind with treatments of cancer, aids, and other diseases afflicting humanity.**

Beverly Rubik earned her Ph.D. (biophysics) at University of California, Berkeley. She is internationally renowned for her research on the biofield and subtle energies and is president & founder of the Institute for Frontier Science, a nonprofit laboratory in Oakland, CA. She is also a professor, holistic health educator, and president elect of the USPA.

### **Overview of Psychotronics: Intention Meets Technology**

How psychotronics harnesses the power of intention to manifest the changes in the physical world and is at the cutting edge in exploring subtle energies and novel bio-signals.

### **Scott Beutlich**

Scott Beutlich taught High School Physics for 33 years. Scott's dad, Robert "Bob" Beutlich was one of the original members of the USPA. Scott attended his first USPA meeting in 1979. He has volunteered at conferences, served on the Board of Directors and as President. He is currently Secretary-Treasurer.

### **The Luminiferous Aether: Its role in the History of Science**

Conventional Physics eliminated Aether while ignoring great minds like Tesla and Dirac who described a "Sea of Energy". Our next Paradigm shift, the Aether will return as the home of all forms of Subtle Energy, Free Energy and consciousness.

1. The reason for Luminiferous Aether and how Aether was removed from Physics.
2. Evidence for a "Sea of Energy".
3. The Future of Aether.

### **Rev. Mary Hardy, Ph.D.**

Rev. Mary Hardy is a writer, teacher, herbalist, and servant of bringing a new consciousness to the planet. She has a Ph.D. in Homeopathy from the Missouri College of Naturopathic Physicians, a B.A. in Education from WMU, and founded the annual Temple of Sakkara conference and the sisterhood of the Emerald Fire.

### **Pyramids Generate Scalar Waves and create Orgone Energy as an Antenna with the proper Orgone covering**

A unique "orgone pyramid"- one with an orgone-type covering, a layer of electric and dielectric material, created orgone energy that balanced out abnormalities in the Bermuda Triangle, Great Lakes Triangle, and weather anomalies such as tornados.

1. Pyramids are antennas that can set up the resonance to heal the planet through orgone energy.
2. Weather control. Pyramids generate a standing wave (scalar energy) that can remove weather abnormalities.
3. Using the prayer of the Holy Grail Vortex to balance the resonance factor on the planet so that we can heal the planet.

### **Marty Lucas**

Marty Lucas is a full-time radionics practitioner and instructor. He specializes in cutting edge research, building reagents and advanced protocols for radionic work. "My goal in working with you is simply to empower you with the knowledge. A radionic balancing helps promote vitality and support immune response and can suppress pest and parasites." Properly balanced soils naturally suppress weeds as well. Plus, radionics balancing can help you reduce the use of chemical fertilizers, pesticides and herbicides and create techniques to take advantage of your natural abilities using the newest technology.

#### **Programming Plant DNA with Radionics: How to make self-replicating reagents**

1. DNA can be programmed with Radionics Frequencies.
2. These frequencies can be passed to future generations.
3. This technique is more flexible and less costly than other genetic manipulation technologies.

### **Aimee Whalen, BSN, RN**

Aimee Whalen is a polymath of the healing arts. Specializing in biofeedback and cranial sacral modes of therapy, she is also a Registered Hospice Nurse, Reiki Master and a Certified Infant Massage Instructor. She trained with Dr. Linda Lancaster and completed a Masters in Medical Radiesthesia. With over 30 years of practice, she skillfully combines scientific rigor with intuitive sensitivity to hone in on the patient's body-mind as a whole ecosystem. Aimee has lectured on a variety of topics from Spirit & Medicine, medical care of HIV infants and children, to preventing school gun violence through increased parent and school personnel recognition of subtle cures.

#### **Using "Ethereic" Energy to Heal: Spirit and Medicine**

Our relationships with people are shaped by the interactions of our energies; by simply touching another person, we influence what happens in their energy field. As I teach new nurses and doctors, I always say, please be present with your patient, observe the subtle cues. Inherent in a diagnosis is the "shock." In order to promote healing, it is imperative to clear the "shock." I am a story-teller and will share my experience and outcomes by presenting several case histories of my former patients and the importance of clearing the etheric energy.

1. Identification of subtle clues, how to "pay attention" and ways to promote self-healing.
2. The importance of clearing the etheric field and "shock".

### **J.J. Hurtak, Ph.D. and Desiree Hurtak, Ph.D.**

J. J. Hurtak, Ph.D., Ph.D. and Desiree Hurtak, Ph.D., are founders and directors of The Academy For Future Science, an international NGO. Dr. J.J. Hurtak is the author of numerous books including, *The Keys of Enoch*®, and also, *The End of Suffering*, with physicist Russell Targ. Together, the Hurtaks have written numerous books including *Overself Awakening*, and recently, *Mind Dynamics*, with Dr. Elizabeth Rauscher.

#### **The Power of Music and Sound for Mental Consciousness Upliftment**

We will discuss the use of music and unique frequencies to trigger positive health results throughout the body and mind, showing new ways to help patients, for example, in their recovery from strokes, to improve heart rate variability (HRV), and for the raising of consciousness.

1. Understanding the effects and power of music.
2. Stimulation of brain regions for the raising of consciousness.
3. Binaural beats and sub audible frequencies.

### **Jeffrey Mishlove, Ph.D.**

Jeffrey Mishlove is author of *The Roots of Consciousness*, *Psi Development Systems*, and *The PK Man*. He is the recipient of the only doctoral diploma in “parapsychology” ever awarded by an accredited university (University of California, Berkeley, 1980) He is host and producer of the *New Thinking Allowed* channel on YouTube.

#### **Highlights from 136 Years of Psi Research**

Since the founding of the Society for Psychical Research in England in 1882, there has been an ongoing effort to scientifically define the boundaries and outer reaches of human consciousness. This presentation highlights the main findings that have been consistently observed for over a century.

### **Linda Lancaster, ND, Ph.D.**

Dr. Linda Lancaster is a Board Certified Naturopathic Physician and Homeopath. She has been in practice since 1981 and founded Light Harmonics Institute, an Energy Medicine Clinic and Educational Center based in Santa Fe, New Mexico. #### **Understanding the Etheric Body in Radionics**

The etheric body or the Vital Body interpenetrates the physical body and is held together by interpenetrating energy threads, streams, or lines of light. It is the receiver, assimilator, and transmitter of energy! Ether is the life force in every cell and atom of the physical body. Without it, there is no life.

Dr Linda Lancaster will bring awareness of the subtle field of ether.

A review of advanced energy conversion technologies including so-called free energy devices, low energy nuclear reactions, and ancient alchemy. Recent discoveries are forcing a new look at what is truly possible.

1. To understand that new sources of potential energy can lead to new exciting and applicable discoveries.
2. To learn that not everyone wants new information to be shared or utilized by the general public.
3. To understand that our view of physics is very simplistic and that much more is really possible.

### Aether: The Dynamic Substrate of Physical Reality

The fascinating story of aether from Vedic philosophy to contemporary physics with special focus on new concepts of aether from Einstein to Bohm and beyond.

1. The aether has always been there and was never really abolished.
2. Twentieth-century physics re-cast the aether as mathematical abstractions.
3. The aether explains anomalous phenomena, especially as pertaining to living systems.

### **Accessing and Supplementing Morphogenetic Fields with Radionic Coding Via the Ether**

Dan will examine how radionic coding may supplement information in Morphogenetic Fields, thereby “informing” and affecting the resulting states in matter in cases of physical dysfunction.

1. Through radionics, we are tapping a hyper-dimensional ether.
2. This Ether, as it is understood in radionics, bears a striking resemblance to the Morphogenetic Field, as proposed by Dr. Rupert Sheldrake.
3. Once we see how the Morphogenetic Field acts as a matrix to “guide” the formation of matter, we will show examples of how radionics can be used to “supplement” information in the Morphogenetic Field, that appears to have “gone wrong,” or became garbled, resulting in physical dysfunction. Examples using radionic coding will be provided.

## USPA Conference Volunteers Needed

Because of a larger than expected turnout this year, volunteers are needed to help with the 40th U.S. Psychotronics Conference July 20-22, 2018 . Since 1975 the USPA has been operating 43 years, as a Non-Profit 501(c)(3) All Volunteer Educational organization.

We are extremely fortunate to have **Phyllis Weiland** as the official USPA Conference Coordinator. Phyllis needs people with MS Word skills to prepare written material, help with advertising, as well as, to be volunteers at the conference. **Some volunteers will get their conference fee waived.**

We know it will take multiple volunteers to do all that needs to be done, but there are only a limited number of volunteer positions available. To become a volunteer, please contact: **Scott Beutlich, Co-Chairman of the Conference Committee at [uspsychotronics@gmail.com](mailto:uspsychotronics@gmail.com) or call / text at 815-355- 8030 to offer your time and talents!**

**The United States Psychotronics Association presents:**

## **Radionics 101**

### **An Introductory Workshop on Radionics and Dowsing**

**July 19-20, 2018**

**(Registration begins at 1:00 pm on, July 19; Sessions start at 2:00 pm. Contact George Kuepper, Radionics 101 coordinator, for further information: [georgekuepper@yahoo.com](mailto:georgekuepper@yahoo.com) There is a strict limit of 50 in the workshop, and seats are going fast.)**

**The Hyatt Regency Hotel  
Deerfield, Illinois**

**As a prelude to the 2018 U.S. Psychotronics Conference**, we are offering a short, practical introduction to radionics, beginning early afternoon on July 19th. The workshop is designed for novice practitioners and prospective students, as well as for those simply wanting to learn what radionics and psychotronics is all about. It will combine visual and explanatory presentations with several “hands-on” sessions, so participants get a real feel for what radonics practitioners do.

This workshop will be an excellent entrée to formal training in radionics. Students will learn fundamental theory, the design and role of instrumentation, and get an overview of the many applications of this cutting edge art and science. More importantly, much of the program will be hands-on. There will be several opportunities to experience the radionics “stick” and/or dowsing response, which is key to instrument operations in radionics and in radiesthesia.

During the program, participants will receive numerous handouts and other literature, some basic dowsing tools, and their own radionics template for what we hope will be the start of rewarding adventure in radionics.

**All teachers are members of the USPA Board of Directors.** Each has many years of experience in the practice of radionics and, collectively, their experience covers a wide range of applications:

**Scott Beutlich** is a former Director and current officer of the US Psychotronics Association (USPA), as well as the son of one its founding members. Scott will open the program with a brief history of the USPA and its role in promoting radionics through education.

Scott will be followed by **George Kuepper**--a long-time radionics practitioner, Biodynamic grower, and owner of Midsouth Radionics, who will give a quick history of radionics and an overview of its many applications to human and animal welfare, farming and gardening, and the environment.

**Marty Lucas**, the owner of Every Advantage Consulting, is a former president of the American Society of Dowsters and a certified organic farmer. Marty will lead a hands-on session on basic dowsing using traditional tools like pendulums.

Following dinner, **Lutie Larsen**, a noted teacher, practitioner, and the owner of Little Farm Research, will provide further hands-on training using a radionics template. The template is a simple device for basic skills training that includes finger-stick dowsing, the use of witnesses and rates, taking measurements, and broadcasting.

The following morning, **Ed Kelly**, the President of Kelly Research Technologies—a manufacturer of radionics instruments—will give everyone an “under the hood” look at radionics devices, to demystify the how and why of instrument construction and function. He will also guide a short exercise in instrument operation, to afford students another hands-on learning opportunity.

**Dr. Linda Lancaster**, a Board Certified Naturopathic Physician, Homeopath, and founder of the Light Harmonics Institute, will wrap up the program by discussing the principles of radionics and the evolution of this cutting edge science.

**The workshop will come to a close at noon, prior to the USPA Conference, which kicks off at 1:30 pm. Workshop participants are encouraged to stick around!**

Dr. Jim Oschman is a biophysicist, renowned author, and an internationally recognized expert on the scientific basis for Energy and Informational Medicine. He will share how each type of energy medicine promotes healing, revealing another fascinating piece of the story of how the human body works in health, injury and illness.

Virtually every school of complementary and alternative medicine (CAM) teaches about energy as part of their trainings. It can be said that energy and informational medicine are alive and well in the alternative community, but virtually absent from conventional medicine. Exceptions are the electrocardiogram and electroencephalogram and their magnetic counterparts, the magnetocardiogram and the magnetoencephalogram, which can be viewed as energy medicine diagnostic tools, although physicians do not recognize them as such. Many of the energy modalities, from A to Z (Acupuncture to Zero Balancing) use my books as texts. It is a fascinating and detailed story that grows with the telling. Some basic physics and quantum physics are part of the story. I have lectured and given workshops on this topic in about 25 countries around the world and in every major city in the USA. The information is not only interesting and important for practitioners of the modalities under the umbrella of energy medicine, it is useful and important for everyone wishing to live a long and happy and healthy life. The ability of each type of energy medicine to promote healing reveals another fascinating piece of the story of how the human body works in health, injury and illness.

## KRT Radionics Workshops: **Chicago, Illinois**

Kelly Research Technologies is very proud to support the **U.S. Psychotronics Association's 40<sup>th</sup> Annual Conference**, to be held in Chicago on **July 20-22, 2018**. *Where science meets consciousness...*

**Founded in 1980, Foundation for Mind-Being Research (FMBR) is a non profit organization that seeks to advance the consciousness of individuals and organizations so we can live in greater harmony with one another, the earth, and the cosmos.**

It is our belief that the challenges facing humanity today are symptoms of a widely-held belief in separation. Through the study of science, higher realities, and Universal laws and principals, FMBR seeks to provide resources that help individuals expand the context within which they see themselves. We provide tools that help people discover, acquire and apply wisdom so that they can live with a greater sense of peace, love, understanding and freedom. We believe that cultivating higher levels of consciousness within the individual will lead to more humane societies, and will create the space for the emergence of innovative solutions to the challenges facing humanity.

We embrace the belief that all of creation is interconnected.

We accept the existence of the Source of Life and seek to partner with that Source to increase our understanding.

We honor perspectives that unify, and practices that are will generate heart felt feelings.

We acknowledge a view of the universe that includes both physical and non-physical components.

We stay true to our core offering through science, neither embracing New Age folly nor succumbing to scientific reductionism.

(USPA) Conference, July 20-22 at the Hyatt Regency Hotel, Deerfield, Illinois. They will have a booth for their many nutritional and health products, as well as, for Bruce Copen radionics devices. BioStar Organix represents a device made by the historical radionics pioneer Bruce Copen, and they are the USA and Canada's exclusive representative for this technology. This includes a radionics device that performs without a rubbing plate.

Look for the BioStar Organix booth in the Exhibit area of the Hyatt Regency, or contact them at the following: BioStar Organix Healthcare Association, P.O. Box 3165 Santa Clarita, California 91386 USA; +1(800)787-6404; email to: [orders@biostarorganix.com](mailto:orders@biostarorganix.com); website: <http://www.biostarorganix.com>

### 3. **Does anyone know anything about a man named William Lehr (1933-1996), who lived in Scammon, Kansas, and who developed several energy and healing devices, and made a reproduction of the T. Henry Moray energy device?** In addition, Lehr is said to have created a high-powered spark-gap device for healing purposes that cured a man who had been sent home to die, as well as a huge

bibliography of articles and books dealing with new energy sources and energy medicine and treatment.

4. **Does anyone know the whereabouts and/or contact information of Dr. Robert N. Miller?** At the 1978 USPA Conference, Dr. Miller gave a presentation with Pierre Paul Sauvin titled “ Methods of Detecting and Measuring Healing Energies.” That was the only time that Dr. Miller ever spoke at a USPA conference, and we would like to follow up with him on any research he has done since that time.

5. **We have been recently informed that one of the radionics devices that Jerry Gallimore invented in the 1970's or 1980's used a GSR meter in place of a stick plate.** Does anyone happen to have or know anything about this particular device? Such a device would be very significant, because if there is a such a radionics device that can be successfully used without a stick plate, which depends on the sensitivities and subjectivity of the user, it would enable nearly anyone to use that radionics device. One of the problems that beginners in radionics often have is the detection of the “stick”, on the stick plate, and some people are never able to develop this ability.

6. **Do any of you know anyone who has ever owned, used, or did research on the Dotto Ring?** This was an electrotherapy treatment device, pictured at left, developed by Dr. Gianni Dotto back in the 1970's and is said to have been was used successfully to treat cancer and other diseases in humans and animals. In addition, the Dotto Ring was also said to be able to slow down the aging process and even rejuvenate individuals to some degree.

7. **Does anyone have video tapes of the presentations that Andrija Puharich made at the 1982 US Psychotronics Association Conference?** The title of Dr. Puharich's first presentation was: “Chemical Compounds: Receptors of Artificial ELF”, and was sold for a period of time on the USPA website with this title and catalog number F6.

The second presentation that Dr. Puharich made at the 1982 USPA Conference was the Keynote Address at the Awards banquet. The Title of this presentation was “Kindling + 1” and had catalog number F7. If anyone has either or both of these tapes, please contact the editor, John Reed at: joreed43@gmail.com.

## **Among the Missing, (and Updates): A Column about Missing People, Organizations, Periodicals, Books, Artifacts, and Collections in the Psychotronics Field**

**by John H. Reed, M.D**

This is a new “column” or section of the USPA Newsletter, and will be an ongoing part of every issue, with the purpose of helping the USPA, as well as, our members and research associates locate people, organizations, periodicals, books, artifacts, devices, collections, and other items that have seemingly disappeared, or have been extremely difficult to find. **Updates will be added, and each missing item will be retained in future issues until it is found or otherwise resolved, since some readers may not have seen prior issues of the USPA Newsletter or the original notice of the missing item.**

**In addition, this will also serve as a “People Locator Service”** to help find authors and researchers on psychotronics, radionics, subtle energies, energy medicine, and related subjects, who have “disappeared” or have died long ago, and whose relatives you may be trying to find in order to preserve the research papers and collection of that person.

In our research and reading, we all have encountered people, organizations, periodicals, books, articles, or other things that we have tried to find, and some people have searched for years to find something, but have not yet found it, despite the vast resources of the Internet. However, with our large USPA membership, we can all help one another find what we have been searching for. Some of you may have experience in genealogical research, or private investigation, law enforcement, or even intelligence work which you could utilize to help each other, or perhaps just make suggestions on how or where to search for something.

**So if there is anything you have been searching for and need help to find, please write to me, John H. Reed, M.D. at: [joreed43@gmail.com](mailto:joreed43@gmail.com), and I will include your search help request in the next and subsequent issues of the USPA Newsletter. And if you have any information about an item that is listed in “Among the Missing”, please write to the same email address and share what you know or your suggestions. If there is something that is confidential, your confidentiality request will be honored and protected.**

### **Missing Device: Marcel Vogel's Omega- 1 Radionics Instrument**

In a 1987 meeting presentation, [YouTube Video, available here, beginning about 4:20](#), Marcel Vogel states that he had been trying to find a way by which he could measure the subtle energies and fields in the crystals he was working with, and that he prayed to God to give him an instrument to make such measurements. Marcel says that about two months later, a man named Daniel Perkins, apparently guided by higher forces to build such an instrument, came to Marcel's door and said, “Here is your instrument, the Omega-1. You will know how to use it,” and walked away. **But where is that particular Omega-1, and were any other Omega-1 instruments built?** It is known that other Omega models of radionics instruments were produced, especially Omega-5

instruments, but it is not known if the company that built them still exists. **In addition, does anyone know who Daniel Perkins is, and where he is located?** Anyone who can shed light on this mystery, please write to the editor at: [joreed43@gmail.com](mailto:joreed43@gmail.com).

### **Missing Psychotronics Device:**

**The AGRAD Machine:** In the 1970's Mankind Research Unlimited, Inc.(MRU), headed by Dr. Carl Schleicher, was offering for sale a device called the AGRAD Machine. It was intended to be used in the electromagnetic treatment of crops and the control of insect populations, and sold for \$390.00. MRU claimed that AGRAD machines had been used for several years by MRU researchers to conduct experimental applications of the type described in **The Secret Life of Plants** by Christopher Bird and Peter Tompkins, and **Report on Radionics** by Edward W. Russell. Theoretically, the AGRAD machine was intended to produce effects through electromagnetic wavefronts that would interact with and control insects by disturbing the insect sensor mechanisms. A photo of the device and additional information appeared in one of MRU's publications [which you can access here](#).

### **Missing Inventions: The Missing Invention of Arthur H. Matthews to Control Insect Pests, Microbes, and Diseases at a Distance**

Where are the patent and invention by Arthur H. Matthews, a Canadian, who in his own words stated "This refers to my invention of selective control – at a distance – with no physical contact – to control any form of germ – any sickness – all kinds of insect[s] which cause damage to forest, garden and human[s]." Those words appeared in Matthews' own hand writing at the bottom of a reproduced letter on Appendix page A-10 of his book, *The Wall of Light*, which he published in 1971. But the big mystery is that the Canadian Patent Office database of patents does not show this invention or any other invention by Arthur H. Matthews.

Interestingly, correspondence of the Canadian Commissioner of Patents shows the title of the invention as "Methods for the Control of Insect Pests" and the patent **application** number of: 510,626, but not the number of the patent, if it was ever granted. So the question arises: What happened to this wonderful invention by Mr. Matthews, and why does the Canadian Patent database have no record of this device whatsoever in its database of patents?

Further details on this mystery are available in an article titled, "Among the Missing" Special: The Missing Invention of Arthur H. Matthews to Control Insect Pests, Microbes, and Diseases at a Distance" in the [February, 2018, issue of the USPA Journal and Newsletter, pages 24-27, available here](#).

If anyone has any information about this invention by Arthur H. Matthews, please write to the USPA editor, John H. Reed, M.D. at: [joreed43@gmail.com](mailto:joreed43@gmail.com).

## **NIKOLA TESLA'S ELECTRICITY UNPLUGGED: Wireless Transmission of Power as the Master of Lightning Intended**

**by Tom Valone, Ph.D.**

**Paperback:** 464 pages

**Publisher:** Adventures Unlimited Press  
(June 1, 2016)

**Language:** English

**ISBN-10:** 1939149576

**ISBN-13:** 978-1939149572

**Product Dimensions:** 6 x 1 x 9 inches

**[Available from Amazon, here](#)**

Nikola Tesla's Electricity Unplugged is a unique anthology of hand-picked Tesla articles, arranged historically, which presents overwhelming and convincing evidence for the reality of Tesla's high efficiency, low cost wireless power transmission. Following in the footsteps of the editor's first book in the series, *HARNESSING THE WHEELWORK OF NATURE*, Dr. Tom Valone's book chronologically traces the original intention that Nikola Tesla had for his wireless electricity and how he updated and expanded upon it later on.

This book includes reprints of Tesla's original key articles, as well as, chapters about the recent genius engineers and physicists who are now finally bringing this last and most elusive, highly advanced Tesla technology into reality. The Corum article (along with the Peterson article) on the Zenneck wave transmission experiments culminates the viewpoints of all of the book's contributors. Its purposeful placement as the last chapter of the book, is because this exclusive article publication is a major scientific breakthrough, as testified by the book's endorsement from Brigadier General Michael Miller, and foretells the understandable, visionary road to the corporate formation of wireless power utilities.

Furthermore, this is the first and only book in the world which explains how an electromagnetic wave traveling across the electrically conductive surface of the earth, was predicted by Tesla and Zenneck (two pictures in the book show them together on pages 74 and 381) and why it is the essential missing link of any Tesla wireless transmission theory. Many of the contributors also nicely explain the "surface wave

phenomenon” as well as “resonant earth-ionosphere” modes of electrical transmission without wires that compliments the surface wave theory and experiment.

**Nikola Tesla’s Electricity Unplugged** therefore is a treasure compared to any other Tesla reference book currently in print, since it is jam-packed with personal stories of Tesla, such as one reprinted from the prestigious Smithsonian Magazine, along with great illustrated slideshows adapted for the book format, the “secret” history of Tesla’s wireless, the real Tesla electric car, and high Q resonant power transfer examples being used today by Qualcomm. “Tesla Unplugged” explains in an easy-to-understand way, by a Brookhaven National Lab scientist, wireless electricity based on scalar waves, even including a couple amazing rigorous equation articles with wireless solutions for the tech audience, a unique and evocative

Foreword by Nikola Tesla’s last living direct descendant, this 457-page paperback book is suitable as a college or high school reader, or simply as an eye-opening, optimistic window onto the electrical genius regarded as the “Master of Lightning,” with a priceless collection of 19 contributors not available anywhere else. The genius of Nikola Tesla is being realized by millions all over the world! This is a heavily illustrated book that will be enlightening for all who are interested in Tesla and the amazing technology he developed..

Arnold Reinhold

Eric Rowley

**The USP wishes to extend our thanks and gratitude for their generosity.**

To make a tax deductible donation to the United States Psychotronics Association (USPA) online, please go to the [USPA donations page and scroll down to the orange “Donate” button](#), where you can make a donation using your credit, debit card, or PayPal. For those who wish to make a donation by check, please make your check payable to USPA and mail it to the **USPA treasurer, Scott Beutlich, 525 Juanita Vista, Crystal Lake, IL 60014.**

## USPA Psychotronics Periodicals Library

In order to do good psychotronics research of any kind, whether it involves radionics, radiesthesia, psionic medicine, dowsing, subtle energies, biophotons, or any other subject covered by psychotronics, one needs access to as much of the periodical literature as possible on these subjects.

**To address this issue, the United States Psychotronics Association has resolved to identify, acquire, and digitize copies of every psychotronics related periodical that has ever been published anywhere in the world, and to retain copies in the USPA Library.**

**As a first step, we have developed an [online list of psychotronics related periodicals \(click here\)](#) that focus on or frequently have articles on the psychotronics subjects** noted above. This is a growing list, since we know there are probably other psychotronics periodicals that have been published, but that we do not yet know about.

Please look over the online list and check your own personal physical libraries and your computer files, thumb discs, and other external hard drives to see if you have any issues of the periodicals on this list. Even if you just have one issue, please let us know, because that may be the one we need to complete all the issues of a particular periodical. **Please write to me (John Reed) at: [joreed43@gmail.com](mailto:joreed43@gmail.com), since I am the USPA librarian and archivist coordinating this effort,**and tell me what periodicals you have.

**As a whole, the members of USPA and other interested non-members, have a huge "library" of periodicals, but it just happens to be "distributed" among these people** at this point in time. However, we can work together, and if you would be willing to loan, donate, xerox, or as a last resort, sell copies of your periodicals to the USPA Library, then we will be able to build a large centralized library of all psychotronics periodicals. And all USPA members will then be able to use these periodicals in their research or for their reading enjoyment.

## USPA Local Groups and Affiliates Update

As mentioned in the May, 2016, USPA Newsletter, one of our goals is to reactivate all of the former 24 USPA Chapters that once existed across the US and Mexico. In addition, we plan to establish new local groups of people interested in psychotronics and related subjects in other major cities in the US and other countries as well. All such local groups and affiliates will be independent, but will work together with the USPA in a mutually beneficial relationship to achieve our goals of advancing research and applications in psychotronics, radionics, subtle energy, and related fields.

So I would like to invite all of former USPA Chapters leaders and members to contact me (John Reed) at: [joreed43@gmail.com](mailto:joreed43@gmail.com) and let me know if you would like to help reactivate your local chapter. In addition, if you are a leader or member of a psychotronics or related organization which was never a chapter of USPA, and we would welcome you as a USPA affiliated organization as well.

We will be establishing a USPA affiliated groups as traditional organizations and also via the Meetup.com online group platform. This will enable current and former members to more easily have local get-togethers, meetings, and other activities, and those activities, times, and other details can be posted online. So please let me know if you would like to be the leader of a group in your area.

If you do decide to use Meetup.com to establish your local group, you could do it quickly and easily by going to [www.meetup.com](http://www.meetup.com) , and clicking on the big red word “Start” in the upper left, and then just following the step-by-step procedures.

**You can give your local group any name you want, but it should probably have a name that relates to psychotronics in some way.** And if you need any help, please let me know, and I will help you in any way I can. Perhaps the most important thing is enthusiasm and determination, so write to me, even if you don’t know any other USPA members in your area, and I will help you set up a local group: [joreed43@gmail.com](mailto:joreed43@gmail.com)

## Exchange Corner and Advertisements

The "Exchange Corner", is a place where people can advertise to buy, exchange, or sell items of interest, or request information or other help in relation to something wanted. So if there is anything you want to buy, sell or trade that has to do with psychotronics, radionics, subtle energy, or related subjects, please contacted the Classified Ads manager at: [joreed43@gmail.com](mailto:joreed43@gmail.com). Advertisements are free of charge to USPA member within certain limits, but non-members will be charged for any classified or display ads. So please send your ads and wanted requests to: [joreed43@gmail.com](mailto:joreed43@gmail.com).

**Wanted:** Any articles, periodicals, books, devices, or other materials on psychotronic related subjects that you can donate or lend to the USPA for its library, archives, and museum. **The USPA is a nonprofit, 501(c)(3), tax exempt organization, and as such, you are able to make tax deductible donations to the USPA. Please email the USPA at: [joreed43@gmail.com](mailto:joreed43@gmail.com) to make shipping arrangements. Thank you for your generosity.**

### Bruce Copen MARS III for Sale

I am a current USPA member and have a **Bruce Copen MARS III** for sale. The system is about 7 or 8 years old and in original, excellent condition. Sale includes original SCOPE analysis, database and broadcast software, HP laptop, comprehensive training manual and program disc, interconnects and boxes. I have always run it on XP with no issues; everything original as supplied by Copen.

All operations can be automated and multiple broadcasts can be run simultaneously, although Copen saw to develop this device so it could be used in many radionic styles and without computer control. The price is \$8500 USD roughly half the original cost. I prefer to not ship to a destination outside the USA. A limited amount of training by me, as I understand it, is available to a confirmed purchaser, as time and distance reasonably permit. ## What Research and Subjects Does Psychotronics Cover?

The United States Psychotronics Association defines psychotronics as the science of mind-body-environment relationships, an interdisciplinary science concerned with the interactions of matter, energy, and consciousness. Psychotronics involves the study, research, and applications of the physics and technology of the mind, brain, spirit, consciousness, and the underlying forces of life and nature – hence the term “psychotronics”.

We believe that a true understanding of the universe must include the spiritual, as well as, the technical, and provide an opportunity for amateur researchers to present their findings along with the professionals. We stress research, with documentation of results, and practical applications, rather than personal experience and unsupported hypotheses.

**Some Prominent People in the history of psychotronics research and application:** Albert Abrams, Thomas Bearden, Robert C. Beck, Robert O. Becker, Jacques Benveniste, David Bohm, Harold Saxon Burr, George W. Crile, Ruth Drown, T. Galen Hieronymus, Vlail P. Kaznacheyev, Georges Lakhovsky, Wilhelm Reich, Royal R. Rife, Rupert Sheldrake, Nikola Tesla, Marcel Vogel, and others.

**Some of the forces, fields, waves, and energies studied and researched in psychotronics include:** bioelectromagnetism, biophotons, biopotentials, electromagnetic wave pollution and harmful effects; coherent emanations of DNA, emanations of matter, “free energy”, morphogenetic fields, non-hertzian waves, orgone energy, pyramid energy and power, qi (chi), quantum fields, scalar waves, subtle energies, ultra-weak radiation of living matter, zero-point energy, and others.

There are talks by some of the most well known scientists of our age, including Andrija Puharich, Thomas Bearden, Marcel Vogel, Lynn Surgalla, Robert Beck, T. Galen Hieronymus, J.G. Gallimore, Elizabeth Rauscher, Christopher Bird, and many, many more.

There are also lectures specifically about radionics from some of the top practitioners: Robert Beutlich, Lutie Larsen, Jerry Fridenstine, Frances Farrelly, and others.

If you have an interest in the paranormal, the life of plants or zero-point energy, there are speakers here who are experts in the fields. How about dark-field microscopy, scalars, magnetic fields, or the Philadelphia Experiment? Yes, they are in here in this catalog too. Homeopathy, color-healing, use of crystals, structuring water, water memory, and Tesla's work are some of the other topics covered in this catalog.

As of this date, (April 15, 2017) they are available only by direct contact with USPA, but soon, they will be available online. The USPA home page is at <http://www.psychotronics.org> and we will have a linked site where purchase will lead to immediate download of the MP3, and payment can be made through Pay Pal.

Please note that [in the Catalog \(click here\)](#), most of the lectures are standard MP3s, are 30-45 minutes long, and priced at a very reasonable \$5.00 each. These have no marking in the right-hand column of the catalog listing. Other MP3s are one hour or slightly longer, and are marked "Prime" in the right-hand column, with a price of \$8.00 each. And a few of the MP3s are 90 minutes or longer, and are marked "Double", with a price of \$10.00 each. USPA members get 40% off.

# J.G. Gallimore's Five Rare Books Now Available for Sale

All five of J.G. Gallimore's rare books on psychotronics subjects and unusual energies have been reprinted by the United States Psychotronics Association (USPA) and are being made available at a fraction of the cost that used copies were being sold at online. So rare have these books been, that only a few libraries in the entire world had them in their collections, and some of Gallimore's books were being sold for several hundred dollars each online. However, with these newly reprinted volumes, each will be available for less than \$30.00. Each of Gallimore's books is described below with links to Amazon.com.

Jerry G. Gallimore was one of the founders of the USPA in 1975, and was a leading researcher in psychotronics and unusual energies until his untimely death in 1989.

This is J.G. Gallimore's first book of three volumes on unusual energies, and at 468 pages, it is a magnificent work. In this book, Gallimore discusses in depth the research, discoveries, and

inventions of all the major researchers in subtle energies, the aether, biological

fields, pyramid energy, radiesthesia, radionics, crystal transduction, and related subjects. These include the works of Baron Von Reichenbach's and his odic energy, Dr. Wilhelm Reich's orgone energy, Dr. Harold Burr's biological life fields, Kozyrev's time mirror, Edgar Cayce's transmission of energy, and related research done by many others. Of particular importance is Gallimore's 127 page chapter on radionics. In this chapter he discusses in depth the research and devices of Ruth Drown, T. Galen Hieronymus, Rho Sigma, Dr. L. P. Corte and other prominent people in the radionics field. But in addition, Gallimore provided diagrams showing how such devices are made and how they actually work.

Callimore published. It covers Gallimore's research on Albert Abrams, the founder of modern radionics, psychological physics, psychic energy, thought resonance, subtle energies, crystals, and related subjects. In addition, a number of radionics devices are discussed, such as the De La Warr Diagnostic Instrument. And very helpfully, the rates are provided for substances, body organs, and medical diseases and disorders. A very interesting interview of Christopher Bird, conducted by J.G. Gallimore is provided, as well as a discussion of Walter Russell and his research.

## **Relationship Between Parapsychology and Gravity: Volume 3 of Handbook of Unusual Energies**

**by J. G. Gallimore**

**Paperback:** 228 pages

**Publisher:** CreateSpace Independent Publishing Platform (March 22, 2017)

The Relationship Between Parapsychology and Gravity is Volume 3 of J.G. Gallimore's series of three handbooks of unusual energies. This book describes in depth the research and theories of J.G. Gallimore into the question of "parapsychology transmission" --the question of how such things as telepathy, remote viewing, ESP, and similar phenomena can physically occur. Gallimore discusses various explanation on how they occur, including the possibility that gravity waves may play a role. He also discusses the various emanations, radiations, and energy fields of all matter and life. This includes the ancient Chinese energy called "chi" (qi), the ancient Indian's prana energy, Reichenback's "odhic force", Gurwitsch's "mitogenic radiation", Wilhelm Reich's orgone energy, and other subtle energies of life and matter. Gallimore shows how all of these energies are the same or similar, how they interact, and how they are related to gravity. He also discusses crystals as transducers of these energies, and provides diagrams of devices that could potentially be used to harness or control these energies.

# **Transverse Paraphysics: The New Science of Space, Time, and Gravity Control**

**by J.G. Gallimore**

**Paperback:** 374 pages

**Publisher:** CreateSpace Independent  
Publishing Platform (March 21, 2017)

**Language:** English

**ISBN-10:** 1543024920

**Product Dimensions:** 8.5 x 0.8 x 11  
inches

[Available at Amazon.com](https://www.amazon.com/dp/1543024920)

This book covers the visionary research and theories developed by J.G. Gallimore about anti-gravity, space, time, and biophysics. He discusses in depth the dimensions of space, time, and gravity, and new discoveries in each of these areas. In addition, he covers research being done on anti-gravity and then discusses anti-gravity patents that have been obtained. He also discusses the intriguing concept of aura energy fields surrounding humans and other living things, and how extra-sensory perception (ESP) might be explained through biophysical principles.

## **Unified Field Theory Research Book: Using Subjective Response to Psi-Plasma for Analysis of Properties Neutral Charge Plasma Fields**

**by J.G. Gallimore**

**Paperback:** 134 pages

**Publisher:** CreateSpace Independent  
Publishing Platform (March 21, 2017)

**Language:** English

**ISBN-10:** 1543024831

**ISBN-13:** 978-1543024838

**Product Dimensions:** 8.5 x 0.3 x 11  
inches

**[Available from Amazon.com](https://www.amazon.com/dp/1543024831)**

This book is about psychotronics, radionics, electromagnetic fields and waves, psi-plasma, plasma fields, subtle energies, bioelectromagnetic energy, and other unusual energies emitted by living and non-living things. It also is about how living things interact with and are affected by these energies, which may enhance health or harm health. The book covers the research of Wilhem Reich on orgone energy, of Baron Reichenback on the odic forces, as well as research done by Cazzamalli on brain radiations and Lakhovsky on using high frequency radiations to successfully treat cancer in humans. In addition, Lakhovsky used similar methods to enhance the growth of plants. Gallimore shows how these energies, forces, and fields are all inter-related and provides hypotheses and ideas on their possible unification.
