## Section II – June, 2021 Master Class: Darren Starwynn Presents

### “Healing at a Distance: A Multi-Dimensional Treatment System Using Vibrational Therapies”

[Register Here](#) The methods you will learn can be offered in person in clinical settings or remotely via phone calls or Zoom. Darren Starwynn will share the fruits of his 35+ years of clinical research and experience in caring for clients who have not responded adequately to allopathic or holistic healing systems. He uses a baseline insight that emotional shock and trauma are at the root of over 75% of cases of chronic pain, anxiety, depression, fibromyalgia, low immune function and lowered quality of life.

Darren will outline a way to address the physical, emotional and "informational" or spiritual levels of care at the same time. This approach uses combinations of vibrational therapies such as micro-current, light and sound therapies combined with what he calls Quantum Healing. This multidimensional system is well suited for people at our time of rapid change and spiritual evolution.

#### Learning Objectives for this presentation:

1. **Starwynn explains the fifth dimension and the quantum field and how they relate to your ability to heal yourself**
2. **He highlights the scientific basis of remote healing sessions**
3. **He shares five hidden blocks to healing of chronic pain, trauma and depression, and how they can be identified and removed**
4. **Starwynn outlines a therapeutic system using micro-current and color light vibrational therapy for effective treatment of clients with un-resolving chronic pain**
5. **He teaches six simple meditation techniques you can do in a few minutes that immediately ground you and bring you into inner peace and calm.**

BIO: Darren has had a long career as acupuncturist, inventor, writer, healer and teacher, integrating therapeutic systems from around the world. He has written four groundbreaking books, led hundreds of workshops and seminars, invented several vibrational devices used worldwide and helped develop advanced mind-body healing systems. His newest invention is coming out this year.

Thousands of people have been directly or indirectly touched by Darren's offerings, and he has inspired many colleagues to expand the scope of their work to include energy medicine and consciousness-based healing systems.

His healing work integrates vibrational technologies with multi-dimensional quantum healing to help people rapidly release old trauma, pain and limitations to their full, joyful self-expression. His workshops and retreats weave laughter and playfulness into deep transformational whole brain learning.

### **September 25, 2021, George Kuepper will be with us for a Q&A.**

George is the author of the new book “Psychotronics and a Biodynamic Garden.” We will post a Kuepper talk in members only and have a Q/A like our Bearden webinar in March. On his website, <http://www.midsouthradionics.com/about-george.html> George says, “I’m George Kuepper, originally from Wisconsin but, for many years now, a resident of the Mid-South. I earned a Master of Science from the University of Wisconsin in Agronomy in the mid-1970s and am blessed to have spent my entire career working on sustainable and organic agriculture for such noble entities as The Center for the Biology of Natural Systems in St. Louis, The National Center for Appropriate Technology (ATTRA), and the Kerr Center for Sustainable Agriculture in Oklahoma.

I discovered radionics in the 1980s while struggling to revive an Oklahoma blueberry planting where agricultural chemicals had been both overused and misused. The planting was the cornerstone for

an eight-acre U-pick farm project for the aforementioned Kerr Center. We were replanting about 10% of the berry patch annually due to disease and other losses. Conventional testing by Universities and private labs told me what the symptoms were, but didn't help much with corrective action, other than to suggest more chemicals. It was certainly not sustainable. I'd reached the point where I'd try almost anything.

Listen to his presentation in September to find out what worked for him!

### **October 23, 2021, Toby Grotz will present “Mirror Image Symmetry in Windings of Coils”**

Toby Grotz is an electrical engineer who has been involved on both sides of the energy equation: exploring for oil and gas and geothermal resources and in the utility industry working in coal, natural gas, and nuclear power plants. While working in the aerospace industry, he worked on space shuttle and Hubble telescope testing in a solar simulator and space environment test facility. He has also been involved in research for new energy sources and novel forms of hydrogen production.

Toby attended the first Earth Day while at the University of Connecticut and took the first course offered in Environmental Engineering. His passion for environmental issues was fired by reading Rachel Carson's book *Silent Spring*, which he says should be required reading for every high school student. In 1976, Toby met Jim Fowler an organic farming pioneer who owned the first health food store in Denver and introduced him to the research and work of natural farming advocates of the 1900's, such as [Lady Eve Balfour](#) and [J.I. Rodale](#).

## **Section V: USPA Conference Recordings – the Impossible was made Possible!**

### **We now Have Enough MP3 and MP4 Recordings to make your heart flutter!**

Since the founding of USPA in 1975, hundreds of top speakers have made presentations at our annual conferences. These historic lectures were presented by people who are involved in the leading edges of science, especially the phenomena of Mind-Body and technology.

When we started recording talks in 1978, we only had audio cassettes tapes. Video recordings on VHS started in 1982 and ran thru 2002. DVDs started in 2003 and ran until the latest format MP4 digital Audio / Visual format began in 2015.

USPA has a library of over 1400 of our lectures from 38 of our 41 annual conferences!

A few years ago, through the diligence of several USPA members, (Al Kacperski, Beverly Coleman and Gail Ruggles) the 14 years of audio recordings became available for purchase in mp3 format.

Recently, Scott Beutlich, treasurer of USPA, with the blessing of the board of directors, vetted several companies for conversion of all of our videos to digital media! In December of 2020 in the middle of the Covid Pandemic, he took all the tapes and DVDs to two companies and when the transfer was complete, he volunteered to go through each of them, adding titles and legal disclaimers. It was a labor intensive project.

## **The Transcription of all of our Videos to mp4 is Now Complete!!!**

(Yes, I know. Using three exclamation points is overkill. If you knew what it took to get us here, you'd want us to put in three more!!!)

You can now order any recordings you want from our lists:

Click the link for All Recordings [Organized by Conference year](#)

Or Click this link for All Recordings [Organized by Speaker, Alphabetically](#)

**Word to the wise** – don't click “print” unless you have a lot of paper in the printer! The regular list is 54 pages long. The speaker list is 40. So, download the lists for perusal, and print just the last two order sheet pages to fill out your selections; one order sheet is for audio, one is for video. Please watch the titles; not every lecture is available in both formats. If you have any questions about a listing, please contact Scott at [uspsychotronics@yahoo.com](mailto:uspsychotronics@yahoo.com)

### Al's Alternative Energy Reading Corner – With Al Kacperski

### Al's Alternative Energy Reading Corner

**George Wiseman** has been researching hydrogen for many years. He has developed water torches, and now hydrogen for health.

A water torch is powered by water and electricity and produces a flame that adjusts its temperature to whatever the flame is heating. No other torch does this. The water is mixed with a substance that makes it conductive so the electrolysis can take place in the machine.

The gas produced is a mix of hydrogen and oxygen from the water. When burned, it reverts back to pure water. There is no pollution. You can swipe the flame across your arm and you will not get burned. But I have witnessed the same flame turn a piece of stone to white hot in 3 seconds. That is thousands of degrees C!

His hydrogen for health machine has shown to have many health benefits which are described in his writings. You can read more at: <https://eagle-research.com/> A predecessor to George is Dr. Yull Brown who you can read about at: <http://pacenet.homestead.com/Blank.html> and at:

<https://www.nottaughtinschools.com/Yull-Brown/Free-Energy-Interview.html>

*Happy Reading,  
Al Kacperski*

[Editor's Notes: From George's Linked-In Description:

George Wiseman is the founder and president of Eagle-Research, a non-profit organization that develops and distributes energy-saving solutions. He is multi-talented and multi-degreed, but singular in his mission: to promote self-sufficiency at the individual level by discovering and sharing the best, all-around, practical solutions. George attributes his self-reliance, resourcefulness and commitment to our natural environment, to his rural roots.

"Dad didn't believe in having any equipment on the place (hobby farms in Montana, Oregon, Alaska and finally a ranch in British Columbia) that we couldn't fix ourselves. We had running water if we ran and got it. And electricity was something that came in batteries".

His farm-grown, western cowboy philosophy combines well with his inventor persona to create a world-class visionary. He takes the hand-up rather than the hand-out approach to everything. Since 1984, George has been making his living as an inventor and author. His fuel-savers have gained him a worldwide following of satisfied consumers who eagerly pursue his work for new offerings.

George continues to impress his customers, peers and competition with practical innovations that can be successfully home-built. His latest product, the 'ERxxxx Water Torch,' is making great waves in dozens of industries around the globe.

As much as anything, it's his commitment to patent free technology development that has earned George Wiseman a champion reputation. Openly sharing research findings benefits everyone by constantly elevating the standards of viable energy solutions.

George's work has been featured on radio and in newspapers around North America and at many 'alternative' energy gatherings including the International Tesla Society Symposiums and Exotic Research Conferences.]

## Description

The Brown's Gas Power Device is a miniature oxy-hydrogen generator. This vehicle-mounted device uses the high-energy and catalytic properties of Brown's Gas. When the engine is running hydrogen and oxygen gas is added to the combustion chamber through the normal air intake hose to assist fuel combustion. The performance of the engine is improved, the fuel is fully burned, fuel consumption is significantly reduced, the throttle response speed is increased, exhaust emissions are reduced, and the service life of the engine is greatly extended. This power Device is the only direct current (DC) oxy-hydrogen generator available in world markets. This product is patented.

### Warning about Fuel Saver & Dry Cell Kits

Our power device is an authentic Brown's Gas oxyhydrogen gas generator that produces an intermingled and homogenous combustible gas that makes your engine run cooler and extends the engine's life. Hydrogen Fuel Saver & Dry Cell Kits marketed on the Internet for vehicles produce a simple mixture of separated hydrogen and oxygen gases that burn at very high temperatures in engines eventually causing damage to engines by melting pistons and other parts. Vehicle Fuel Saver & Dry Cell Kits producing hydrogen will cut the life of your engine. Special engines are needed to burn hydrogen fuel. It is unauthorized and a misrepresentation to use the name Brown's Gas® with the sale of any Hydrogen Fuel Saver or Dry Cell Hydrogen Kit.

## **Section VIII – The Auction is still open!**

### **The “Auction”**

Now USPA has now found itself “buried” under a mountain of this priceless historical data in the form of audio cassettes, VHS Cassette Videos and DVD recordings. What are we going to do with all the originals??

We’re having a silent auction, and offer them off to the highest bidder. Details have been printed in previous newsletters and can be supplied on request to [gailinvermont@outlook.com](mailto:gailinvermont@outlook.com) or on the website at [AUCTION](#).

We have doubles and quadruples of some of them. Let us know what you’d like and we’ll give you a price you can’t refuse!

## **A Virtual Library at USPA**

Our former newsletter editor John Reed has done an enormous amount of this preservation work too. He has scanned to pdf thousands of pages of scientific work. He has preserved most of our USPA newsletters, journals and proceedings and much more. He continues to be the “official” librarian of USPA. Many thanks to John for all of his work! The full, ever changing list can be found here: [USPA Library](#).

John says: “As a whole, the members of USPA have a huge “library” of books, scientific articles and periodicals, but it just happens to be “distributed” among its members at this point in time.

However, we can work together, and if you would be willing to loan, donate, Xerox, or as a last resort, sell copies of your periodicals to us for the USPA Library, then we will be able to build a large centralized library of all psychotronics periodicals. And all USPA members will then be able to use these periodicals in their research or for their reading enjoyment.”

Do you have an old or out of print book in related fields that you would share with USPA? If so, contact John here [CONTACT JOHN](#) and if it is a book or periodical that we do not have, (for a limited time) we will offer you the audio or video of your choice from USPA’s extensive collection. Find the links to these lists on page five of this newsletter.

## **Section IX Editor’s Feedback Nook:**

### **Do you yearn to have your paper published?**

Many scientists and researchers got their start by submitting articles to publications like this one. Consider the fact that this newsletter has a readership of over 2,200 people. Don’t be shy! SHARE!

If you have a draft of a paper you would like “peer-reviewed” send it to us and our board will review it. Your ownership is safe with USPA. If you have a finished paper you would like published here, please submit it and with Board approval, it will go in the next newsletter.

### **We’d like this to be an interactive newsletter! (Read that as “Somebody talk to me!!)**

Send your article submissions, comments or questions to the editor, Gail Ruggles at [gailinvermont@outlook.com](mailto:gailinvermont@outlook.com) (Please note; my email has changed.) I will respond to all!

### **Do you need a writing prompt?**

- Who is your favorite USPA Speaker? (And why?)
- Where did you last attend the USPA Conference and what did you like most?
- What’s the neatest single thing you learned at a conference, that you didn’t expect to learn?
- What radionic or psychotronics book or article have you read lately that you would like to share?
- Who would you like to see present a webinar on our website?
- Are you looking for info about a radionic instrument, scientist, book or article you can’t find?

### What is USPA?

The United States Psychotronics Association (USPA) is a nonprofit 501(c)(3) organization founded in 1975 to serve as a focal point for scientific and technical exploration of the universe of esoteric, spiritual, and psychic arts in the United States of America.

The USPA has been hosting annual conferences for its membership since its formation and has featured countless individuals with cutting-edge viewpoints, research, or theories to share, allowing any interested persons to openly discuss their work.

### What is Psychotronics?

USPA defines psychotronics as the science of mind-body-environment relationships, an interdisciplinary science concerned with the interactions of matter, energy, and consciousness.

Psychotronics involves the study, research, and applications of the physics and technology of the mind, brain, spirit, consciousness, and the underlying forces of life and nature – hence the term “psychotronics”.

We believe that a true understanding of the universe must include the spiritual, as well as, the technical, and provide an opportunity for amateur researchers to present their findings along with the professionals. We stress research, with documentation of results, and practical applications, rather than personal experience and unsupported hypotheses.

## Section XII – Classifieds

**If you have any “related items” to sell**, (books, radionic machines, etc.) we charge 20 cents per word, 20.00 per half page with supplied artwork or photos or 35.00 per whole page. Your paid ad will run in the next three issues of the newsletter, or until you let us know your item is no longer for sale.

**If you would like to publicize an event for a non-profit organization**, USPA will advertise for you up to 750 words free. We ask for mutual links to our website from yours.

**If you would like to publicize a for profit event**, USPA will charge average advertising rates. Please contact Scott Beutlich at [uspsychotronics@gmail.com](mailto:uspsychotronics@gmail.com). to discuss this well ahead of time.

(We will have a disclaimer on the page saying that USPA is not responsible for the content or condition of items sold from this newsletter, nor does it back any treatment, modality or veracity of presentation. It does not back any claim of medical efficacy of machines or treatments. USPA can not recommend specific radionic practitioners, or offer radionic treatments from its board or officers.

## Section XIII – J.G. Gallimore’s Five Rare Books Are Now Available!

Jerry G. Gallimore was one of the founders of the USPA in 1975, and was a leading researcher in psychotronics and unusual energies until his untimely death in 1989.

All five of J.G. Gallimore’s rare books on psychotronics subjects and unusual energies have been reprinted by the United States Psychotronics Association (USPA) and are being made available at a fraction of the cost that used copies were being sold at online.

So rare have these books been, that only a few libraries in the entire world had them in their collections, and some original Gallimore’s books were being sold for several hundred dollars each online. However, with these newly reprinted volumes, each will be available for less than \$30.00. All are: [Available at Amazon.com](http://Amazon.com)

<b>The Handbook of Unusual Energies: Volume 1 of Handbook of Unusual Energies</b>	ISBN-10: 1543024998 ISBN-13: 978-1543024999	The first book of three volumes on unusual energies	468 Pages
<p>Gallimore discusses in depth the research, discoveries, and inventions of all the major researchers in subtle energies, the aether, biological 62 fields, pyramid energy, radiesthesia, radionics, crystal transduction, and related subjects.</p> <p>These include the works of Baron Von Reichenbach's and his odic energy, Dr. Wilhelm Reich's orgone energy, Dr. Harold Burr's biological life fields, Kozyrev's time mirror, Edgar Cayce's transmission of energy, and related research done by many others.</p> <p>Of particular importance is Gallimore's 127 page chapter on radionics. In this chapter he discusses in depth the research and devices of Ruth Drown, T. Galen Hieronymus, Rho Sigma, Dr. L. P. Corte and other prominent people in the radionics field.</p>			
<b>Collected Properties &amp; Writings of J. G. Gallimore: Volume 2</b>	ISBN-10: 1543025048 ISBN-13: 978-1543025040	The second book of three volumes on unusual energies	258 Pages
<p>This is the second book in the “Unusual Energies” series that J.G. Gallimore published. It covers Gallimore's research on Albert Abrams, the founder of modern radionics, psychological physics, psychic energy, thought resonance, subtle energies, crystals, and related subjects.</p> <p>In addition, a number of radionics devices are discussed, such as the De La Warr Diagnostic Instrument. And very helpfully, the rates are provided for substances, body organs, and medical diseases and disorders. I very interesting interview of Christopher Bird, conducted by J.G. Gallimore is</p>

The third book of  
three volumes on  
unusual energies

228  
Pages

This book describes in depth the research and theories of J.G. Gallimore into the question of "parapsychology transmission" -the question of how such things as telepathy, remote viewing, ESP, and similar phenomena can physically occur.

He discusses the various emanations, radiations, and energy fields of all matter and life including the ancient Chinese energy called "chi" (qi), the ancient Indian's prana energy, Reichenback's "odonic force," Gurwitsch's "mitogenic radiation," Wilhelm Reich's orgone energy, and other subtle energies. He shows how all of these energies are similar, how they interact, and how they are related to gravity.

He also discusses crystals as transducers of these energies, and provides diagrams of devices that could potentially be used to harness or control these energies.

Control**

ISBN-10:

374  
Pages

This book covers the visionary research and theories developed by J.G. Gallimore about anti-gravity, space, time, and biophysics.

He discusses in depth the dimensions of space, time, and gravity, and new discoveries in each of these areas. In addition, he covers research being done on anti-gravity and then discusses anti-gravity patents that have been obtained.

He also discusses the intriguing concept of aura energy fields surrounding humans and other living things, and how extra-sensory perception (ESP) might be explained through biophysical principles.

Neutral Charge Plasma Fields**

ISBN-10:  
1543024831  
ISBN-13:  
978-1543024838

134  
Pages

This book is about psychotronics, radionics, electromagnetic fields and waves, psi-plasma, plasma fields, subtle energies, bio-electromagnetic energy, and other unusual energies emitted by living and non-living things. It also is about how living things interact with and are affected by these energies, which may enhance health or harm health.

The book covers the research of Wilhelm Reich on Orgone energy, of Baron Reichenback on the odic forces, as well as research done by Cazzamalli on brain radiations and Lakhovsky on using high frequency radiations to successfully treat cancer in humans. In addition, Lakhovsky used similar methods to enhance the growth of plants. Gallimore shows how these energies, forces, and fields are all inter-related and provides hypotheses and ideas on their possible unification.
