Section II – This month’s Master Class

Beverly Rubik and Andrew Michrowski Present: “Wireless Technology, Radiation, and the Possible Connection to the Covid-19 Pandemic”

Andrew Michrowski will start this Masterclass at 11:00 am on 8/28/2021 and he will cover the basics on wireless and especially 5G, safety and health issues, and where the technology applications are headed in the future, plus protective measures.

Beverly Rubik will follow after a brief intermission and will focus on the possible role of 4G & 5G in the COVID-19 pandemic and the overlapping symptomatology.

Andrew will touch on some of the following questions:

1. Define the spectrum and wave properties (modulation, pulsations) of wireless radiation from technology and 3G, 4G, and 5G.
2. What is the official position on exposure & safety to these radiations? (USA, Canada, ICNIRP, IEEE, FCC, European Union)
3. Are these public health guidelines sufficient? Or is wireless radiation harmful to humans? What about other species and the biosphere? Who decides what is safe?
4. What are the biological effects of wireless on humans? Explain the thermal effects and the non-thermal effects and the scientific controversy concerning non-thermal effects. What is electro-sensitivity, or electro-hypersensitivity as it is sometimes called?
5. 5G infrastructure is antennas, base stations, and satellites—please explain them and the phased array nature of 5G signals.
6. 5G infrastructure is being installed now—what is the status of this in Canada & the US (and elsewhere in case you know)?
7. What 5G consumer devices (mobile phones, computers, wireless routers, and smart meters) are now available for purchase & use?
8. Are you concerned about radiation exposure and health? How can people protect themselves against wireless radiation exposure? Is prudent avoidance the best way? Are there protective products that have independent scientific testing and peer reviewed publications in scientific journals? Please describe such products that have been tested, how they work, & tell us about the testing that was done to prove efficacy.
9. Where do you see wireless technology going in the next few years? We hear about the coming 6G, which involves wireless technology installed in the human body. There is an interest in monitoring human physiology in this way, and possibly much more, including control of behavior or inputting thoughts. What do you know about plans for future technology in this regard?

Beverly’s Presentation will follow Andrews as she discusses: Is Wireless Communication Radiation a Possible Factor in the COVID-19 Pandemic?

According to the CDC, there is a triad of relationships in all diseases—the agent, the health of the host, and the environment.

Considerations of the environment have been lacking in the present pandemic. 5G, the fifth generation of wireless communication radiation, had already been installed in Wuhan, China in October, 2019, just before the pandemic began. Subsequently a few epidemiological studies were done showing that the pandemic initially spread to regions in the world where 5G had been at least partially implemented.

In this presentation, evidence from the peer-reviewed literature will be presented showing that the bio-effects of wireless communication radiation and the symptoms and progression of COVID-19 are quite similar. This overlap suggests a relationship.

Therefore, it is possible that exposure to wireless communication radiation—including the deployment of 5G along with the densification of 4G—exacerbated the pandemic, by weakening people, disrupting their immune systems, and causing adverse effects on the blood, among other effects. In this presentation, you will learn:

- (1) What 5G infrastructure entails and how it is progressing worldwide;
- (2) The epidemiological studies showing a link between 5G infrastructure and the spread of the pandemic;
- (3) The bio-effects of 4G and 5G and how they are similar to COVID-19 manifestations and disease progression;
- (4) How we can best protect ourselves from wireless radiation from technology

About Beverly Rubik: She earned her PhD in biophysics at University of California at Berkeley. She teaches energy medicine to doctoral students at Saybrook University. She is also president & founder of Institute for Frontier Science, a 501c3 nonprofit laboratory conducting research on the human biofield and the effects of microwaves on health.

About Andrew Michrowski: He attended Politecnico di Milano, Architecture, Urbanism & Regional Planning, with engineering & sciences (Dott. Arch., with honors). Served with Indian & Northern Affairs as Chief Planner, and with Secretary of State as forecaster, policy analyst and program evaluator, including EMF issues. Authored: *Solutions to the global environmental crisis*; *EM dimension of indoor environments* (Indoor Air conference); Edited/co-edited: *Basis of Electromagnetic Hygiene, ELF Primer*. Scientific advisor NOVA series, TV specials and award-winning documentaries. Headed multi-year Canadian EMF in housing study for Canada Mortgage and Housing Corporation team. Consumer Reports, EMF shielding, electric & hybrid car, and protective testing, safe housing guideline development. Briefs at United Nations, Geneva & New York, & Royal Society of Canada. Legal EMF issues expert witness, expropriation assessment reports. *Galileo Galilei* 2017 International Award.

Section III – In case you missed June’s MasterClass ☺

Masterclass #18, Brooks Agnew Presented: “Psychotronics.”

This talk is now available for free viewing to all USPA Members on our Members Page on the website <https://www.psychotronics.org> You can join USPA for 35.00 a year (Discounts for Service Personnel, Students and three year purchase) by clicking those links. ☺

Section IV – Great Lectures coming in our Continuing Master Class Series:

September 25, 2021, George Kuepper will be with us for a Q&A.

George is the author of the new book “Psychotronics and a Biodynamic Garden.” We will post a Kuepper talk in members only and have a Q/A like our Bearden webinar in March. On his website, <http://www.midsouthradionics.com/about-george.html>

This will be a Masterclass after the format of March’s Class about Tom Bearden.

1. George’s book is available on his website.
2. George’s relevant video is available for free viewing to members on our website, under our member’s tab. Scroll down to “BONUS VIDEOS” and scroll again to “2016 George Kuepper Practicing Radionics for Farming and Gardening.”
3. If you don’t have your membership yet, you can buy and download George’s video on our Products page. Click on The main header “Shop;” click on “Products” then the Video Icon then, the box “2016 Deerfield, Illinois” and finally “2016 George Kuepper Practicing Radionics for Farming and Gardening.”

4. You can then purchase the video and download it immediately.
5. George will be on hand live to share his stories and there will be time following for a Q&A, so jot down your questions and depending on the crowd size, you will be able to either “raise your hand” and get called on, or type your question into the Chat Side Bar.
6. Don’t forget – This whole Masterclass is free and will be free for Re-Viewing by members in a day or two after the presentation.

George says, “I’m George Kuepper, originally from Wisconsin but, for many years now, a resident of the Mid-South. I earned a Master of Science from the University of Wisconsin in Agronomy in the mid-1970s and am blessed to have spent my entire career working on sustainable and organic agriculture for such noble entities as The Center for the Biology of Natural Systems in St. Louis, The National Center for Appropriate Technology (ATTRA), and the Kerr Center for Sustainable Agriculture in Oklahoma.

I discovered radionics in the 1980s while struggling to revive an Oklahoma blueberry planting where agricultural chemicals had been both overused and misused. The planting was the cornerstone for an eight-acre U-pick farm project for the aforementioned Kerr Center.

We were replanting about 10% of the berry patch annually due to disease and other losses. Conventional testing by Universities and private labs told me what the symptoms were, but didn’t help much with corrective action, other than to suggest more chemicals. It was certainly not sustainable. I’d reached the point where I’d try almost anything.”

Listen to his presentation in September to find out what worked for him!

October 23, 2021, Toby Grotz will present “Mirror Image Symmetry in Windings of Coils”

Toby Grotz is an electrical engineer who has been involved on both sides of the energy equation: exploring for oil and gas and geothermal resources and in the utility industry working in coal, natural gas, and nuclear power plants. While working in the aerospace industry, he worked on space shuttle and Hubble telescope testing in a solar simulator and space environment test facility. He has also been involved in research for new energy sources and novel forms of hydrogen production.

Toby attended the first Earth Day while at the University of Connecticut and took the first course offered in Environmental Engineering. His passion for environmental issues was fired by reading Rachel Carson’s book *Silent Spring*, which he says should be required reading for every high school student. In 1976, Toby met Jim Fowler an organic farming pioneer who owned the first health food store in Denver and introduced him to the research and work of natural farming advocates of the 1900’s, such as [Lady Eve Balfour](#) and [J.I. Rodale](#).

November 27, 2021, Glenn Rein will present "The role of longitudinal scalar energy and bio-energy in the healing process."

Be sure to keep an eye out for our campaign emails so you won’t miss your favorites.

Section V – A Special Sharing from The Radionic Association of England

A Practical Radionic Course: Discover How to Help Family and Friends with Radionics.

[From: <https://www.radionic.co.uk/discover-how-to-help-family-and-friends-with-radionics/>]

THE RADIONIC ASSOCIATION

This course is a practical 5 week online course, being held on Mondays, from September 13th to October 18th, 2021. The Classes will be held (in England from 7:00 to 8:30 pm.) so, US time, that is SIX hours earlier CHICAGO time, or 1:00 in the afternoon. [Noon US Eastern Time; 11:00 US Mountain Time and 10:00 am US Pacific Time.]

A little Background: The Radionic Association is a member of the *Confederation of Healing Organisations (CHO)*.

“The Radionic Association aims to promote the practice of radionics as an honourable and skilled profession, to foster research into the science of radionics and to provide a centre for the collection and dissemination of information.

The Association is directed by a Council which meets four times a year and the office is based in Baerlein House, Deddington, Oxfordshire.

We publish the Radionic Journal which is supplied free of charge to all members and maintain a lending library of over 1000 titles. We also supply a Register of Practising Members for those seeking radionic treatment.” [<https://www.radionic.co.uk/who-we-are/>]

About the class they are offering: [<https://www.radionic.co.uk/discover-how-to-help-family-and-friends-with-radionics/>]

The following 5 week course will be led by tutors of the School of Radionics and is for those who would like to be able to help their family and friends. Each session will consist of a practical tutorial of about one hour followed by 30 minutes of Q&A. On completion you will have sufficient information to carry out a basic analysis and to give simple treatments to support health and wellbeing. It is necessary to be proficient at dowsing before commencing the course. See tutorial date below.

Places are limited. After confirmation of your booking on the course you will be emailed a detailed pdf manual to guide you through the sessions. You will receive a small DT10 instrument on which to broadcast your treatments and a pack of colour gels. You will need to buy a pendulum and to have a timer.

**MONDAY 13 SEPTEMBER: Subtle anatomy
with Carol Bamber Judd & Kathryn Palfrey**

In this session we look at the aura and subtle bodies: the etheric which mirrors our physical, and our emotional and mental bodies. We consider what overstimulation and congestion mean. Many health problems originate at subtle levels and this is the start of radionic work. Through dowsing you will begin working on your own analysis and entering information on the analysis sheet.

**MONDAY 20th SEPTEMBER: Chakras and the endocrine system
with Gisela Norman & Amanda Pratt**

Our chakras are our powerhouses. They may be overactive or underactive. They distribute energy throughout the body via our endocrine glands and you will learn what each area governs, again entering your findings on the analysis sheet. This will complete the overview of subtle anatomy.

**MONDAY 27TH SEPTEMBER: Systems and structures
with Gisela Norman & Kathryn Palfrey**

We look at the individual structures of the body and dowse to find out how well each system is functioning. We will note the worst location from our readings. Each person will have factors in life which have contributed to ill health and we look at common causes and try to understand how they are reflected in our analysis.

**MONDAY 4TH OCTOBER: Treatment protocol
with Carol Bamber Judd & Amanda Pratt**

This session will go through the method used to broadcast healing treatments using the small DT10 instrument. We will use simple treatments with rates and consider the Bach flower remedies and the use of colour both of which work well with radionics.

MONDAY 11th OCTOBER:

NO SESSION – PRACTISE AT HOME WEEK

MONDAY 18TH OCTOBER: Consolidating your work.

***NOTE TWO WEEKS LATER** with a panel of all the tutors

This general session will be an opportunity to review the work covered in the four previous sessions and

Recommendation from Daniel Taylor: Dan Davidson, has recently (July 2021) revised and expanded his book, *Shape Power*, into a larger Second Edition.

Scott Beutlich said, "My dad [Bob Beutlich] loved the [earlier] little book 'shape power'... he had a small stack of extras he would give away to people.

Also, Dan Davidson spoke at USPA Conferences in 1993, 1995, 2010 and 2018." The 2018 video "Dan Davidson Aetheric Physics Cosmic Structure and Aether Function" is available in our products area now, and the other three will be soon. SHAPE POWER, SECOND EDITION by Dan A. Davidson

The Fundamental Discovery of How Shape Modifies Undifferentiated Universal Aether Into Electricity, Magnetism, and Nuclear Forces

Notes by the Author:

This new revised treatise on how form converts universal *aether* into electromagnetic and gravitic forces and related discoveries in gravitational physics is the result of 56 years of personally funded research. Dan has broken the code on how the process works... how nature manifests from the virtual particle soup of the *aether* into matter. The unified field theory which puts all this into perspective, complete with the mathematical physics and morphology of atomic structure, is defined in this work, establishing the embryonic basis for a new branch of physics and chemistry. The implications of the breakthrough discoveries elucidated in this book have far reaching implications in every area of our lives.

"Shape power" is the ability of multi-dimensional shapes to manipulate the "*aether*"--the local space energy field which permeates all space and time. The *aether* as a term and a concept is not currently accepted in academic circles because the *aether* was supposedly disproved back in the early part of this century by the Michaelson-Morley experiment. Flaws in the experiment caused new experiments to be run which indicated the existence of the *aether*. The orthodox physics community has not formally accepted these results. However, research in the last 20 years has brought the *aether* back in a new guise called *zero point energy* (ZPE).

We are surrounded by natural and man-made shapes. From the remarkable geometry of the atomic and sub-atomic realm, to the symmetrical beauty of flowers and seashells, to the shape of planets and galaxies, we find a kaleidoscope of shape which defines, in an infinite number of ways, our miracle universe. All natural shapes are the result of natural forces at work and, as such, are tuned into these natural forces because they are a part of these forces.

About Dan Davidson's books:

Dan first used the term "Shape Power" in his first book on free energy... "Energy Breakthroughs to New Free Energy Devices." At that time he devoted an entire chapter to the effects of geometrical shapes manipulating the aetheric field around them. The prime example of this is the ability of the *pyramid* shape to collect and focus aetheric energy. Numerous books have been written on "pyramid energy" and pyramids have gone and still go through various stages of fad within the new-age circles.

The ability of pyramid energy to cause various effects is well documented. Every shape manipulates aether in some manner. A cone is an example of an infinite sided pyramid and as such will do many of the same things which a simple pyramid does. The American Indian teepee is an example of a near conic shape which has many of the same energy effects as the pyramid.

This book will explore how different shapes manipulate the aether and how *Shape Power* can be used by you to enhance your life, your home, office, and your general well-being.

Section VII: USPA Lectures Digitization – The *FIRST* Herculean Task is Done!

We Have Enough MP4's to watch till Bendini's motor is common as the household microwave!

Background: Since the founding of USPA in 1975, hundreds of top speakers have made presentations at our annual conferences. These historic lectures were presented by people who are involved in the leading edges of science, especially the phenomena of Mind-Body and technology.

Technology Kept Changing: We tried to keep pace with technology. We went from Audio Cassettes in 1978 to VHS in 1982 to DVD's in 2003 to MP3 and Mp4 in 2015.

Creating the Library: Recently, Scott Beutlich, treasurer of USPA, with the blessing of the board of directors, vetted several companies for conversion of all of our videos to digital media! In December of 2020 in the middle of the Covid Pandemic, he drove all the tapes and DVDs to two companies for the transfer.

The Master List: The transcription of **all** of over 1400 USPA Conference videos to mp4 is now complete. Scott and Gail have exchanged emails for over a year to complete and correct (and correct and correct) the full list of available videos.

Download the free PDF catalog of over 1400 Recordings- by year: [Organized by Conference year](#)

Prefer to see the list sorted by speaker? Here it is: [Organized by Speaker, Alphabetically](#)

[[Words to the wise](#) – don't click "print" unless you have a lot of paper in the printer! The regular list is 54 pages long. The speaker list- without spaces and year titles is 40 pages. So, download the lists for perusal, and print just the last two order sheet pages to fill out your selections; one order sheet is for audio, one is for video. Please watch the titles; not every lecture is available in both formats. If you have any questions about a listing, please contact Scott at uspsychotronics@yahoo.com]

Making Them Pretty: Scott is now going through each of them, adding titles, the USPA Logo leader and legal disclaimers. It is a labor intensive project.

The next Herculean Task: Getting them in our Shop: As Scott gets these prepped, he uploads them to FileZilla. Gail then takes them, formats the titles in "USPA Style" and links them into the Products catalog on our website. *Currently we 110 Video recordings, have 35 audio recordings, and 4 Master Classes for sale.* We're putting more in the shop every week, so check back often for your favorites. If you just can't wait, contact Scott and he'll give your choice a bump to the head of the line!

Section VIII "Members Only" Perk: over 50 presentations for free online viewing.

New additions are highlighted in yellow

One big advantage to being a member of USPA is the [Members Only](#) page of our website.

We have over 60 presentations. There is a collection of Master Classes, livestream videos and Audio and video lectures from past USPA conferences. We've added several special videos too. Here is a list of the presentations available to **members** of USPA. Not a member yet? You can fix that in just a few minutes at <https://www.psychotronics.org/join/>

Section IX - What Are Others Up To?

A Virtual Library

John Reed has done an enormous amount of preservation work for USPA. He has scanned to pdf thousands of pages of scientific work. He has preserved most of our USPA newsletters, journals and proceedings and much more in digital format. He continues to be the “official” librarian of USPA. Many thanks to John for all of his work! The full, ever changing list can be found here: [USPA Library](#).

John says: “As a whole, the members of USPA have a huge “library” of periodicals, but it just happens to be “distributed” among its members at this point in time. However, we can work together, and if you would be willing to loan, donate, Xerox, or as a last resort, sell copies of your periodicals to us for the USPA Library, then we will be able to build a large centralized library of all psychotronics periodicals. All USPA members will then be able to use these periodicals in their research or for their reading enjoyment.”

Section X Editor’s Feedback Nook:

We’d like this to be an interactive newsletter! (Read that as “Somebody talk to me!!)

Send your article submissions, comments or questions to the editor, Gail Ruggles at gailinvermont@outlook.com (Please note; my email has changed.) I will respond to all!

Do you need a writing prompt?

- Who is your favorite USPA Speaker? (And why?) What did you learn unexpectedly?
- **Would you attend an “in person” conference in 2022? WE REALLY WANT TO KNOW**
- What radionic or psychotronics book or article have you read lately that you would like to share?
- Who would you like to see present a webinar on our website?
- Are you looking for info about a radionic instrument, scientist, book or article you can’t find?
- Would like to make a news announcement, report something, make a request, or post a question about anything related to psychotronics, radionics or a related subject? Here’s your chance!

Section XI: USPA Conference Recordings – the Digitizing Project’s Fallout:

The Auction

USPA has found itself “buried” under a mountain of priceless historical data in the form of audio cassettes, VHS Cassette Videos and DVD recordings. What are we going to do with all the originals??

We’re having a silent auction, and offer them off to the highest bidder. Details have been printed in previous newsletters and can be supplied on request to gailinvermont@outlook.com or on the website at [AUCTION](#).

We have doubles and quadruples of some of them. Let us know what you’d like and we’ll give you a price you can’t refuse! So, if you are interested in any of these items, please let us know. We are considering eBay! We’d rather sell them to you and ship direct than go through the Big E! Contact me gailinvermont@outlook.com

What is USPA?

The United States Psychotronics Association (USPA) is a nonprofit 501(c)(3) organization founded in 1975 to serve as a focal point for scientific and technical exploration of the universe of esoteric, spiritual, and psychic arts in the United States of America.

The USPA has been hosting annual conferences for its membership since its formation and has featured countless individuals with cutting-edge viewpoints, research, or theories to share, allowing any interested persons to openly discuss their work.

What is Psychotronics?

USPA defines psychotronics as the science of mind-body-environment relationships, an interdisciplinary science concerned with the interactions of matter, energy, and consciousness.

Psychotronics involves the study, research, and applications of the physics and technology of the mind, brain, spirit, consciousness, and the underlying forces of life and nature – hence the term “psychotronics”.

We believe that a true understanding of the universe must include the spiritual, as well as, the technical, and provide an opportunity for amateur researchers to present their findings along with the professionals. We stress research, with documentation of results, and practical applications, rather than personal experience and unsupported hypotheses.

USPA Generous Donors Recognition Page

The USPA would like to give special recognition on a continuing basis to people who have made generous donations to the United States Psychotronics Association in the past three years.

This special “USPA Generous Donors Recognition Page” will be carried in each issue of the USPA Journal & Newsletter, and new names will be added as donations are received.

The USPA wishes to recognize the following individuals and extend our gratitude for their generosity:

Donors 2021

**PMH Atwater
Nuzhat Haneef**

Donors 2020

**Michael Leger (aetherea LLC)
Alexander S.C. Rower
Michael Picker
PMH Atwater
Renee Gerow**

Donors 2019

**Dr. John Reed
Michael Leger
George Alder II
Harsinie Pranditarante**

To make a tax deductible donation
To the United States Psychotronics Association
(USPA) online:

Please go to the
[USPA Donations Page](#)
And use your credit card, debit card, or PayPal.

For those who wish to make a donation by check,
Please make your check payable to “USPA” and mail it to
USPA Treasurer, Scott Beutlich,

Section XIV – Classifieds

If you have any “related items” to sell, (books, radionic machines, etc.) we charge 20 cents per word, 20.00 per half page with supplied artwork or photos or 35.00 per whole page. Your paid ad will run in the next three issues of the newsletter, or until you let us know your item is no longer for sale.

If you would like to publicize an event for a non-profit organization, USPA will advertise for you up to 750 words free. We ask for mutual links to our website from yours.

If you would like to publicize a for profit event, USPA will charge average advertising rates. Please contact Scott Beutlich at uspsychotronics@gmail.com. to discuss this well ahead of time.

(We will have a disclaimer on the page saying that USPA is not responsible for the content or condition of items sold from this newsletter, nor does it back any treatment, modality or veracity of presentation. It does not back any claim of medical efficacy of machines or treatments. USPA cannot recommend specific radionic practitioners, or offer radionic treatments from its board or officers.

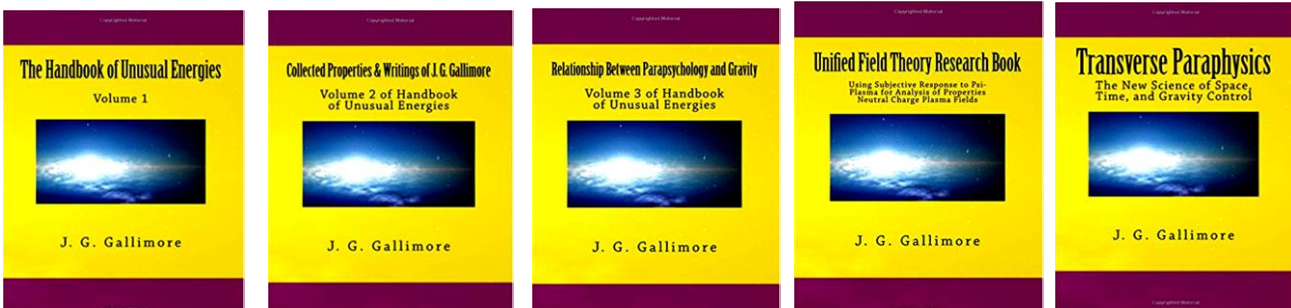

Section XV – J.G. Gallimore’s Five Rare Books Are Now Available!

Jerry G. Gallimore was one of the founders of the USPA in 1975, and was a leading researcher in psychotronics and unusual energies until his untimely death in 1989.

All five of J.G. Gallimore’s rare books on psychotronics subjects and unusual energies have been reprinted by the United States Psychotronics Association (USPA) and are being made available at a fraction of the cost that used copies were being sold at online.

So rare have these books been, that only a few libraries in the entire world had them in their collections, and some original Gallimore’s books were being sold for several hundred dollars each online. However, with these newly reprinted volumes, each will be available for less than \$30.00. All are: Available at Amazon.com

| The Handbook of Unusual Energies: Volume 1 of Handbook of Unusual Energies | ISBN-10: 1543024998 ISBN-13: 978-1543024999 | The first book of three volumes on unusual energies | 468 Pages |
| <p>Gallimore discusses in depth the research, discoveries, and inventions of all the major researchers in subtle energies, the aether, biological 62 fields, pyramid energy, radiesthesia, radionics, crystal transduction, and related subjects.</p> <p>These include the works of Baron Von Reichenbach's and his odic energy, Dr. Wilhelm Reich's orgone energy, Dr. Harold Burr's biological life fields, Kozyrev's time mirror, Edgar Cayce's transmission of energy, and related research done by many others.</p> <p>Of particular importance is Gallimore's 127 page chapter on radionics. In this chapter he discusses in depth the research and devices of Ruth Drown, T. Galen Hieronymus, Rho Sigma, Dr. L. P. Corte and other prominent people in the radionics field.</p> | | | |
| Collected Properties & Writings of J. G. Gallimore: Volume 2 | ISBN-10: 1543025048 ISBN-13: 978-1543025040 | The second book of three volumes on unusual energies | 258 Pages |
| <p>This is the second book in the “Unusual Energies” series that J.G. Gallimore published. It covers Gallimore’s research on Albert Abrams, the founder of modern radionics, psychological physics, and psychic energy, thought resonance, subtle energies, crystals, and related subjects.</p> <p>In addition, a number of radionics devices are discussed, such as the De La Warr Diagnostic Instrument. And very helpfully, the rates are provided for substances, body organs, and medical diseases and disorders. I very interesting interview of Christopher Bird, conducted by J.G. Gallimore is provided, as well as a discussion of Walter Russell and his research</p> | | | |

| Relationship Between Parapsychology and Gravity: Volume 3 | ISBN-10: 1543024947 ISBN-13: 978-1543024944 | The third book of three volumes on unusual energies | 228 Pages |
| <p>This book describes in depth the research and theories of J.G. Gallimore into the question of "parapsychology transmission" -the question of how such things as telepathy, remote viewing, ESP, and similar phenomena can physically occur.</p> <p>He discusses the various emanations, radiations, and energy fields of all matter and life including the ancient Chinese energy called "chi" (qi), the ancient Indian's prana energy, Reichenbach's "odonic force," Gurwitsch's "mitogenic radiation," Wilhelm Reich's orgone energy, and other subtle energies. He shows how all of these energies are similar, how they interact, and how they are related to gravity.</p> <p>He also discusses crystals as transducers of these energies, and provides diagrams of devices that could potentially be used to harness or control these energies.</p> | | | |
| Transverse Paraphysics: The New Science of Space, Time, and Gravity Control | ISBN-10: 1543024920 ISBN-13: 978-1543024920 | | 374 Pages |
| <p>This book covers the visionary research and theories developed by J.G. Gallimore about anti-gravity, space, time, and biophysics.</p> <p>He discusses in depth the dimensions of space, time, and gravity, and new discoveries in each of these areas. In addition, he covers research being done on anti-gravity and then discusses anti-gravity patents that have been obtained.</p> <p>He also discusses the intriguing concept of aura energy fields surrounding humans and other living things, and how extra-sensory perception (ESP) might be explained through biophysical principles.</p> | | | |
| Unified Field Theory Research Book: Using Subjective Response to Psi-Plasma for Analysis of Properties Neutral Charge Plasma Fields | ISBN-10: 1543024831 ISBN-13: 978-1543024838 | | 134 Pages |
| <p>This book is about psychotronics, radionics, electromagnetic fields and waves, psi-plasma, plasma fields, subtle energies, bio-electromagnetic energy, and other unusual energies emitted by living and non-living things. It also is about how living things interact with and are affected by these energies, which may enhance health or harm health.</p> <p>The book covers the research of Wilhelm Reich on Orgone energy, of Baron Reichenback on the odic forces, as well as research done by Cazzamalli on brain radiations and Lakhovsky on using high frequency radiations to successfully treat cancer in humans. In addition, Lakhovsky used similar methods to enhance the growth of plants. Gallimore shows how these energies, forces, and fields are all inter-related and provides hypotheses and ideas on their possible unification.</p> | | | |
