Radionic Round Table and Q & A – USPA

[CLICK HERE](#) to reserve a Spot at this free Masterclass.

USPA Free Masterclass #27 brings together some standouts in the field of Radionics for a Question and Answer session. Dan Taylor will moderate. This is a live presentation. **Questions submitted before this Zoom Masters Class** will be taken first. Send your questions to Scott Beutlich at uspsychotronics@yahoo.com Additional questions in the chat room will be answered in order as time permits.

All four panel members Marty Lucas, George Kuepper, Dan Taylor and Ed Kelly have participated in USPA Masterclasses and have spoken at USPA conferences in the past few years.

Section II Sponsors' Spot

We have two sponsors this month!

First, **Marty Lucas of
Every Advantage Consulting
and
Ed Kelly of
Kelly Research Technologies**
Sponsor this Masterclass
at the "9/49 Vitalizer" Level.

**This spring they're presenting the
7th Annual Radionics Spring Classic:
Atlanta, Georgia**

A hands-on workshop focused on practical techniques for analyzing, balancing, and potentizing using Hieronymus-style instruments. Participants will learn how to solve problems and create opportunities via radionic energy manifestation.

~~~~~  
Second is **Brent**, owner and  
producer of **"Americas Premier Occult  
And Metaphysical Collection"**  
<https://www.museumoftarot.com/>

The Museum was born of an idea,  
a liminal space for the blending  
of the old and new. The occult, magick,  
alchemy, the paranormal and noetic  
sciences harmonizing seamlessly with new  
concepts of physics and mind  
enhancement technologies. Brent Says,  
**"Museum of Tarot sells  
the only authentic  
Kilner-style Dicyanin Aura Goggles in  
the world."**

### Section III – USPA Master Class - #27 Radionic Panel Discussion and Q & A

Featuring: Marty Lucas, George Kuepper, Dan Taylor, Ed Kelly

[Sign up Here](#)

From Left to Right:

**Daniel Taylor** was elected to the USPA Board in 2015. He double-majored in Chemistry and Biology, and double minored in Physics and Mathematics, to prepare for Ph.D. level research in Biophysics. His undergraduate research involved single molecule tethering, magnetic tweezer manipulation, and Fluorescence Resonance Energy Transfer (FRET) analysis. Dan has been engaged in full-time Radionics research since 2010.

**Marty Lucas** is a full-time radionics practitioner and teacher. He is known for his unique perspectives and effective techniques. After serving in the military, Marty became the national training director of a nutritional supplement company and within a few years started his own business specializing in animal nutrition and uses radionics in his practices. When he is not working in his lab, teaching, or enjoying time with his family, Marty will be on his small organic farm in southeast Iowa.

**George Kuepper** was farm-raised in Wisconsin. He earned a BA in Geography and an MS in Agronomy from the University of Wisconsin at Madison. He has spent his career working with sustainable and organic agriculture in research, education, regulation, consultation, and project management.

He began investigating radionics in the mid-1980s to address problems with crops he couldn't solve by other means. His efforts were highly successful and he has continued with radionics and dowsing ever since. George continues to study subtle energies and farming in Northwest Arkansas. His specific interest is merging radionics and dowsing practice with Biodynamic agriculture. [www.midsouthradionics.com](http://www.midsouthradionics.com)

**Ed Kelly** is President of Kelly Research Technologies, a second generation family business dedicated to the manufacturing and distribution of top quality radionic instruments for use by the global community of radionic, Psychotronic and other "subtle energy" researchers and practitioners. Ed has been a member of the Board of Directors of the US Psychotronics Association since 2011. He completed a Bachelor of Science in Geology at the University of Georgia and a Masters of Business Administration in Entrepreneurship at Kennesaw State University. He served the nation for six years in the United States Marine Corps.

**All four panel members Marty Lucas, George Kuepper, Dan Taylor and Ed Kelly have participated in USPA Masterclasses , and /or have given presentations at USPA live conferences. For a list of Videos they have in the USPA website, see the next page.**

#### Section IV In Case you missed it:

**February 26th: Duncan Laurie presented “Exploring the Potential of Radionics in Art & Music”**

This is available for free viewing for members on our website or for purchase in our Shop

**Duncan Says:** “Radionics, in other names and forms, has deep cultural connotations in many societies throughout history. In those societies, radionics transcends healing and agricultural; it becomes a deep well of affirmative well-being, touching every aspect of life. It is a way of relating to the formative forces of vitality and consciousness.

He offered a broader understanding of Radionics as it relates to consciousness and art, especially as a creative tool.” The presentation was in three parts: Part 1: Radionics in Art – Historical Perspective; Part 2: Dragonline Lab Experiments; Part 3: Quantec/AXXYXX Technology.

**PLEASE NOTE:** The Chat from Duncan’s presentation is on page 6

#### Section V – Great Lectures Planned in our Continuing Master Class Series:

**April 9, 2022- Masterclass #28: Dannion Brinkley will speak on” What Dying Teaches You about Living.”**

Dan is the author of *Saved by the Light* – the description of Near Death events he experienced after being struck by lightning. Register early here → [Dannion](#)

**May 21, 2022- Masterclass # 29: Sky David will present “The Luminous Radiance of the Human Lymph System.”**

Sky worked with Cleve Backster at one point.

**June 18, 2022- Masterclass #30: Al Rohde and al Kacperski - “Experiences with Guy Obolensky and Preston Nichols”**

Later this summer, USPA Masterclasses will feature Ellen Kamhi, and PMH Atwater.

Keep an eye out for our Masterclass [emails](#) so you won't miss your favorite speakers.

### Al's Alternative Energy Reading Corner – Flywheel Energy Research

### Al's Alternative Energy Corner: Flywheel Energy Research.

Hi Readers,

Is Flywheel power generation possible? I have come across many videos of flywheel power generators.

[https://www.youtube.com/results?search\\_query=flywheel+generator](https://www.youtube.com/results?search_query=flywheel+generator) In conventional physics, they cannot work because you connect a motor, a generator, and a flywheel in a loop all of which have losses. So you would expect the system to slow down and stop after an initial external energy input is disconnected. But, I came across some interesting companies and papers that throw doubt on the conventional explanation.

The Kamma Gear Flywheel Power Generator is at <https://kammagearflywheelpowergeneration.com/> And the paper in the International Research Journal of Engineering and Technology is in “the attachment.” [Self-Generator Free Energy Flywheel](#)

### International Women's Month - Women of Psychotronics

**What do PMH Atwater, Judi Lynn Cole, Mary Hardy, Ellen Kamhi, Linda Lancaster, Lutie Larsen and Beverly Rubik have in common?** They are some of the women currently involved with the research in, practice of and/or teaching of radionics and psychotronics- “the science of mind-body-environment relationships; an interdisciplinary science concerned with the interactions of matter, energy, and consciousness.”

ALL of the women above and dozens more have been presenters at USPA Conferences since its beginnings. A full list of their presentations can be found here: [Women of USPA](#) Many of their lectures are available as mp3 or mp4 files in our [SHOP](#). Scott is working hard to get them all ready for publication. If you see one that has not been posted yet, please contact Scott and he will try to put it at the head of the list. Contact [Scott](#).

**PMH Atwater** is one of the original researchers in the field of near-death studies, having begun her work in 1978 (shortly after moving to Virginia), and is a pioneer in subjects like near-death experiences, the after effects of spiritual experiences, transformations of consciousness, reality shifts, future memory, and modern generations of children and how they differ from previous generations.

[https://handwiki.org/wiki/Biography:P. M. H. Atwater](https://handwiki.org/wiki/Biography:P._M._H._Atwater)

**Judy Lynn Cole** developed a cutting edge series of alternative solutions to individual, institutional and community problems that are financially feasible AND improve quality of life for the participants. Judy's areas of specialty range from real estate, bank and finance to sound healing, nutrition and photo-transduction.

Optimization of body protein synthesis and of sources and uses of funds mixed with stacking protocols using sound, nutrition and light therapies makes Judy's clock tick.

**Rev. Mary Hardy** is a writer, teacher, herbalist, Young Living Essential Oils Diamond Executive, and servant in the process of bringing a new consciousness to the planet. She has a Ph.D. in Homeopathy from the Missouri College of Naturopathic Physicians, and a BA in Education from Western Michigan University. She has written two books, *The Alchemist's Handbook to Homeopathy*, and *Pyramid Energy: The Philosophy of God, The Science of Man*.

**Ellen Kamhi, PhD, RN, AHN-BC, AHG**, The Natural Nurse® has been involved in Natural Medicine since 1973, when she directed a program in Ethnobotany at Cochise College in Douglas, Arizona. Dr. Kamhi attended Rutgers and Cornell Universities. She sat on the Panel of Traditional Medicine at Columbia Presbyterian Medical School and is a Medical School Instructor, teaching Botanical Pharmacology. She was nominated for the March of Dimes, Woman of Distinction 2004 and received the J.G Gallimore award for research in science.

**Dr. Linda Lancaster** is a Naturopathic & Homeopathic Physician. She has been in practice since 1981 and founded Light Harmonics Institute, an Energy Medicine Clinic and Educational Center based in Santa Fe, New Mexico. Her training includes Nutrition, Homeopathy, Subtle Energy Healing, Radionics, Emotional/Spiritual/Grief Counseling, Herbal Medicine, Ayurvedic and Detoxification Methods. Her health and cleansing programs have been offered to her patients for almost 40 years.

**Lutie Larsen** discovered radionics in 1974 when she was in the middle of raising a family of 10 children. They had recently moved to Utah, purchased 2 1/2 acre homestead and she was looking at more natural ways to resolve the day to day family issues. Radionics proved to be a perfect choice.

In a big family the garden serves many purposes. Children need food, but children also need chores. Family life thrives on everyone doing their share of the work.

Lutie has grown to have a huge respect for the perspectives she learned from studying and measuring/tuning the subtle fields in the family garden. She has gone on to extensive research in the sustainable and organic agriculture movement assisted by radionic techniques.

### Thomas L. Bearden – Remembered

Though Bearden's passing was mentioned in last month's newsletter, a board member sent in his online obituary. THOMAS "TOM" EUGENE BEARDEN (December 17, 1930 - February 03, 2022)

Thomas (Tom) Eugene Bearden, Lt Col, US Army, Ret., passed away on Feb 3, 2022 after a lengthy illness. Born on Dec 17, 1930 in Cheniere, LA, he was the baby of 3 boys. His brothers, Jay and Charles pre-deceased him. His mother, Lizzie, died in a car accident when he was 2 and he was raised by his grandmother and aunt while his two brothers were raised by his father, Emmet, deceased April 1955. In high school, he was one of two students awarded the Pepsi Cola scholarship which paid for his tuition at college. He played country music in clubs and on the LA Hayride on the weekends to help make money. He wrote and recorded 13 songs himself or for singers like Jim Reeves, Johnny Horton and Webb Pierce. He also joined the ROTC in college which was the start of his 20 year Army career.

After graduating from NE LA University in 1953 with a BS in Mathematics and minor in Engineering, he entered active duty the Army in June 1954 as an officer. During his 20 years in the Army, he served in places such as Korea, Viet Nam and Canada. One of the first Army personnel to achieve the new missile MOS of 51181, the Army also selected him to finish his MS degree in Nuclear

Engineering at GA Tech in 1971. During his Army time, he also studied Aikido and obtained a ranking of 3rd Dan before a back injury prevented his continued martial arts.

He was awarded the Legion of Merit commendation for developing the solution to a critical battery issue in the missiles which was causing them to not fire, thus leaving our country possibly defenseless.

Married to his first wife, Margery, in 1953, who had a son, Michael, they later had a daughter, Bonnie Lou, who passed before 6 months old and a son who was stillborn. In 1957 their daughter, Dana was born. After returning from Korea about 1963, they were divorced. Margery later passed on in Oct 1999 and Michael passed in Oct 2017.

Tom met his 2nd wife, Doris at his next duty station in Ft. Sill, OK and they were married in 1964. Doris had 2 children, Diana and David. While stationed in Canada, they had a son who was stillborn. Tom and Doris were married for 49 years before Doris passed in July 2013.

Tom's "hobby" was as a physics theorist and he was an accomplished author of many scientific books and papers, some on defense and even one on Aikido, that are still sought after today. He's been published in many scientific journals and even had some articles in magazines such as Omni. He travelled and lectured around the country and was a guest on many radio and tv shows. His idea of 'bathroom reading material' was a book on Quantum Physics!

Having been born literally "dirt poor" with no running water or indoor bathroom, Tom liked to tell his "swamp" stories of how he grew up fishing and hunting to survive in backwoods Louisiana. Driven by his younger life of being so poor, he was obsessed to acquire more knowledge and trying to use it to provide a better future for everyone. His ultimate goal was that he wanted to solve energy demands for the world so that people would be able to have a cleaner and healthier world to live in.

We hope that his many discoveries and scientific works, will contribute to his lifelong goal.

Survivors include his daughter, Dana O. Bearden-Baldwin (Gene) and stepchildren, Diana K. Hardinge and David L. Hardinge.

Mr. Bearden was preceded in death by his wife of 49 years, Doris F. McDonald and stepson, Michael L. Bearden (Marylyn). <https://www.berryhillfh.com/obituary/thomas-tom-bearden>

The farmer has a problem with Foxes eating his chickens. He asks the smartest person he knows, a physicist, to help him. The physicist spends all day thinking and calculating then, finally, he says, "I've found a solution! But it will work only for spherical chickens inside a vacuum."

**The Library Lion: John Reed is hoping a Publications Packrat like him will have what is missing.**

John Reed is creating a digital library by scanning every out of print book, series of newsletters and magazine articles that he can lay his hands on relevant to psychotronics, radionics and sister fields. As his database grows, he will share updates via this newsletter and our website.

The updated database list is posted in our library as a pdf link.

### **FIRST BIG GOAL:**

The USPA Library and Archives is working to gather a complete set of all issues of the USPA Newsletter from the very first issue of Vol.1, no.1 (Spring, 1979) to December, 2015, when the new series of newsletters

began online under the editorship of John H. Reed.

John has scanned many of the old issues, which were originally to be issued quarterly, but sometimes were published only semi-annually, annually, or not at all for a few years.

John asks **"Does Anyone Have Copies of the USPA Newsletter?"**

Would you be kind enough to check your physical collection and files to see if you have any of the missing issues we need, which are listed below? If you have any of the missing issues, please email me, John Reed, at: [joreed43@gmail.com](mailto:joreed43@gmail.com), or send them to John Reed, 7702 Reed Road, Levering, Michigan 49755. If you want them back, we'll scan them and return them. Thank you for your help."

### Section VIII: USPA Proceedings and Journals are All Digitized and in the Shop!!

#### 6 USPA Journals and 18 out of 19 Proceedings are now available for purchase.

You can download the Tables of contents for the Proceedings here:

<https://www.psychotronics.org/pub/pro/all-uspa-conference-proceedings-toc.pdf> and the table of contents for the Journals here <https://www.psychotronics.org/pub/j/six-journals-tables-of-contents.pdf>

#### The Evolution of the USPA Periodicals

Since its first meeting in 1975, hundreds of top scientists, educators and researchers have made presentations at USPAs annual conferences. They are from the leading edges of their fields, especially regarding the phenomena of Mind-Body connection, energy and emerging technologies. The first audio recordings were made in 1978.

In 1985, USPA produced a perfect-bound Proceedings book for its tenth conference. It is a comprehensive and fully edited collection of abstracts and/or final papers submitted by twenty-eight of the more than fifty presenters at that year's conference. The difficulty of editing papers and formatting the collection for book publication, just weeks before a conference was rather daunting.

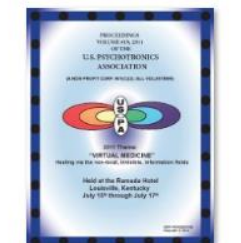

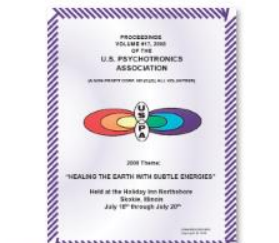

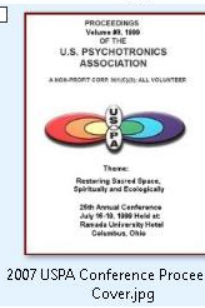

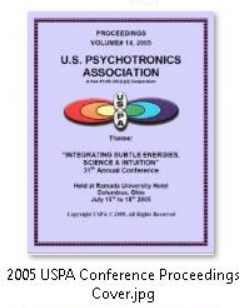

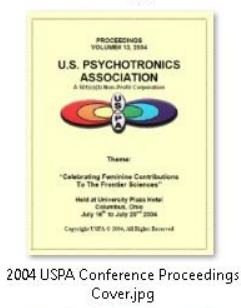

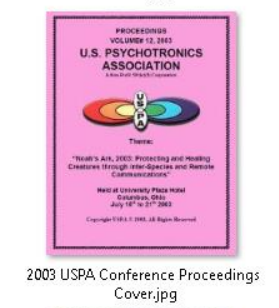

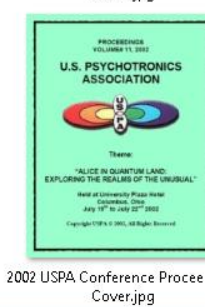

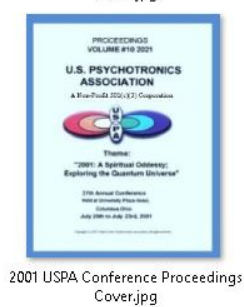

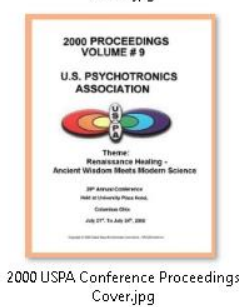

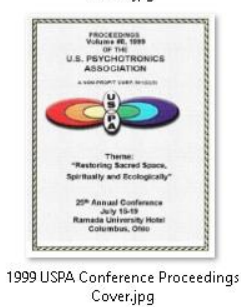

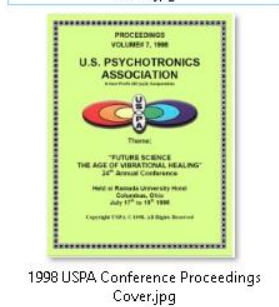

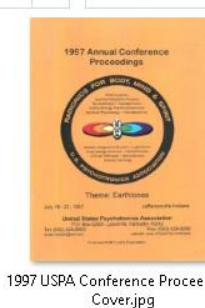

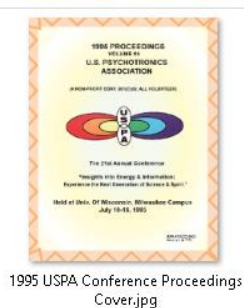

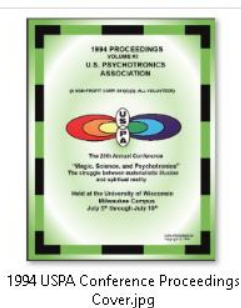

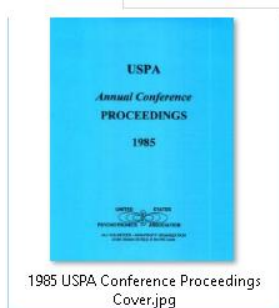

In 1986 the USPA Board decided to have a committee professionally edit submitted papers and print them in smaller groups, hence creating a series of six journals published between November of 1988 and the spring of 1993. Each Journal contains six to ten talks given at US Psychotronics Conferences during its first eighteen years. These Journals represent some of the best written USPA material of that time!

In 1993, with advances in computers and copiers, a change was made to print Annual Conference Proceedings again. Conference attendees could buy a copy right at the conference. At 260-400 pages, they were large spiral-bound hard-copy books!

In 2010 another switch was made and the proceedings were produced on CDs.

The 6 USPA Journals and 18 of our 19 Annual Proceedings can be purchased in pdf format from our webstore at <https://www.psychotronics.org/product-category/uspa-publications-journals-proceedings/> All USPA publications are copyright protected and are property of the USPA. They may not be reprinted without permission of the Board of USPA.

These are photos of the covers of the Proceedings for sale in our Shop.

## Section IX “Members Only” Perk: over 90 presentations for *free* online viewing.

One big advantage to being a member of USPA is the Members Only page of our website.

We have over 90 presentations FREE for viewing by USPA members. If you are not a member yet, you can fix that in just a few minutes at <https://www.psychotronics.org/join/>

The full list is getting unwieldy, so from now on there will be an update list of total offerings and the latest additions. Once a month the full list will be posted in the website Library, as a PDF link

### Updates and Changes to the USPA Website

To anyone who recently experienced problems navigating the USPA website, please accept our apologies. Thank you for your patience while we repaired the glitches!

Changes of Note:

1. **The Shop Menu** no longer has drop downs! When shopping, the process will lead you to your cart and checkout.
2. **JOINING USPA IS NOW EASIER:** The links for Full Time Students / Active Military membership are now click-through. Applicants for these categories of membership are no longer required to download and print the membership application. Just go to the Shop Link on our web page, and choose the blue box “[Memberships.](#)” Choose from: Single-one-year, Three-year, Student, Military or (for a limited time) *Lifetime* membership.
3. **The new [USPA Library](#)** tab is the place to go for Newsletters, new and old, donations of articles, PowerPoint presentations by our Masterclass Speakers, The Toby Grotz Collection, pdf lists of things available in the store, and much more. The backbone of this work is John Reed, USPA's Master Librarian, (former Newsletter Editor and Current Board Member.)
  - a. **John Reed** will be adding out of print, open copyright books to the library for anyone to download. Our first book is [Abrams, Albert. New Concepts in Diagnosis and Treatment Physico-Clinical Medicine, 1916.pdf](#) “Check it out” here or in the library!

## Section XI Editor's Feedback Nook:

### ONE QUESTION AT A TIME

- Would you attend an “in person” conference in 2023? WE REALLY WANT TO KNOW

## Section XII: USPA Conference Recordings – the Digitizing Project:

USPA is still “buried” under a mountain of priceless historical data in the form of **audio cassettes, VHS Cassette Videos and DVD recordings**. What are we going to do with all the originals??

We had a silent auction, one new member bought a copy of EVERY lecture USPA produced

However, we are still offering deals on large quantities of this “hardcopy” media stash. Details have been printed in previous newsletters and can be supplied on request to [gailinvermont@outlook.com](mailto:gailinvermont@outlook.com) or on the website at [AUCTION](#). We have doubles and quadruples of some of them. Let us know what you’d like and we’ll give you a price you can’t refuse! So, if you are interested in any of these items, please let us know. We are considering eBay! We’d rather sell them to you and ship direct than go through the Big E! Contact me [gailinvermont@outlook.com](mailto:gailinvermont@outlook.com) Make us an offer. Help USPA save money. If we can sell enough of this merchandise, we can downsize our storage unit and save more money!

### What is USPA?

The United States Psychotronics Association (USPA) is a federally recognized, nonprofit 501(c)(3) organization founded in 1975 to serve as a focal point for scientific and technical exploration of the universe of esoteric, spiritual, and psychic arts in the United States of America.

The USPA has been hosting annual conferences for its membership since its formation and has featured countless individuals with cutting-edge viewpoints, research, or theories to share, allowing any interested persons to openly discuss their work.

### What is Psychotronics?

USPA defines psychotronics as the science of mind-body-environment relationships, an interdisciplinary science concerned with the interactions of matter, energy, and consciousness.

Psychotronics involves the study, research, and applications of the physics and technology of the mind, brain, spirit, consciousness, and the underlying forces of life and nature – hence the term “psychotronics.” A true understanding of the universe must include the spiritual as well as the technical. USPA provides an opportunity for amateur researchers to present their findings along with the professionals. USPA stresses research, with documentation of results, and practical applications, rather than personal experience and unsupported hypotheses.

## **Section XIV - Our Donors**

### **USPA Generous Donors Recognition Page**

The USPA would like to give special recognition on a continuing basis to people who have made generous donations to the United States Psychotronics Association in past years.

This special “USPA Generous Donors Recognition Page” will be carried in each issue of the USPA Journal & Newsletter, and new names will be added as donations are received.

## Section XVI – J.G. Gallimore’s Five Rare Books Are Now Available!

Jerry G. Gallimore was one of the founders of the USPA in 1975, and was a leading researcher in psychotronics and unusual energies until his untimely death in 1989.

All five of J.G. Gallimore’s rare books on psychotronics subjects and unusual energies have been reprinted by the United States Psychotronics Association (USPA) and are being made available at a fraction of the cost that used copies were being sold at online.

So rare have these books been, that only a few libraries in the entire world had them in their collections, and some original Gallimore’s books were being sold for several hundred dollars each online. However, with these newly reprinted volumes, each will be available for less than \$30.00. All are: [Available at Amazon.com](#)

| <p>This is the second book in the “Unusual Energies” series that J.G. Gallimore published. It covers Gallimore's research on Albert Abrams, the founder of modern radionics, psychological physics, psychic energy, thought resonance, subtle energies, crystals, and related subjects.</p> <p>In addition, a number of radionics devices are discussed, such as the De La Warr Diagnostic Instrument. And very helpfully, the rates are provided for substances, body organs, and medical diseases and disorders. A very interesting interview of Christopher Bird, conducted by J.G. Gallimore is provided, as well as a discussion of Walter Russell and his research</p>                                                                                                            |                                                      |                                                            |              |

This book describes in depth the research and theories of J.G. Gallimore into the question of parapsychology transmission" -the question of how such things as telepathy, remote viewing, ESP, and similar phenomena can physically occur.

He discusses the various emanations, radiations, and energy fields of all matter and life including the ancient Chinese energy called "chi" (qi), the ancient Indian's prana energy, Reichenback's "odic force," Gurwitsch's "mitogenic radiation," Wilhelm Reich's orgone energy, and other subtle energies. He shows how all of these energies are similar, how they interact, and how they are related to gravity.

He also discusses crystals as transducers of these energies, and provides diagrams of devices that could potentially be used to harness or control these energies.

This book covers the visionary research and theories developed by J.G. Gallimore about anti-gravity, space, time, and biophysics.

He discusses in depth the dimensions of space, time, and gravity, and new discoveries in each of these areas. In addition, he covers research being done on anti-gravity and then discusses anti-gravity patents that have been obtained.

He also discusses the intriguing concept of aura energy fields surrounding humans and other living things, and how extra-sensory perception (ESP) might be explained through biophysical principles.

This book is about psychotronics, radionics, electromagnetic fields and waves, psi-plasma, plasma fields, subtle energies, bio-electromagnetic energy, and other unusual energies emitted by living and non-living things. It also is about how living things interact with and are affected by these energies, which may enhance health or harm health.

The book covers the research of Wilhelm Reich on Orgone energy, of Baron Reichenback on the odic forces, as well as research done by Cazzamalli on brain radiations and Lakhovsky on using high frequency radiations to successfully treat cancer in humans. In addition, Lakhovsky used similar methods to enhance the growth of plants. Gallimore shows how these energies, forces, and fields are all inter-related and provides hypotheses and ideas on their possible unification.
