# WHAT IS PSYCHOTRONICS?

Beverly Rubik, Ph.D.  
President, USPA

Psychotronics originally referred to the mind (*psycho*) operating devices (*tron*) with thought. This term came out of parapsychology in the 1960s in Czechoslovakia. The early psychotronics researchers conceived of and built psychotronic generators—sacred geometrical forms composed of pyramids and cones along with crystals, copper coils, and other materials. Unlike most machines, these devices were “operator dependent”—having various effects depending upon the operator and the directed intention—and demonstrated positive effects on people, animals, plants, and processes.

Today our interests are more broadly based. The US Psychotronics Association (USPA) investigates and applies science and technology to interactions of mind, matter, spirit, consciousness, and the underlying forces of life and nature. Psychotronics challenges the dominant scientific worldview because it deals with the power of consciousness to interact directly with the physical world, which is not considered in mainstream science. However, numerous lines of scientific and other evidence point to severe limitations of the dominant paradigm, which holds that consciousness is only a passive observer. We are among those mavericks shaping the new worldview in which consciousness plays an active role in generating physical reality.

Our membership is quite diverse and fascinating. Some USPA members are frontier scientists conducting research on the effects of intention and subtle energy healing on systems such as structured water and its memory, plant growth, and the integrity of DNA. We are also concerned about the impact of electromagnetic pollution from the proliferation of wireless devices in our environment and how to protect ourselves. Other members are practitioners and teachers of radionics, using directed intention to assess and improve the well-being of living systems through the use of radionics devices, pendulums, and dowsing rods. Still others practice energy therapies ranging from hands-on healing to use of sound and light therapies, homeopathy, Oriental medicine, and other complementary modalities. Some members are skilled intuitives who can assess the biofield and subtle energy directly, without any tools. Still others are exploring psychotronics for personal growth and evolution. Despite our differences, we have much in common as we are all open-minded persons focused on expanding our understanding of nature, consciousness, and the full human potential. We enjoy camaraderie and sharing our new learning with one another.

One main focus of the USPA is the existence of a cosmic energy or bioenergy, also called *qi* in Oriental medicine and *prana* in Ayurveda—associated with the biofield

or life force. Energy may be mobilized with directed intention, which corresponds to the principle of ancient Eastern philosophy—“where mind goes, the *qi* flows.”

Psychotronics devices may serve as resonators or conduits of a cosmic energy affecting living systems at a physical level. The biofield, the energy field of each organism, is also fundamental.

Is this cosmic energy an aspect of science that has somehow been overlooked, or a new form of energy? We are taking a deeper look at the science of Nikola Tesla, among other pioneering scientists, who have been largely ignored. We are also revisiting the “aether” in physics that was displaced by a materialistic worldview, but may actually be the quintessence underlying physical reality, and the etheric body in radionics, to expand the scientific perspective.

Beverly Rubik earned her doctorate in biophysics at the University of California at Berkeley. She is renowned for her research on the biofield, structured water, and energy healing. She is president/founder of Institute for Frontier Science in Oakland, California; professor at Energy Medicine University; author of over 90 papers and 2 books; and president of the US Psychotronics Association. ## KRT Radionics Workshops: **Chicago, Illinois**

Kelly Research Technologies is very proud to support the **U.S. Psychotronics Association's 41<sup>st</sup> Annual Conference**, to be held in Chicago on **July 26-28, 2019**. The USPA is a non-commercial, not-for-profit organization that supports research in "psychotronics" - the science of mind-body-environment relationships, and interactions of matter, energy, and consciousness. Because the USPA is dedicated not just to radionics, but also the broader spectrum of esoteric phenomena, this meeting will present research and information from a variety of disciplines. The focus of this year's programs will be ***The Art & Science of Energy Healing***.

KRT founder Peter J. Kelly was a founding member of the USPA in 1975, and KRT's Ed Kelly has been a member of the USPA Board of Directors since 2011. At the 2019 conference, Ed will present ***Energy + Resonance = Healing: Understanding the Radionics Equation*** to the membership, participate in panel discussions, and showcase KRT's newest tools and toys in the exhibitor area.

For more information about the USPA and the 2019 conference please visit: [www.psychotronics.org](http://www.psychotronics.org).

Immediately following the USPA conference, on **July 29 and 30**, Ed Kelly will put the FUN in "fundamentals" with the **Fundamentals of Radionics**, a two-day course designed to introduce the core functions of practical radionics: analyzing, balancing, and potentizing, using two-dial Hieronymus-type radionic instruments. # **Don Paris to Present Workshop on “Global Radionic Access”, Monday, July 29, Just after USPA Conference**

**Don describes what his workshop will cover, as follows:**

Radionics from your smart phone? When we first heard of a phone that you could use virtually anywhere and would fit in your pocket, we thought it was a pipe dream.

I still remember the AT&T television advertisement that announced the coming of cellular technology. We all thought it was an April fools joke at first.

Within a few short years after the release of that small flip phone, 80% of the people on planet earth have a smart phone that gives live video as you talk on the phone! What if there was a way to access a Radionic network from you smart phone? Pipe dreams? In the Monday, July 29, workshop we will show you exactly how to do just that....

How to Clear Toxins that are Blocking the Mitochondria Signalling to the Cells.

We will explore how most disease comes from a single source, signal interruption of the Mitochondria. How to get the help you need to overcome disease.

Converting Physical Substances into Radionic Tunings

Step by step, the basics of how to take any substance and get a digital, Radionic snapshot of it and store it in a computer. How to reverse the process and convert the digital information back into another medium to use as an informational therapy.

5G, Advanced Communications Technology or Directed Energy Weapon?

The ins and outs of what 5G is and what it is not. Is it dangerous or just another scare mongering? We will explore what you can do to minimize your exposure to EMF and keep balanced in situations where you cannot escape microwave radiation.

Become a catalyst for the evolution of humanity and human consciousness as you are introduced to a transparent source of Intelligence that will connect you to inexplicable life-lasting healing, deep inner peace and an expanded bio-photonic essence! **A 4-hour workshop to start learning this simple and powerful approach to Reconnective Healing® and establish the beginning of your life-changing new vibrational reality.**

Experience the highly tangible RH intelligence, its non-verbal language of energy, light & information restructuring our DNA, a portal to a reciprocal universe of immediate lifelong healing and transformation.

Reconnective Healing (RH) allows us to connect with an expanded and fully comprehensive spectrum of energy, light and information through which we experience a highly tangible Intelligence likely presenting itself on Earth for the very first time. The language of this Intelligence is experienced through this inclusive and limitless bandwidth of frequencies that first became accessible and known to the scientific community after they were introduced through Dr. Eric Pearl in 1993.

Eric then discovered a way to teach others how to access and interact with this Intelligence. Learning Reconnective Healing provides you with the process and point of engagement with these frequencies that enable a portal to open, tangibly connecting us to a reciprocal, higher-dimensional universe. Deep and profound transformation, expansion and evolution is instantly received physically, mentally, emotionally, spiritually... and more. This energy interaction has created the new terra firma for the healing of humanity as well as the healing of our planet. This presentation will include case histories and interactive demonstrations of RH with selected audience participants. Numerous scientific studies have been conducted on Reconnective Healing by key Energy Medicine researchers including Drs. Glen Rein, Bill Tiller, Konstantin Korotkov, Gary Schwartz, Ann Baldwin, Melinda Connor and Richard Hanbury.

## **Bios of Eric Pearl and Jillian Fleer:**

Dr. Eric Pearl ran a highly successful chiropractic practice in Los Angeles for 12 years when one day his patients began reporting healings as Eric simply held his hands near them. The healings came in many forms and in unexpected ways. These profound experiences began an amazing exploration of what is known today as Reconnective Healing. Eric Pearl founded The Reconnection in order to share the gifts and the language this Intelligence and to train others to share what science today calls the Reconnective Healing frequencies of Energy, Light & Information. Easily learnable and practiced without technique or ritual, today Reconnective Healing is recognized and supported by science for facilitating healings that are often instantaneous and lifelong.

In 2012 Eric began practicing with his life partner, Jillian Fleer. Together they manage and have continued to expand Reconnective Healing into an international program with live events, classes and training program in multiple languages.

Jillian is the Director of Insight & Development and Co-Instructor for the Online and Worldwide Live Programs and, together with Eric, travels the globe teaching and spreading awareness of Reconnective Healing. Their work has taken them to over 100 countries and has been carried into many different cultures, affecting the lives of millions. Their hope is that one day everyone will learn to access this comprehensive natural approach and ability to heal themselves and others. Every day Eric, Jillian and the practitioners of Reconnective Healing live their lives in the RH frequencies.

Eric has appeared on The Dr. Oz Show, CNN and in The New York Times, he's also presented at the United Nations and Madison Square Garden. His internationally bestselling book, The Reconnection: Heal Others, Heal Yourself, is now in 40 languages. Eric and Jillian are currently completing their new book, anticipated to be released in early 2020.

# Daniel Taylor to Present “A Radionic Approach to the “Gene Keys” at USPA Conference

At the upcoming 2019 USPA Conference, Daniel Taylor will present an overview of Richard Rudd’s work with the Gene Keys ( <https://teachings.genekeys.com/> ). And more importantly, he will describe how this system can be used radionically, to even greater avail.

The Gene Keys - “The 64 Gene Keys herald a new approach to truth, since they are the core archetypes found in every conceivable aspect of the universe. The 64-bit matrix is integral to physics, biology, music, geometry, architecture, computer programming and most fields of human research and endeavor. It is therefore no wonder that they continue to be discovered at the core of all natural systems. They form the foundational tetrahedral structure underlying spacetime itself. As we shall see, our very DNA is based on this same 64-fold geometry, making us a holographic microcosm of the entire cosmos. Many of the great ancient civilizations and wisdom traditions, including the Vedic, Egyptian, Mayan, and Chinese, encoded this mathematical structure into their art, cosmology, and science. Wherever we look, from the structure of our cells to the rhythm and movement of the celestial bodies, we see the same fractal patterns, endlessly repeating themselves in ever more unique shapes and forms... This precise mathematical correlation between the I Ching and the genetic code allows us to create a new holistic language that resonates within the living cells of your body. In effect, the 64 Gene Keys are a Gene I Ching – a book that talks directly to your DNA.” -- *Gene Keys*, pages xxi-xxii, Richard Rudd, 2013.

Daniel Taylor will present an overview of Richard Rudd’s work with the Gene Keys, and more importantly, describe how this system can be used radionically, to even greater avail. This will be an *advanced* radionics session. Due to time constraints, participants will be expected to have viewed the free twenty-four-minute Introduction to the Gene Keys Golden Path Video PRIOR to attending the presentation:

<https://teachings.genekeys.com/activation/01-introduction/>

or

[https://www.youtube.com/watch?v=jTQDn\\_cZD5E](https://www.youtube.com/watch?v=jTQDn_cZD5E)

To utilize the radionic concepts, participants are also encouraged to have a copy of *Gene Keys*, by Richard Rudd, from which to work:

<https://teachings.genekeys.com/book/>

## Learning Objectives:

- 1) Introduction to DNA, the I Ching, and the Gene Keys – Overview of the system and the standard contemplative approach.
- 2) A “Basic” Radionics approach to the Gene Keys will be introduced and demonstrated.
- 3) A more “Advanced” Radionics approach to the Gene Keys will be introduced and demonstrated.

## Daniel Taylor Bio:

Daniel Taylor was elected to the USPA Board in 2015. He double-majored in Chemistry and Biology, and double minored in Physics and Mathematics, to prepare for PhD level research in Biophysics. **International Chinese Parapsychology Association Invites  
USPA Members and Colleagues to Attend Conference in  
Kunming, China, August 4-7, 2019**

Professor Yi-Fang Chang, Vice-Chairman of International Chinese Parapsychology Association, has extended a personal invitation to all USPA members and colleagues to attend the "Chinese Traditional Culture, Parapsychology and Its Function Exhibition" Conference in Kunming, China, on August 4-7, 2019. If you are interested in attending, please write Professor Chang at: [yifangch@sina.com](mailto:yifangch@sina.com).

**Special Invitation from Professor Yi-Fang Chang**

Dear USPA:

The year 2019 marks 40 years since the beginning of Somatic Science (Parapsychology) in China. As of 2019, the Parapsychological Association in the United States has been an affiliated organization of the American Association for the Advancement of Science (AAAS) for 50 years, which is an important symbol of the scientific mainstream of advanced countries formally accepting parapsychology.

The two prior conferences on "Chinese Traditional Culture and Parapsychology" held in Kunming on October 23-24, 2011, and November 19-21, 2016, are important milestones in the research of Chinese parapsychology. The two published proceedings have caused great repercussions in China and abroad, and have been reported in international journals.

In the face of the rapid development of science and technology, we are scheduled to hold the 2019 Conference on "Chinese Traditional Culture, Parapsychology and Its Function Exhibition" in Kunming, China on August 4-7, 2019.

This will be the first international conference on parapsychology in mainland China. We sincerely invite all experts, scholars, researchers, and people with special talents, from China and the world, to attend, especially those who can show their research and abilities, including theoretical perspectives, medical treatment, Qigong, magic power, Yi, and related. We invite you to gather together in Kunming, the famous

Chinese tourist city with unique scenery, to display your research and talents, share friendship, exchange and discuss with each other, in order to promote the research of parapsychology in the world. Further, we will organize some special exhibitions for your function.

We especially invite USPA members and colleagues to attend the conference, and your head as honorary chairman of this conference, whose date follows your USPA conference in July. We hope for your support for parapsychology in China.

The conference coincides with the 80<sup>th</sup> birthday of Dr. Brian D. Josephson, who is the 1973 Nobel Prize winner in physics, a professor at Cambridge University, and a director of Mind-Matter Unification Project. We will celebrate his birthday, and have invited him to hold a special report by Skype for the conference. It will be the first in a series of celebrations on his 80th birthday.

Because James Randy (91 years old) claims that no supernormal function has ever been found in the world, on February 18, 2019, we formally invited him and his Committee for Skeptical Inquiry (CSI) colleagues to participate in this conference for the first time. We will have an open exchange and discussion with them at the conference.

The conference will also set up an academic committee, an organizing committee and an expert committee.

## Short News, Notes, and Queries

(If anyone would like to make a short news announcement, report something, make a request, has a question about anything related to psychotronics and related subjects, or has any information or comments about any of the following notes and queries, please write to the editor, John Reed at: [joreed43@gmail.com](mailto:joreed43@gmail.com))

### 1. Seeking Psychotronic and Radionics Device Instruction Manuals and Designs for USPA Library

Recently, the USPA has had several requests for help to repair old models of radionics machines, or to get them operating properly. In addition, the USPA museum has numerous radionics machines that we would like to eventually restore to running order. Many of these devices have been acquired by gift or purchase and did not have instruction manuals included.

Because of this, we have decided to seek and obtain instruction manuals and machine designs for all known psychotronics and radionics devices from the original Abrams devices of the 1920s to the present. If you happen to have any instruction manuals or blueprint designs for any radionics or psychotronics devices of any kind, whether old or recently produced, please contact the editor, John H. Reed at: [joreed43@gmail.com](mailto:joreed43@gmail.com) , or call 443-858-0757.

### 2. Energy Healing Practitioners in Canada Needed to Test New Device

A new energy healing device, based in part on Lakhovsky, Priore, and Rife technologies, is being built in Canada to provide some degree of safety from certain well known US government agencies. The developers of this device also plan to do trials and testing in Canada, where the use of energy healing devices is completely legal. They are seeking energy healing practitioners anywhere in Canada, but preferably in Alberta or British Columbia, who would be willing to test this device. If you are a Canadian practitioner, **or know someone who is**, and who has experience using energy healing devices to treat people or animals, **please write to the editor, John H. Reed, M.D., at: [joreed43@gmail.com](mailto:joreed43@gmail.com)**

### 3. Excellent Article on 5-G Negative Effects

The whole subject of 5-G wireless technology and its potentially negative effect on the health of humans, animals, and plants is a subject of much debate. USPA Board

member Daniel Taylor has found and sent to the editor an excellent article on this

subject by Claire Edwards, a United Nations staff member who worked at the UN from 1999-2017. Titled [“5G Is War on Humanity”](#) (available [here](#)), Edwards gives details on much research that has already been done that shows the potential deleterious effects of 5-G on many life forms, including humans. It is heavily reference, and links to many other sources of information are provided. **This issue will be addresses at the 2019 USPA,**

**where Dr. Beverly Rubik and Harry Jabs will make a presentation titled, “Wireless Radiation, 5G, and Our Health”.**

#### 4. Seeking Help to Repair a Digitron D Spectrometer

We recently received an email from USPA member Sharon Rowe, who has a Digitron D Spectrometer that is in need of repair. This device, a photo of which appears at left, was invented in the early 1980s by Bill Lawson, also known as “Willard Frank”, and is reported to be the forerunner of the SE-5. Does anyone have a Digitron D Spectrometer, which they have used, and who could possibly help Sharon? If so, please write to her at: [srowe@ruraltel.net](mailto:srowe@ruraltel.net) **Sharon is also seeking to purchase a Mattioda frequency instrument, so if you have one that is in good running order, please let her know.**

#### 5. Seeking Help on Operating the Gallimore RAU #2 Radionics Instrument

USPA member, Paul Johnston from Australia needs help to get his Gallimore RAU #2 radionics instrument working (pictured below). In a recent email to USPA, Paul wrote: **“The equipment I have is Gallimore's RAU #2. I'm a bit confused by the dials. Most of the radionics gear I have looked at have up to eight dials which all start at zero and go up to 10. On the gear the first dial goes from zero to 100, so I'm not sure about how to set rates here. I have Gallimores "Volume 2 of Handbook of Unusual Energies", which lists the rates, but I'm not sure how to set them on this machine. The instructions that come with it claim that two rates can be used at**

once with this gear. It has a top bank and a bottom bank of dials (16 in total) with a switch to flick from one to the other so I'm trying to work out how it all goes together. If any of your members can help with this it would be much appreciated." If you can help Paul in any way, please contact him at: [paulbjohnston61@gmail.com](mailto:paulbjohnston61@gmail.com)

#### 6. Seeking Information from Users of the IMRS 2000 PEMF System

USPA member Robert Conway is seeking information from users of the IMRS 2000 Pulsed Electromagnetic Field (PEMF) system. He is aware of the IMRS 2000 website, where the various IMRS devices and systems are described in great detail. However, Bob would like to hear from people who have actually used these devices, especially the IMRS 2000 Professional Set. If you have any experience with these devices, please write to Bob directly at: [bob10841@gmail.com](mailto:bob10841@gmail.com)

7. **Italian Translator Needed for Book by Dotto Ring Inventor:** The Dotto Ring was a medical device invented by Dr. Gianni Dotto in the 1970's, and is said to have been used to successfully treat a number of diseases, including cancer. The device was also said to have the ability to slow or reverse aging in mammals. At that time, Dr. Dotto, wrote a 37 page book in Italian, that described how the machine was built, operated, and was able to achieve these remarkable results. However, there are no known English translations of this extremely rare book, which a member of the USPA has a copy of. Is there anyone who speaks Italian

fluently who would be willing to translate this short book into English? If so, please contact, John H. Reed, M.D. at [joreed43@gmail.com](mailto:joreed43@gmail.com)

8. **Trevor James Constable Book or Manuscript about Ruth Drown Wanted:** Does anyone happen to know about, or possess, a book or manuscript about Ruth Drown that was written by Trevor James Constable? It is not certain if this book was ever published, so it may be only in manuscript form. It is well known that Constable wrote a chapter about Ruth Drown in his book, *The Cosmic Pulse of Life*. However, there is a report that he also wrote an entire book about Drown. If that book exists, it is not known to be in a library in the United States, Canada, or Europe.
9. **Neurophone Devices Wanted:** Does anyone have any old neurophones that they would be willing to sell, rent, or lend for research and application purposes? The neurophone was originally invented by G. Patrick Flanagan in the 1950's, and enabled people who were completely deaf to hear. This non-invasive device was somehow able to bypass the auditory nerve, and interact directly with the auditory region of the brain, allowing a deaf person to hear. This device is needed to treat a patient of a colleague of John H. Reed, M.D. Please write him at: [joreed43@gmail.com](mailto:joreed43@gmail.com) if you have such a device or know someone who does.
10. **Seeking Radionics Practitioner in Ohio:** Rebecca Cotterman is looking for a radionics practitioner in Ohio. If you are a practitioner in Ohio, or know one in Ohio, please contact Rebecca at: [cotterman@hotmail.com](mailto:cotterman@hotmail.com)
11. **Does anyone know anything about a man named William Lehr (1933-1996), who lived in Scammon, Kansas, and who developed several energy and healing devices, and made a reproduction of the T. Henry Moray energy device?** In addition, Lehr is said to have created a high-powered spark-gap device for healing purposes that cured a man who had been sent home to die, as well as, a huge bibliography of articles and books dealing with new energy sources and energy medicine and treatment.
12. **Does anyone know the whereabouts and/or contact information of Dr. Robert N. Miller?** At the 1978 USPA Conference, Dr. Miller gave a presentation with Pierre Paul Sauvin titled "Methods of Detecting and Measuring Healing Energies." That was the only time that Dr. Miller ever spoke at a USPA conference, and we would like to follow up with him on any research he has done since that time.

13. **We have been recently informed that one of the radionics devices that Jerry Gallimore invented in the 1970's or 1980's used a GSR meter in place of a stick plate.** Does anyone happen to have or know anything about this particular device?

Such a device would be very significant, because if there is a such a radionics device that can be successfully used without a stick plate, which depends on the sensitivities and subjectivity of the user, it would enable nearly anyone to use that radionics device. One of the problems that beginners in radionics often have is the detection of the

“stick”, on the stick plate, and some people are never able to develop this ability.

14. **Do any of you know anyone who has ever owned, used, or did research on the Dotto Ring?** This was an electrotherapy treatment device, pictured at left, developed by Dr. Gianni Dotto back in the 1970's and is said to have been was used successfully to treat cancer and other diseases in humans and animals. In addition, the Dotto Ring was also said to be able to slow down the aging process and even rejuvenate individuals to some degree.

15. **Does anyone have video tapes of the presentations that Andrija Puharich made at the 1982 US Psychotronics Association Conference?** The title of Dr. Puharich's first presentation was: “Chemical Compounds: Receptors of Artificial ELF”, and was sold for a period of time on the USPA website with this title and catalog number F6. The second presentation that Dr. Puharich made at the 1982 USPA Conference was the Keynote Address at the Awards banquet. The Title of this presentation was “Kindling + 1” and had catalog number F7. If anyone has either or both of these tapes, please contact the editor, John Reed at: joreed43@gmail.com.

## **Among the Missing, (and Updates): A Column about Missing People, Organizations, Periodicals, Books, Artifacts, and Collections in the Psychotronics Field**

**by John H. Reed, M.D**

This is a new “column” or section of the USPA Newsletter, and will be an ongoing part of every issue, with the purpose of helping the USPA, as well as, our members and research associates locate people, organizations, periodicals, books, artifacts, devices, collections, and other items that have seemingly disappeared, or have been extremely difficult to find. **Updates will be added, and each missing item will be retained in future issues until it is found or otherwise resolved, since some readers may not have seen prior issues of the USPA Newsletter or the original notice of the missing item.**

**In addition, this will also serve as a “People Locator Service”** to help find authors and researchers on psychotronics, radionics, subtle energies, energy medicine, and related subjects, who have “disappeared” or have died long ago, and whose relatives you may be trying to find in order to preserve the research papers and collection of that person.

In our research and reading, we all have encountered people, organizations, periodicals, books, articles, or other things that we have tried to find, and some people have searched for years to find something, but have not yet found it, despite the vast resources of the Internet. However, with our large USPA membership, we can all help one another find what we have been searching for. Some of you may have experience in genealogical research, or private investigation, law enforcement, or even intelligence work which you could utilize to help each other, or perhaps just make suggestions on how or where to search for something.

**So if there is anything you have been searching for and need help to find, please write to me, John H. Reed, M.D. at: [joreed43@gmail.com](mailto:joreed43@gmail.com),** and I will include your search help request in the next and subsequent issues of the USPA Newsletter. And if you have any information about an item that is listed in “**Among the Missing**”, please write to the same email address and share what you know or your suggestions. If there is something that is confidential, your confidentiality request will be honored and protected.

### **Where Are the Missing DeLaWarr Camera Plates?**

As is well known, George DeLaWarr, founder of the DeLaWarr Laboratories in Oxford, England, invented a type of radionic camera that could make diagnostic images of internal organs and other anatomical structures that were said to be as good, or better than x-rays.

DeLaWarr patented this device (below) in the 1950s, and over the years until his death in 1969, produced thousands of images on plates of glass and other materials which would show the images. It has been claimed that as many as 12,000 image plates were produced by DeLaWarr and others.

**However, these image plates have disappeared, and the whereabouts of even a single image plate is unknown.** After the DeLaWarr Laboratories closed in the 1980s, it is said that several thousand plates had been purchased by an American. But based on an investigation in 2017 in England by Daniel Daylor and John H. Reed, it was determined that those plates were never picked up in England nor sent to the US. In addition, no image plates were found at the location where the DeLaWarr Laboratories once operated.

**If anyone has any information on where these DeLaWarr Camera image plates are or might be located, please write to the editor, John H. Reed, M.D. at: [joreed43@gmail.com](mailto:joreed43@gmail.com)**

### **Missing Person: Willard Frank , also known as Bill Lawson**

We are trying to find any relatives or other people who personally knew Willard Frank, also known as Bill Lawson, who was the developer of the radionics device called the Digitron. This device, a photo of which appears at left, was invented by Willard Frank in the early 1980's, and is reported to be the forerunner of the SE-5, which Don Paris has developed into one of the finest radionics devices in the world.

**Willard Frank is reported to have died in 2009**, and there is some question as to whether his real name was Willard Frank or Bill Lawson. If any reader knew Willard Frank, or where he lived, or any of his relatives, please contact the editor, John Reed at: [joreed43@gmail.com](mailto:joreed43@gmail.com).

**The USPA would also like to obtain one of the Digitron devices for the USPA Museum.** If anyone has a Digitron (or knows someone who does) and would like to donate it to the USPA or sell it for a reasonable price, please contact the editor.

### **Missing Inventions: The Missing Invention of Arthur H. Matthews to Control Insect Pests, Microbes, and Diseases at a Distance**

**Where are the patent and invention by Arthur H. Matthews, a Canadian, who in his own words stated "This refers to my invention of selective control – at a distance – with no physical contact – to control any form of germ – any sickness – all kinds of insect[s] which cause damage to forest, garden and human[s]."** Those words appeared in Matthews' own hand writing at the bottom of a reproduced letter on Appendix page A-10 of his book, *The Wall of Light*, which he published in 1971. But the

big mystery is that the Canadian Patent Office database of patents does not show this invention or any other invention by Arthur H. Matthews.

Interestingly, correspondence of the Canadian Commissioner of Patents shows the title of the invention as “ Methods for the Control of Insect Pests” and the patent **application** number of: 510,626, but not the number of the patent, if it was ever granted. So the question arises: What happened to this wonderful invention by Mr. Matthews, and why does the Canadian Patent database have no record of this device whatsoever in its database of patents?

Further details on this mystery are available in an article titled, “Among the Missing” Special: The Missing Invention of Arthur H. Matthews to Control Insect Pests, Microbes, and Diseases at a Distance” in the [February, 2018, issue of the USPA Journal and Newsletter, pages 24-27, available here.](#)

If anyone has any information about this invention by Arthur H. Matthews, please write to the USPA editor, John H. Reed, M.D. at: [joreed43@gmail.com](mailto:joreed43@gmail.com).

### **Missing Device: Marcel Vogel’s Omega- 1 Radionics Instrument**

In a 1987 meeting presentation, [YouTube Video, available here, beginning about 4:20](#), Marcel Vogel states that he had been trying to find a way by which he could measure the subtle energies and fields in the crystals he was working with, and that he prayed to God to give him an instrument to make such measurements. Marcel says that about two months later, a man named Daniel Perkins, apparently guided by higher forces to build such an instrument, came to Marcel’s door and said, “Here is your instrument, the Omega-1. You will know how to use it,” and walked away. **But where is that particular Omega-1, and were any other Omega-1 instruments built?** It is known that other Omega models of radionics instruments were produced, especially Omega-5 instruments, but it is not known if the company that built them still exists. **In addition, does anyone know who Daniel Perkins is, and where he is located?** Anyone who can shed light on this mystery, please write to the editor at: [joreed43@gmail.com](mailto:joreed43@gmail.com).

### **Missing Psychotronics Device:**

**The AGRAD Machine:** In the 1970’s Mankind Research Unlimited, Inc.(MRU), headed by Dr. Carl Schleicher, was offering for sale a device called the AGRAD Machine. It was intended to be used in the electromagnetic treatment of crops and the control of insect populations, and sold for \$390.00. MRU claimed that AGRAD machines had been used for several years by MRU researchers to conduct experimental applications of the type described in **The Secret Life of Plants** by Christopher Bird and Peter Tompkins, and **Report on Radionics** by Edward W. Russell. Theoretically, the AGRAD machine was intended to produce effects through electromagnetic wavefronts that would interact with and control insects by disturbing the insect sensor mechanisms. A photo of the device and additional information appeared in one of MRU’s publications [which you can access here](#). If you have any information about this device, please contact John H. Reed, at [joreed43@gmail.com](mailto:joreed43@gmail.com)

# How to Perform the Biofield Sensing Experiment

Bennett Z. Kobb, SMIEEE P.O. Box 526, Arlington VA 22216 USA

bkobb@ieee.org www.kobb.bz

This experiment offers subjective, kinesthetic detection of the human aura or *biofield*, a hypothesized field surrounding an individual. It does not involve any attempt to "see" another person's biofield, does not need instruments, does not use the hands, and does not rely on belief, suggestion, hypnosis or misdirection. The experiment can be performed to good effect in as little as a minute or two.

The experiment has two parts and involves at least two people. Person A is the experimenter, B is the subject. One or more observers are optional. An observer's role is primarily to observe subject B upon whom the imputed effect is imposed.

Trials have demonstrated that A and B can experience noticeable effects within a few moments, but without physical contact. The effects may be the result of interactions between the participants' fields.

Do not discuss these instructions with B or observers until after the experiment is over. B must keep eyes closed during the brief period of the experiment. Instead, B should be given a succinct verbal introduction.

If B has been told in advance of the procedure, B could form preconceptions or fears or could oppose the effect by stiffening posture, attempting to remain fixed in position, or by ignoring or discounting his response to the phenomenon.

If A is effective with the technique, A's proximity to B may spontaneously vary. Persons in A's role have been observed to spontaneously sway slightly backwards and forwards during the procedure. If B observes A's movement during the experiment, B could be startled or distracted. So B must keep eyes closed.

A should explain to B that the experiment is for the purpose of sensing the human aura or biofield, that the experiment has two brief parts, and involves no touching. Do not urge B to visualize anything or try to see the field.

B is instead asked to maintain a comfortable, relaxed standing posture while facing A; to remain aware of B's own body position and to keep eyes closed for the duration of the experiment.

Use neutral terms in instructing B and do not refer to "energy," "forces", "balance", "pushing," "pressing" or similar words that might precondition B. B is asked only to stand with eyes closed, facing A, and to be aware of B's own body position.

Any observers should be separated from A and B by several meters in order to lessen any possible influence or interaction with the fields of A and B. Observers should not comment until after the experiment is over.

### ***Experiment: Part 1***

A and B stand facing each other, at a normal conversation distance. A proceeds only when B's eyes are closed.

A announces: "Part 1 of experiment." A closes his eyes fully or partly as he performs an interior process.

A does not imagine B, try to observe B or intend any effect on B. Instead, A makes a self-directed effort that is entirely within A's mind and mental screen.

A imagines that he is looking down the top of his own spine. A imagines a sphere, bubble or cloud surrounding himself, with its center his own spine. The cloud should extend approximately one meter away from the spine in all directions.

Next, A visualizes spinning his own cloud clockwise, as seen from above, while spiraling it into his spine: a wrapping up or swaddling, as if he is wrapping himself in the cloud. He continues until the cloud is close around the spine.

A announces: "End of Part 1, start of Part 2." This remark enables B to distinguish the effects of the different parts.

### ***Experiment: Part 2***

Part 2 is the reverse of Part 1. A imagines expanding, and unwrapping the cloud counterclockwise from the center as viewed from above. He should imagine his cloud getting larger. The cloud expanded is the width of arms extended, as if one has grown a sphere from inside oneself.

A announces, "End of experiment." B opens his eyes.

### ***Discussion: Part 1***

Ask what B experienced. In Part 1, B should have felt a pushing, repelling sensation, as if he is being separated away from A. The first illustration depicts the close-in extent of A's field and the direction of the perceived forces.

Sometimes the push is felt to the upper body first. The push effect accompanies the withdrawal, not the expansion, of A's field. The separating movement may be visible to observers.

For A, withdrawal of the field seems to elicit a reduced awareness of the immediate environment, a lessened sociability, and a diminished feeling of connection in the interaction between A and B.

### ***Discussion: Part 2***

In Part 2, subjects in B's position feel they are being pulled towards A. This effect accompanies the expansion of A's field as in the second figure.

In some trials, the person in B's position has had to adjust posture and physically resist the pulling and pushing forces in order to remain vertical.

B's reaction may be to stiffen the legs, try to stay put, and falsely report that he did not experience anything. This is why observers can be helpful. After Part 2, they can report any observation of A and B but especially B.

If the experiment does not work, try again, reversing the directions but keeping the order of (1) gather in; (2) expand out. Part 1 can spin in the field counterclockwise, separating A and B, and Part 2 expand it clockwise attracting them together.

Sometimes spinning is enough to exert an apparent force on B, even before it is contracted or expanded. Try the experiment with different people, distances between the participants, times of the day and different conditions of health.

The procedure can also be attempted discreetly with unaware persons. In that application the experimenter can observe his own reactions.

**By The Radionist**

**This is the fourth of a nine part series of articles that gives an excellent portrayal of the history and development of radionics from its inception with Dr. Albert Abrams in the early 1900s, up to the 1960s, when the articles were published. This eBook is about Quantum Hologram Technology. Specifically, it is the first to explain how Mind Intent can be accomplished with the Hieronymus "Atomic Analyzer" or "Emanations Detector". What is "mind intent"? It is a desire, wish or plan formed in your Mind - something that you want or desire. If you have the Quantum Energy you can easily accomplish Mind Intent. If you do not have sufficient Quantum Energy (stored and generated) you have to keep your Mind focused on the task for longer periods of time and this is where the Hieronymus Machine can help you.

Thomas Galen Hieronymus received the first and only US Patent for what was labeled a "Psychotronic" device. This eBook shall view the design patented by Dr. Hieronymus. It was discovered by John Campbell that the Hieronymus machine does not have to be plugged in or powered to work. He went further and drew the circuit diagram with conductive ink on paper and it worked also.

With such a device you can remote view (RV) or more easily get what you want. If you use such a device in a Quantum Hologram Recharger (QHR) you can accomplish Supernatural tasks.

## **ARTS, SYMBOLS AND WORDS IN THE SECRET LANGUAGE OF THE RADIONIC NOETICA, AS THE FOUNDATION OF THE MAGIC**

**Author Massimo Colangelo  
describes this book as follows:**

This short treatise represents a collection of articles written by me in the last years and which were the object of some lectures in different

occasions.

These writings have a common reference subject: the words or the symbolism, in the art, the aesthetics, the magic, namely, the way I have undertaken toward the development of the so-called theory “noetica radionica”.

The “noetica radionica” is a term coined by me to indicate the study of the subtle energy relationships that exist between man and the environment, i.e. the method to identify the ideas hidden in the elements of the language and the images that are used in verbal and non-verbal communication.

In simpler words, the “noetica radionica” is addressed to study how some elements of the magic do work, by proposing them in modern and scientific terms.

In this book I'll try to explain, by means of the psychological criterion of the thought association and the use of the etymology, how to activate one's own perceptiveness in order to understand the deep roots of the words and, through such process, get the inspiration to realize new functions and inventions of things that already exist.

This teaching therefore suggests to think over the words and the symbols, not just to

communicate, but as a possibility to activate the implicit energy and potentiality they conceal.

I have realized in fact that these signs point out the function of the object itself, and so far there is nothing new, because such subjects were already analyzed by Platone, in "Cratilo", and more recently by Mario Pincherle in the book : "Archetipi - Le chiavi dell'universo" (Macro edition); however what I have discovered is a true logic-intuitive system to get new ideas.

By studying the mysteries the words conceal, I have verified that there are also some relationships between the shape of the language and the symbols and the "Radionica", a subject that studies the waveforms in connection with the effects on the man and the environment . To get an idea of what is "Radionica", I suggest to read "Introduzione alla Radionica" by Isabela Herranz - Hobby & published by Work Italiana , Pioltello, 1993). Some interesting considerations about the symbolism can also be found in the book : "Simboli", (Edizioni Crisalide – Spigno Saturnia LT, 1994), which is an essay with the peculiarity to have been telepathically transmitted by the Maestro Hilarion through Maurice B. Cooke.

I underline, starting from now, that even if the title of this book can be misleading, the aspect of the "radionica" , in this context, is not exhaustively dealt with, because my studies on this subject are still in an experimental phase. And up to now, the application I have suggested is referred more to the cromotherapy and the symbolism (preferably geometric and so more pertaining to the painting), than to the language or the metaphysics. However, I believe that an important development can arise from the comparison of rituals, talismans, and magic formulas, that are found in ancient magic books, and the study of the shapes of the individual letters of the alphabet. In this field, I have also noticed that the function of the sound of the language, resulting for instance from the reciting of prayers and magic formulas, has been neglected.

These sounds (their meaning is both known or not) are particularly effective when pronounced looking toward east, in particular at dawn, when the sun rises. Statistically, I have noticed that, at least in our religious tradition, the Bible's psalms, are very effective in keeping away the negative influences, and among all of them, the psalm 90 which has a function of overall protection (but every psalm has an own specific function ). Besides, the same verses, when recited in ancient languages, Latin for example, are more useful because in such a language the formula has been repeated by millions of people during a long period of time.

## USPA Psychotronics Periodicals Library

In order to do good psychotronics research of any kind, whether it involves radionics, radiesthesia, psionic medicine, dowsing, subtle energies, biophotons, or any other subject covered by psychotronics, one needs access to as much of the periodical literature as possible on these subjects.

**To address this issue, the United States Psychotronics Association has resolved to identify, acquire, and digitize copies of every psychotronics related periodical that has ever been published anywhere in the world, and to retain copies in the USPA Library.**

**As a first step, we have developed an [online list of psychotronics related periodicals \(click here\)](#) that focus on or frequently have articles on the psychotronics subjects** noted above. This is a growing list, since we know there are probably other psychotronics periodicals that have been published, but that we do not yet know about.

Please look over the online list and check your own personal physical libraries and your computer files, thumb discs, and other external hard drives to see if you have any issues of the periodicals on this list. Even if you just have one issue, please let us know, because that may be the one we need to complete all the issues of a particular periodical. **Please write to me (John Reed) at: [joreed43@gmail.com](mailto:joreed43@gmail.com), since I am the USPA librarian and archivist coordinating this effort,**and tell me what periodicals you have.

**As a whole, the members of USPA and other interested non-members, have a huge “library” of periodicals, but it just happens to be “distributed” among these people** at this point in time. However, we can work together, and if you would be willing to loan, donate, xerox, or as a last resort, sell copies of your periodicals to the USPA Library, then we will be able to build a large centralized library of all psychotronics periodicals. And all USPA members will then be able to use these periodicals in their research or for their reading enjoyment.

## USPA Local Groups and Affiliates Update

As mentioned in the May, 2016, USPA Newsletter, one of our goals is to reactivate all of the former 24 USPA Chapters that once existed across the US and Mexico. In addition, we plan to establish new local groups of people interested in psychotronics and related subjects in other major cities in the US and other countries as well. All such local groups and affiliates will be independent, but will work together with the USPA in a mutually beneficial relationship to achieve our goals of advancing research and applications in psychotronics, radionics, subtle energy, and related fields.

So I would like to invite all of former USPA Chapters leaders and members to contact me (John Reed) at: [joreed43@gmail.com](mailto:joreed43@gmail.com) and let me know if you would like to help reactivate your local chapter. In addition, if you are a leader or member of a psychotronics or related organization which was never a chapter of USPA, and we would welcome you as a USPA affiliated organization as well.

We will be establishing a USPA affiliated groups as traditional organizations and also via the Meetup.com online group platform. This will enable current and former members to more easily have local get-togethers, meetings, and other activities, and those activities, times, and other details can be posted online. So please let me know if you would like to be the leader of a group in your area.

If you do decide to use Meetup.com to establish your local group, you could do it quickly and easily by going to [www.meetup.com](http://www.meetup.com) , and clicking on the big red word “Start” in the upper left, and then just following the step-by-step procedures.

**You can give your local group any name you want, but it should probably have a name that relates to psychotronics in some way.** And if you need any help, please let me know, and I will help you in any way I can. Perhaps the most important thing is enthusiasm and determination, so write to me, even if you don’t know any other USPA members in your area, and I will help you set up a local group: [joreed43@gmail.com](mailto:joreed43@gmail.com)

## Exchange Corner and Advertisements

The "Exchange Corner", is a place where people can advertise to buy, exchange, or sell items of interest, or request information or other help in relation to something wanted. So if there is anything you want to buy, sell or trade that has to do with psychotronics, radionics, subtle energy, or related subjects, please contacted the Classified Ads manager at: [joreed43@gmail.com](mailto:joreed43@gmail.com). Advertisements are free of charge to USPA member within certain limits, but non-members will be charged for any classified or display ads. So please send your ads and wanted requests to: [joreed43@gmail.com](mailto:joreed43@gmail.com).

**Wanted:** Any articles, periodicals, books, devices, or other materials on psychotronic related subjects that you can donate or lend to the USPA for its library, archives, and museum. **The USPA is a nonprofit, 501(c)(3), tax exempt organization, and as such, you are able to make tax deductible donations to the USPA. Please email the USPA at: [joreed43@gmail.com](mailto:joreed43@gmail.com) to make shipping arrangements. Thank you for your generosity.**

## What Research and Subjects Does Psychotronics Cover?

The United States Psychotronics Association defines psychotronics as the science of mind-body-environment relationships, an interdisciplinary science concerned with the interactions of matter, energy, and consciousness. Psychotronics involves the study, research, and applications of the physics and technology of the mind, brain, spirit, consciousness, and the underlying forces of life and nature – hence the term “psychotronics”.

We believe that a true understanding of the universe must include the spiritual, as well as, the technical, and provide an opportunity for amateur researchers to present their findings along with the professionals. We stress research, with documentation of results, and practical applications, rather than personal experience and unsupported hypotheses.

**Some Prominent People in the history of psychotronics research and application:** Albert Abrams, Thomas Bearden, Robert C. Beck, Robert O. Becker, Jacques Benveniste, David Bohm, Harold Saxon Burr, George W. Crile, Ruth Drown, T. Galen Hieronymus, Vlail P. Kaznacheyev, Georges Lakhovsky, Wilhelm Reich, Royal R. Rife, Rupert Sheldrake, Nikola Tesla, Marcel Vogel, and others.

**Some of the forces, fields, waves, and energies studied and researched in psychotronics include:** bioelectromagnetism, biophotons, biopotentials, electromagnetic wave pollution and harmful effects; coherent emanations of DNA, emanations of matter, “free energy”, morphogenetic fields, non-hertzian waves, orgone energy, pyramid energy and power, qi (chi), quantum fields, scalar waves, subtle energies, ultra-weak radiation of living matter, zero-point energy, and others.

**Some of the phenomena believed to be produced or involved with the above fields and energies:** action-at-a-distance, the aura of the body and other living things, bioinformation, bioluminescence, chakras, consciousness, distant intercellular interactions, meridians of the body, mind-body interactions, non-locality, the placebo effect, quantum consciousness, spontaneous remission of cancer and other diseases, water memory, water structure, and others.

**Related fields of study and research covering the above forces, energies, and phenomena of psychotronics:** bioelectromagnetics, bioenergetics, biophotonics, biophysics, psionics, psychoenergetics, psychoneuroimmunology, quantum biology, radionics, scalar electromagnetics, and others.

**Some practices, techniques, and applications related to psychotronics include:** acupuncture, biogeometry, brain entrainment, clairvoyance, dowsing, energy healing and medicine, extrasensory perception, feng shui, homeopathy, kirlian photography, magnetic therapy, pendulum use and methods, prayer effects, psionic medicine, psychic healing, psychometry, qigong, radiesthesia, radionics, remote viewing, shamanism, sound and sonic healing, telekinesis, telepathy, and others.

# **USPA Catalog of Conference Lectures, 1978-1994**

## **Now Available**

A compilation of nearly 300 lectures given at the first 17 years of the United States Psychotronics Association (USPA) conferences, from 1978 through 1994 is [now available in a 30 page catalog \(click here\)](#).

There are talks by some of the most well known scientists of our age, including Andrija Puharich, Thomas Bearden, Marcel Vogel, Lynn Surgalla, Robert Beck, T. Galen Hieronymus, J.G. Gallimore, Elizabeth Rauscher, Christopher Bird, and many, many more.

There are also lectures specifically about radionics from some of the top practitioners: Robert Beutlich, Lutie Larsen, Jerry Fridenstine, Frances Farrelly, and others.

If you have an interest in the paranormal, the life of plants or zero-point energy, there are speakers here who are experts in the fields. How about dark-field microscopy, scalars, magnetic fields, or the Philadelphia Experiment? Yes, they are in here in this catalog too. Homeopathy, color-healing, use of crystals, structuring water, water memory, and Tesla's work are some of the other topics covered in this catalog.

As of this date, (April 15, 2017) they are available only by direct contact with USPA, but soon, they will be available online. The USPA home page is at <http://www.psychotronics.org> and we will have a linked site where purchase will lead to immediate download of the MP3, and payment can be made through Pay Pal.

This is J.G. Gallimore's first book of three volumes on unusual energies, and at 468 pages, it is a magnificent work. In this book, Gallimore discusses in depth the research, discoveries, and

inventions of all the major researchers in subtle energies, the aether, biological

fields, pyramid energy, radiesthesia, radionics, crystal transduction, and related subjects. These include the works of Baron Von Reichenbach's and his odic energy, Dr. Wilhelm Reich's orgone energy, Dr. Harold Burr's biological life fields, Kozyrev's time mirror, Edgar Cayce's transmission of energy, and related research done by many others. Of particular importance is Gallimore's 127 page chapter on radionics. In this chapter he discusses in depth the research and devices of Ruth Drown, T. Galen Hieronymus, Rho Sigma, Dr. L. P. Corte and other prominent people in the radionics field. But in addition, Gallimore provided diagrams showing how such devices are made and how they actually work.

This is the second book in the “Unusual Energies” series that J.G

Callimore published. It covers Gallimore's research on Albert Abrams, the founder of modern radionics, psychological physics, psychic energy, thought resonance, subtle energies, crystals, and related subjects. In addition, a number of radionics devices are discussed, such as the De La Warr Diagnostic Instrument. And very helpfully, the rates are provided for substances, body organs, and medical diseases and disorders. A very interesting interview of Christopher Bird, conducted by J.G. Gallimore is provided, as well as a discussion of Walter Russell and his research.

The Relationship Between Parapsychology and Gravity is Volume 3 of J.G. Gallimore's series of three handbooks of unusual energies. This book describes in depth the research and theories of J.G. Gallimore into the question of "parapsychology transmission" --the question of how such things as telepathy, remote viewing, ESP, and similar phenomena can physically occur. Gallimore discusses various explanation on how they occur, including the possibility that gravity waves may play a role. He also discusses the various emanations, radiations, and energy fields of all matter and life. This includes the ancient Chinese energy called "chi" (qi), the ancient Indian's prana energy, Reichenback's "odhic force", Gurwitsch's "mitogenic radiation", Wilhelm Reich's orgone energy, and other subtle energies of life and matter. Gallimore shows how all of these energies are the same or similar, how they interact, and how they are related to gravity. He also discusses crystals as transducers of these energies, and provides diagrams of devices that could potentially be used to harness or control these energies.

This book covers the visionary research and theories developed by J.G. Gallimore about anti-gravity, space, time, and biophysics. He discusses in depth the dimensions of space, time, and gravity, and new discoveries in each of these areas. In addition, he covers research being done on anti-gravity and then discusses anti-gravity patents that have been obtained. He also discusses the intriguing concept of aura energy fields surrounding humans and other living things, and how extra-sensory perception (ESP) might be explained through biophysical principles.

This book is about psychotronics, radionics, electromagnetic fields and waves, psi-plasma, plasma fields, subtle energies, bioelectromagnetic energy, and other unusual energies emitted by living and non-living things. It also is about how living things interact with and are affected by these energies, which may enhance health or harm health. The book covers the research of Wilhem Reich on orgone energy, of Baron Reichenback on the odic forces, as well as research done by Cazzamalli on brain radiations and Lakhovsky on using high frequency radiations to successfully treat cancer in humans. In addition, Lakhovsky used similar methods to enhance the growth of plants. Gallimore shows how these energies, forces, and fields are all inter-related and provides hypotheses and ideas on their possible unification.
