##### About Sky David

Sky has given five great presentations at USPA Conferences!

Sky-David, M.P.T., C.L.T., began his healing career as a physical therapist and molecular biologist. He graduated from U.S.C. in 1977 and interned at Pennsylvania Hospital where Dr. Gilbert Ling, Ph.D. was his mentor. Dr. Gilbert Ling, Ph.D. was the catalyst that led to Sky-David's life long quest for the understanding and practical use of light on human cellular systems.

He has taught life sciences at Harvard, San Francisco State University, and other colleges for over 25 years. In 1989, he trained with Professor Hildegard Wittlinger, in the Dr. Vodder method of Manual Lymphatic Drainage. He has since taught life sciences and lymphatic therapy throughout the United States and Canada. Sky maintains a research, development, and training facility in Carlsbad, CA

**Al's Alternative Energy Reading Corner – The Second Law of Thermodynamics**

### **Al's Alternative Energy Corner**

Hi Readers,

Is there an exception to the second law of thermodynamics? Danial P. Sheehan says yes in his new talk at the Society for Scientific Exploration. Check out this video to see what Sheehan says to back up his belief.  
<https://www.youtube.com/watch?v=WhnIhzTlzd8>

Then, once your investigative juices are flowing, watch Garret Hill and Adam Curry's video, "Cracking the Code on Plasma" as they present a Plasma reactor for lower emissions and benchtop galaxies! "...utilizing plasma (charged particles within a luminous gas) to reform unwanted emissions into neutral constituents, and thereby reduce pollution."

<https://www.youtube.com/watch?v=-DyxF7iFg7M>

**Happy Reading/ Viewing,  
Al Kacperski**

p.s. The Second Law of Thermodynamics states that "in all energy exchanges, if no energy enters or leaves the system, the potential energy of the state will always be less than that of the initial state." This is also called entropy.

## Scott Beutlich shared an article on Vintage Radionic Equipment Vintage Radionic Equipment

March 10, 2017 ~ Radionics spectrocom  
Radionics is about 100 years old, give or take a few years; it's been that long since Dr. Albert Abrams discovered it. Below are photos of some vintage radionic equipment. Probably the two most important modifications to radionics equipment over the past 100 years is the addition of the "stick plate" by Dr. Ruth Drown, and Dr. Hieronymus using capacitors instead of resistors for the radionic instrument dials.

This photo is of the  
"Autoclast" built in 1947 by the  
E.R.A. Electric Company in New  
York City.

## This is an early Pathoclast

“The Pathoclast is an electro-mechanical device that was sold as a radionic apparatus. It was manufactured and sold by Wigglesworth’s Pathometric Laboratories Inc., before eventually being banned by the Food and Drug Administration. Compared to earlier radionic-type devices, the Pathoclast was distinguished by “the use of variable condensers for tuning, and the inclusion of vacuum tubes for amplification.”[1] References ↑ The Radionist (Sept./Oct. 1969), “The History and Development of Radionics, Part VII”, Journal of Borderland Research 25 (5): 16-18

If you bought a Hieronymus radionic Instrument in the 1980's this is what you would receive: An entire system!

**Positive Energy Needed:**

You choose the form – prayer, meditation, laughter, silence, random acts of kindness, the ‘attitude of gratitude,’ yoga, humming, singing or a simple nature walk. As you perform these things keep in mind those in need; share the energy that you ‘create,’ and send it out.

**Clean Farming through Radionics and the Discoveries of T. G. Hieronymus**

The late 1800s saw a revolutionary advancement in technology when Albert Abrams discovered the science of radionics. Radionics is the capacity for diagnosis and treatment of illness through detecting its electromagnetic signature, and then broadcasting it back to the patient through a radionics machine by an experienced practitioner. As the science developed, more applications for it were discovered – including how it could benefit the masses through farming.

One of the greatest contributions to this end came from an American scientist from Kansas City, Missouri. Born in 1895, Thomas Galen Hieronymus, known popularly as T. G. Hieronymus, would go on to create his own patented radionics machine, “for detection of emanations from materials and measurement of the volumes thereof.” In his extensive work, he referred to subtle energy as Eloptic (from a combination of the words electricity and optics), which he thought of as soft particles radiating from any given material.

Hieronimus' work added to the strength and efficacy of prior models of radionics machines. His discoveries added to the strength of radionics machines by adding amplifiers, that resulted in much more powerful equipment. He also discovered that by replacing the resistors in traditional radionics machines with capacitors, he was able to increase the accuracy of radionics readings.

His machine, known as The Hieronimus Device, was initially sold to physicians and chiropractors for use in their health clinics. However, his clientele began to dwindle as the machine would lead to a cure for patients too quickly, and the doctors began to lose business. Another obstacle came when the Food and Drug Administration passed a law stating that anything used to treat human beings had to come in the form of medicine in a bottle.

Changing with the times, a new wide-spread application for the machine was developed; helping farmers overcome pest infestations of their crops. To utilize the device, a photo or photo negative of the affected plants, painted with a chemical signature that has been determined to be toxic to the insects, but safe for the plants, is placed within the machine. The resulting energy signature output would be sufficient to kill off the insects that were infecting the plants while maintaining the health and integrity of the plant itself.

*"Eloptic energy will travel on light. We can take a photo on black and white or polaroid film and use it as the specimen of the plant instead of a leaf from the plant. Aerial photos work very effectively.*

*In this way, we can treat large areas at one time."* T. G Hieronimus

This technique was widely used by farmers in Pennsylvania in the 1950s, as a cleaner, and less expensive alternative to pesticides. In that time, many farmers preferred the use of radionics over the use of pesticides, because it worked – without leaving a toxic chemical residue. The business competition generated by the effectiveness of this radionics method caused a wide-spread anti-radionics campaign and lobbyist effort from the chemical companies in order to discredit this effective modality as "pseudoscience."

Despite the setbacks incurred through the negative efforts of the agricultural chemical companies, T. G. Hieronimus dedicated the latter half of his life to refining and perfecting the application of radionics for the health of crops.

### **The Library Lion: John Reed**

John is hoping a Publications Packrat like him will have what is missing.

John Reed is creating a digital library by scanning every out of print book, series of newsletters and magazine articles that he can lay his hands on relevant to psychotronics, radionics and sister fields. As his database grows, he will share updates via this newsletter and our website. From John:

Among the Missing: User Manuals for Marcel Vogel's Omega 1, 2, 3, 4, and 5 Instruments. In the 1980's and early 1990's, Marcel Vogel produced a series of radionics devices with the name "Omega".

There were at least five models of Omega devices, beginning with Omega-1 in 1987. Each of these devices had a user's manual or instruction sheets, but the USPA Library does not have copies of any of these.

Does anyone have a copy of a user manual or user instruction sheets for any of the Omega models, especially #4 or # 5, or know someone who might have a copy? If so, please write to me, the USPA Librarian and Archivist, John Reed at: joreed43@gmail.com

If you have one of the manuals or instruction sheets, but wish to keep it, please make a Xerox copy, and contact me for an address to ship it. I will send you a label via email.

OR, if you can, pdf scan it, and send it to me via email. If you wish to have your physical copy preserved in the USPA Library, please let me know, so that shipping arrangements can be made. All shipping costs will be paid for by the USPA Librarian.

**“Our Library is Your library!”**

## REWARD ..OFFERED

### Attention bounty hunters!

To help our librarian, John Reed in his quests for missing journals, newsletters, articles and manuals, a **reward of one free audio or video download from the USPS shop** is offered per item captured.

There is no limit on receiving this bounty as many, many items will be added to this list. Your participation in the search is highly participated appreciated!

## Section VIII: USPA Conference Proceedings and Journals are All Digitized and in the Shop!!

### Quick Background of our Proceedings Evolution

Since its first meeting in 1975, hundreds of top scientists, educators and researchers have made presentations at USPAs annual conferences. They are from the leading edges of their fields, especially regarding the phenomena of Mind-Body connection, energy and emerging technologies. The first audio recordings were made in 1978.

Then, in 1985, USPA produced a perfect-bound Proceedings book for its tenth conference. The proceedings went through quite an evolution, much like our audio and video presentations. In 2010 they went through a “final” stage and the proceedings are now produced as pdf documents.

6 USPA Journals and 18 out of 19 Proceedings are now available for purchase.

The 6 USPA Journals and 18 of our 19 Annual Proceedings can be purchased in pdf format

from our webstore at:

### Masterclass Sponsor Drive

One of the biggest projects USPA has undertaken is to create an ongoing series of Free Masterclasses. May 21<sup>st</sup> 2022 will see our 32<sup>nd</sup> Masterclass. (Some were double shows, labeled Part I and Part II.

Initially they were simple interviews or showings of earlier videos. We've advanced now to presenting live Masterclasses, often with Question and Answer time afterwards when our Zoom attendees can interact with the speaker and be part of the presentation.

But the cloth we create these out of is getting thin. The volunteers of USPA are happy to donate their time to bring these programs to you, but actual costs are increasing. Our Zoom membership fee just went up to accommodate more attendees. Our website fees continue to increase with the times and the advertising the site host does for us.

Yes, now we are asking for money. :) BUT – we'd like to do it in a win-win way. If your company sponsors one of our Masterclasses, we'll give you advertising time online (recorded by you if you wish) before the class, mention in our emails and acknowledgement on the sponsor page of our newsletters. Below are the tiers and terms of Sponsorship. If you don't need to use the company benefits, we will still mention you in our presentation and your support will be tax deductible.

If you would like to Sponsor one or more of our Masterclasses, please contact Scott Beutlich, our Secretary/Treasurer at [uspsychotronics@yahoo.com](mailto:uspsychotronics@yahoo.com) **Details on the next page**

#### **What is USPA?**

The United States Psychotronics Association (USPA) is a federally recognized, nonprofit 501(c)(3) organization founded in 1975 to serve as a focal point for scientific and technical exploration of the universe of esoteric, spiritual, and psychic arts in the United States of America.

The USPA has been hosting annual conferences for its membership since its formation and has featured countless individuals with cutting-edge viewpoints, research, or theories to share, allowing any interested persons to openly discuss their work.

#### **What is Psychotronics?**

USPA defines psychotronics as the science of mind-body-environment relationships, an interdisciplinary science concerned with the interactions of matter, energy, and consciousness.

Psychotronics involves the study, research, and applications of the physics and technology of the mind, brain, spirit, consciousness, and the underlying forces of life and nature – hence the term “psychotronics.” A true understanding of the universe must include the spiritual as well as the technical. USPA provides an opportunity for amateur researchers to present their findings along with the professionals. USPA stresses research, with documentation of results, and practical applications, rather than personal experience and unsupported hypotheses.

## Section XVI – J.G. Gallimore’s Five Rare Books Are Now Available!

Jerry G. Gallimore was one of the founders of the USPA in 1975, and was a leading researcher in psychotronics and unusual energies until his untimely death in 1989.

All five of J.G. Gallimore’s rare books on psychotronics subjects and unusual energies have been reprinted by the United States Psychotronics Association (USPA) and are being made available at a fraction of the cost that used copies were being sold at online.

So rare have these books been, that only a few libraries in the entire world had them in their collections, and some original Gallimore’s books were being sold for several hundred dollars each online. However, with these newly reprinted volumes, each will be available for less than \$30.00. All are: [Available at Amazon.com](https://www.amazon.com)

<b>The Handbook of Unusual Energies: Volume 1 of Handbook of Unusual Energies</b>	ISBN-10: 1543024998 ISBN-13: 978-1543024999	The first book of three volumes on unusual energies	468 Pages
<p>Gallimore discusses in depth the research, discoveries, and inventions of all the major researchers in subtle energies, the aether, biological 62 fields, pyramid energy, radiesthesia, radionics, crystal transduction, and related subjects.</p> <p>These include the works of Baron Von Reichenbach's and his odic energy, Dr. Wilhelm Reich's orgone energy, Dr. Harold Burr's biological life fields, Kozyrev's time mirror, Edgar Cayce's transmission of energy, and related research done by many others.</p> <p>Of particular importance is Gallimore's 127 page chapter on radionics. In this chapter he discusses in depth the research and devices of Ruth Drown, T. Galen Hieronymus, Rho Sigma, Dr. L. P. Corte and other prominent people in the radionics field.</p>			
<b>Collected Properties &amp; Writings of J. G. Gallimore: Volume 2</b>	ISBN-10: 1543025048 ISBN-13: 978-1543025040	The second book of three volumes on unusual energies	258 Pages
<p>This is the second book in the “Unusual Energies” series that J.G. Gallimore published. It covers Gallimore’s research on Albert Abrams, the founder of modern radionics, psychological physics, psychic energy, thought resonance, subtle energies, crystals, and related subjects.</p> <p>In addition, a number of radionics devices are discussed, such as the De La Warr Diagnostic Instrument. And very helpfully, the rates are provided for substances, body organs, and medical diseases and disorders. I very interesting interview of Christopher Bird, conducted by J.G. Gallimore is provided, as well as a discussion of Walter Russell and his research</p>			
<b>Relationship Between Parapsychology and Gravity: Volume 3</b>	ISBN-10: 1543024947 ISBN-13: 978-1543024944	The third book of three volumes on unusual energies	228 Pages
<p>This book describes in depth the research and theories of J.G. Gallimore into the question of parapsychology transmission" -the question of how such things as telepathy, remote viewing, ESP, and similar phenomena can physically occur.</p> <p>He discusses the various emanations, radiations, and energy fields of all matter and life including the ancient Chinese energy called "chi" (qi), the ancient Indian's prana energy, Reichenbach's "odc force," Gurwitsch's "mitogenic radiation," Wilhelm Reich's orgone energy, and other subtle energies. He shows how all of these energies are similar, how they interact, and how they are related to gravity.</p> <p>He also discusses crystals as transducers of these energies, and provides diagrams of devices that</p>			

could potentially be used to harness or control these energies.

**Transverse Paraphysics: The New Science of Space, Time, and Gravity Control**

ISBN-10:  
1543024920  
ISBN-13:  
978-1543024920

374  
Pages

This book covers the visionary research and theories developed by J.G. Gallimore about anti-gravity, space, time, and biophysics.

He discusses in depth the dimensions of space, time, and gravity, and new discoveries in each of these areas. In addition, he covers research being done on anti-gravity and then discusses anti-gravity patents that have been obtained.

He also discusses the intriguing concept of aura energy fields surrounding humans and other living things, and how extra-sensory perception (ESP) might be explained through biophysical principles.

**Unified Field Theory Research Book: Using Subjective Response to Psi-Plasma for Analysis of Properties Neutral Charge Plasma Fields**

ISBN-10:  
1543024831  
ISBN-13:  
978-1543024838

134  
Pages

This book is about psychotronics, radionics, electromagnetic fields and waves, psi-plasma, plasma fields, subtle energies, bio-electromagnetic energy, and other unusual energies emitted by living and non-living things. It also is about how living things interact with and are affected by these energies, which may enhance health or harm health.

The book covers the research of Wilhelm Reich on Orgone energy, of Baron Reichenback on the odic forces, as well as research done by Cazzamalli on brain radiations and Lakhovsky on using high frequency radiations to successfully treat cancer in humans. In addition, Lakhovsky used similar methods to enhance the growth of plants. Gallimore shows how these energies, forces, and fields are all inter-related and provides hypotheses and ideas on their possible unification.
