USPA free Masterclasses started in 2019!

Section I - What's Happening SOON:

Saturday, July 15, 2023, 1:00 pm CT Ellen Kamhi will present the 44th free USPA Masterclass, "Crystallization Patterns- Key to the interaction between Energetic Essence and Biological Systems"

Ellen's Presentation: Energy emanations influence the formation of reality. The 'law of attraction' holds that images formed by the mind, or created through other mechanisms, influence the flow of energy as it revolves in a spiral action, descending from the higher realms into experiential reality.

Lets explore how crystallization patterns relate to Herbalism and Natural Healing. Examples include Yantras, Electronic Diagnostic Patterns, Dr. Emoto- Water Crystallization, and Herbal Crystallization Diagnostic Patterns.

About Ellen Kamhi: Ellen Kamhi, PhD, RN, AHN-BC, RH(AHG), *The Natural Nurse®* has been a wild crafting herbalist since 1964. Dr. Kamhi attended Rutgers and Cornell Universities, sat on the Panel of Traditional Medicine at Columbia Presbyterian Medical School, is a Medical School Instructor , and teaches Botanical Pharmacology. She is a leader in the nutraceutical industry, recognized as a consultant specializing in regulatory issues, formulation and product education.

From Tom Valone on Steve Elswick and his upcoming Extraordinary Technology Conference:

Tom wrote, “Steve Elswick is like other one-man humanitarian dynamos that I know (Steve Bassett, Linda Moulton Howe, James Dunn, Norm Shealy, and the late Bill Tiller, Andrija Puharich, Paul LaViolette, Elizabeth Rauscher, Guy Obolensky, Bob Beck, etc.), who have given their all to educate as many as possible but generally gained no measurable revenue from their efforts.

Every year Steve Elswick performs a miracle, barely breaking even with his conference, living on social security. And yet, he manages to present another each year. This year’s Extraordinary Technology conference is August 9-13th. I think you’d have a great time and learn a lot if you attend.

I’m in touch with Steve Elswick often and sometimes publish articles in his *ExtraOrdinary Technology* magazine. Right now, his conference of the same name is set for August and the conference booklet looks great with lots of speakers on good topics of interest to a wide range of people.”

[Ed note: Steve’s exhibitor and attendee rosters are both open and you can see the flyer for his conference at. <https://www.teslatech.info/ttevents/2023conf/2023ETCWEB.pdf> Hint, the application to attend is hidden on page 15 of the brochure!]

The 41st Annual Conference of the Society for Scientific Exploration (501(c) (3)) is gearing up.

Here is some information, more at: <https://www.scientificexploration.org/about>

- The 41st annual in-person SSE Conference will be July 23 - 26, 2023, at the Indiana Memorial Union on the Indiana University-Bloomington main campus in Bloomington, Indiana.
- Online Conference Encore | October 20-22, 2023 – Currently conducting call for Papers!

Section IV - In Case You Missed This:

On May 24, 2023 Kathy Forti presented Masterclass #43 “Applying Mathematical Algorithms for Healing”

Applying Mathematical Algorithms for Healing

After experiencing a near death experience in 2003, clinical psychologist Kathy J. Forti, came back with a new-found knowledge of the mathematical coding encompassed within the cellular structure of the human body.

Over a five-year period, she assembled this information into software-based technology which incorporates the science of fractals, mathematical algorithms, specific sound frequencies, and the use of quartz crystal rod transmission. Several research studies carried out by independent labs demonstrated positive healing benefits could be gained using this mode both in-person and remotely.

About Kathy Forti PhD, Psychologist, Author, Inventor

Dr. Forti is a clinical psychologist with over 30 years of experience in the mental health field working with individuals and families from all cultures and backgrounds. As a direct result of her near-death experience in 2003, Dr. Forti brought back information which led to the development of the Trinfinity8 and Ascension11 energetic healing software systems. These alternative tools help address the underlying energetics behind the spiritual, emotional, physical and mental health challenges faced by individuals.

The recording of these masterclasses – and ALL of the other Masterclasses - can be viewed **free of charge by members** on the USPA website, in the members’ tab <https://www.psychotronics.org/>

Kasperski's Corner – the life and inventions of Joseph Westley Newman

Al's Alternative Energy Corner [And other Cool Topics]

Hi all,

I want to recommend the documentary "Newman" about the life and inventions of Joseph Westley Newman (July 2, 1936 – March 6, 2015). You can get it on Amazon. He was extremely dedicated to bringing cheap clean energy to the world. He failed to do so and this is clearly shown in the film. It is also clearly shown that it really worked. It has a rather shocking, sad ending.

The invention itself was a motor. Unlike conventional motors that wrap wire coils around steel, this motor had a permanent magnet rotor and a very, very large copper coil around it. He found the textbook equation for the force on a current carrying conductor in a uniform magnetic field. It is $F=IL \times B$. F is the force between magnet and wire. I is the current in the wire. L is the length of the wire. B is the flux density of the magnet. The x is a symbol for cross product. More info can be found here- <http://hyperphysics.phy-astr.gsu.edu/hbase/magnetic/magfor.html#c1>

Newman realized that if the coil was long enough, the motor would be very efficient. Engineers and physicists disagreed. So Newman invited many of them to come over and measure the performance themselves. They all scratched their heads because it seemed that Newman's claims were true. So get the movie and watch it. You will learn a lot!

Happy Viewing,
Al Kasperski

From Nora Ruebrook – Response to May Newsletter Article about Plants

[In our May Newsletter, Scott Beutlich Suggested a Link to the New York Times Article, “The Intelligent Plant” – Reference to the Tompkins / Bird book, *Secret Life of Plant*, that was published in the New Yorker print edition of the December 23 & 30, 2013, issue, and published online at <https://www.newyorker.com/magazine/2013/12/23/the-intelligent-plant>]

Nora wrote: Scott- good to see the article on plants and trees in the newsletter this morning!

Just sharing- it actually was the plant research done in the late 1880's electric currents that was licensed to LR Hubbard who then also did plant experiments which were the all the rage then and from there LR Hubbard created the first form of what became the 'Auditing device' used in Scientology – which the Gov then turned into the Polygraph we know today.

(So, perhaps that would explain what the book Secret Life of Plants appears to have been discredited- just saying) The same device is used today if someone has a polygraph.

Actually, the first Scientology I met in Clearwater I asked about the work Hubbard did in this field and they were unaware of his work in this area ... within 48 hours they followed up with me and had located a book on Hubbard's work – a few weeks later I stopped by and they gave me a copy of the book as a gift...(I think they locate a copy with in their system and had it sent to the Clearwater location for me.

For your notes: Stephanie who now runs the Drug Free World in Clearwater is the person who I asked about Hubbard's work about 6 years ago. I am not a member of their organization – they really do have some good programs. Samuel who runs their CCHR group on the same block as the Drug Free World where you see similar looking equipment used in Radionics from years ago ... they have an exhibit at CCHR showing a different side of equipment and end purpose uses.

By the way the Clearwater location which is a Headquarters for the organization is really a International community. I am trying to encourage some studies studying Psych at Universities to go and see the exhibits so, they can see the roots of the field they are studying since, and there is an exhibit in Clearwater. ...

**Also in many airports plants have been trained and are used to detect chemicals etc. so, as people walk through the airports the plants electrical charge is picked up by sensors which send it to a server who notifies security when certain things are detected – this had been going on for over 25-30 years already.

The Denver airport was the first official airport that uses the system ...Israel airports also use the system. So, next airport you go through and see plants say hello ☺

Quick Background of our Proceedings Evolution.

Since its first meeting in 1975, hundreds of top scientists, educators and researchers have made presentations at USPAs annual conferences. They are from the leading edges of their fields, especially regarding the phenomena of Mind-Body connection, energy and emerging technologies. The first audio recordings were made in 1978.

Then, in 1985, USPA produced a perfect-bound Proceedings book for its tenth conference. The proceedings went through quite an evolution, much like our audio and video presentations. In 2010 they went through a “final” stage and the proceedings are now produced as pdf documents.

The 6 USPA Journals ALL 19 OF OUR Annual Proceedings can be purchased in pdf format from our webstore at: <https://www.psychotronics.org/product-category/uspa-publications-journals-proceedings/>

All USPA publications are copyright protected and are property of the USPA. They may not be reprinted without permission of the Board of USPA.

What is USPA?

The United States Psychotronics Association (USPA) is a federally recognized, nonprofit 501(c)(3) organization founded in 1975 to serve as a focal point for scientific and technical exploration of the universe of esoteric, spiritual, and psychic arts in the United States of America.

The USPA has been hosting annual conferences for its membership since its formation and has featured countless individuals with cutting-edge viewpoints, research, or theories to share, allowing any interested persons to openly discuss their work.

What is Psychotronics?

USPA defines psychotronics as the science of mind-body-environment relationships, an interdisciplinary science concerned with the interactions of matter, energy, and consciousness.

Psychotronics involves the study, research, and applications of the physics and technology of the mind, brain, spirit, consciousness, and the underlying forces of life and nature – hence the term “psychotronics.” A true understanding of the universe must include the spiritual as well as the technical. USPA provides an opportunity for amateur researchers to present their findings along with the professionals. USPA stresses research, with documentation of results, and practical applications, rather than personal experience and unsupported hypotheses

Section XII - USPA Generous Donors Recognition Page

The USPA would like to give special recognition on a continuing basis to people who have made generous donations to the United States Psychotronics Association in past years.

This special "USPA Generous Donors Recognition Page" will be carried in each issue of the USPA Journal & Newsletter, and new names will be added as donations are received.

Section XIV – J.G. Gallimore’s Five Rare Books Are Now Available!

Jerry G. Gallimore was one of the founders of the USPA in 1975, and was a leading researcher in psychotronics and unusual energies until his untimely death in 1989.

All five of J.G. Gallimore’s rare books on psychotronics subjects and unusual energies have been reprinted by the United States Psychotronics Association (USPA) and are being made available at a fraction of the cost that used copies were being sold at online.

So rare have these books been, that only a few libraries in the entire world had them in their collections, and some original Gallimore’s books were being sold for several hundred dollars each online. However, with these newly reprinted volumes, each will be available for less than \$30.00. All are: [Available at Amazon.com](https://www.amazon.com)

The Handbook of Unusual Energies: Volume 1 of Handbook of Unusual Energies	ISBN-10: 1543024998 ISBN-13: 978-1543024999	The first book of three volumes on unusual energies	468 Pages
<p>Gallimore discusses in depth the research, discoveries, and inventions of all the major researchers in subtle energies, the aether, biological 62 fields, pyramid energy, radiesthesia, radionics, crystal transduction, and related subjects.</p> <p>These include the works of Baron Von Reichenbach's and his odic energy, Dr. Wilhelm Reich's orgone energy, Dr. Harold Burr's biological life fields, Kozyrev's time mirror, Edgar Cayce's transmission of energy, and related research done by many others.</p> <p>Of particular importance is Gallimore's 127 page chapter on radionics. In this chapter he discusses in depth the research and devices of Ruth Drown, T. Galen Hieronymus, Rho Sigma, Dr. L. P. Corte and other prominent people in the radionics field.</p>			
Collected Properties & Writings of J. G. Gallimore: Volume 2	ISBN-10: 1543025048 ISBN-13: 978-1543025040	The second book of three volumes on unusual energies	258 Pages
<p>This is the second book in the “Unusual Energies” series that J.G. Gallimore published. It covers Gallimore’s research on Albert Abrams, the founder of modern radionics, psychological physics, psychic energy, thought resonance, subtle energies, crystals, and related subjects.</p> <p>In addition, a number of radionics devices are discussed, such as the De La Warr Diagnostic Instrument. And very helpfully, the rates are provided for substances, body organs, and medical diseases and disorders. I very interesting interview of Christopher Bird, conducted by J.G. Gallimore is provided, as well as a discussion of Walter Russell and his research</p>			
Relationship Between Parapsychology and Gravity: Volume 3	ISBN-10: 1543024947 ISBN-13: 978-1543024944	The third book of three volumes on unusual energies	228 Pages
<p>This book describes in depth the research and theories of J.G. Gallimore into the question of parapsychology transmission" -the question of how such things as telepathy, remote viewing, ESP, and similar phenomena can physically occur.</p> <p>He discusses the various emanations, radiations, and energy fields of all matter and life including the ancient Chinese energy called "chi" (qi), the ancient Indian's prana energy, Reichenbach's "odic force," Gurwitsch's "mitogenic radiation," Wilhelm Reich's orgone energy, and other subtle energies. He shows how all of these energies are similar, how they interact, and how they are related to gravity.</p> <p>He also discusses crystals as transducers of these energies, and provides diagrams of devices that</p>			

could potentially be used to harness or control these energies.

Pages

This book covers the visionary research and theories developed by J.G. Gallimore about anti-gravity, space, time, and biophysics. He discusses in depth the dimensions of space, time, and gravity, and new discoveries in each of these areas. In addition, he covers research being done on anti-gravity and then discusses anti-gravity patents that have been obtained.

He also discusses the intriguing concept of aura energy fields surrounding humans and other living things, and how extra-sensory perception (ESP) might be explained through biophysical principles.

Unified Field Theory Research Book: Using Subjective Response to Psi-Plasma for Analysis of Properties Neutral Charge Plasma Fields

ISBN-10:
1543024831
ISBN-13:
978-1543024838

134
Pages

This book is about psychotronics, radionics, electromagnetic fields and waves, psi-plasma, plasma fields, subtle energies, bio-electromagnetic energy, and other unusual energies emitted by living and non-living things. It also is about how living things interact with and are affected by these energies, which may enhance health or harm health.

The book covers the research of Wilhelm Reich on Orgone energy, of Baron Reichenback on the odic forces, as well as research done by Cazzamalli on brain radiations and Lakhovsky on using high frequency radiations to successfully treat cancer in humans. In addition, Lakhovsky used similar methods to enhance the growth of plants. Gallimore shows how these energies, forces, and fields are all inter-related and provides hypotheses and ideas on their possible unification.
